

THE AMAZING SIXES SOLAR-POWERED PUMPKIN PEOPLE

CUT-OUT PUMPKIN PUZZLE PAK BOOK—COLOR BY NUMBERS EDITION

STEP 1 – PRINT OUT PUZZLE PAK SHEETS.

STEP 2 – COLOR AND ASSEMBLE.

CUT-OUT PUMPKIN PUZZLE PAK BOOK – COLOR BY NUMBERS EDITION

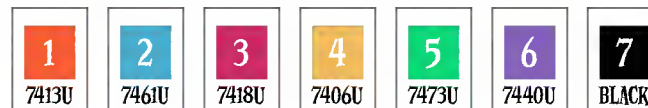

ABOUT THIS BOOK: The Pumpkin Puzzle Pak Book began as an arts and crafts project with my son. We made pumpkin faces out of construction paper and digitized each one for posterity by photographing them with a Canon EOS D60 and painstakingly tracing and calibrating each one using Adobe Illustrator and the Pantone Color Matching System. Once that process was complete, we realized that we could reassemble each one by creating puzzle paks, and that the puzzles become exponentially more challenging with each pak that you add to the mix.

YOU WILL NEED:

STEP 3 – VOILÀ! INSTANT ART. >>

- One printed copy of each puzzle pak you want to use
- Crayons, paint, markers or construction paper closely matching the seven colors used in the original pumpkins*:

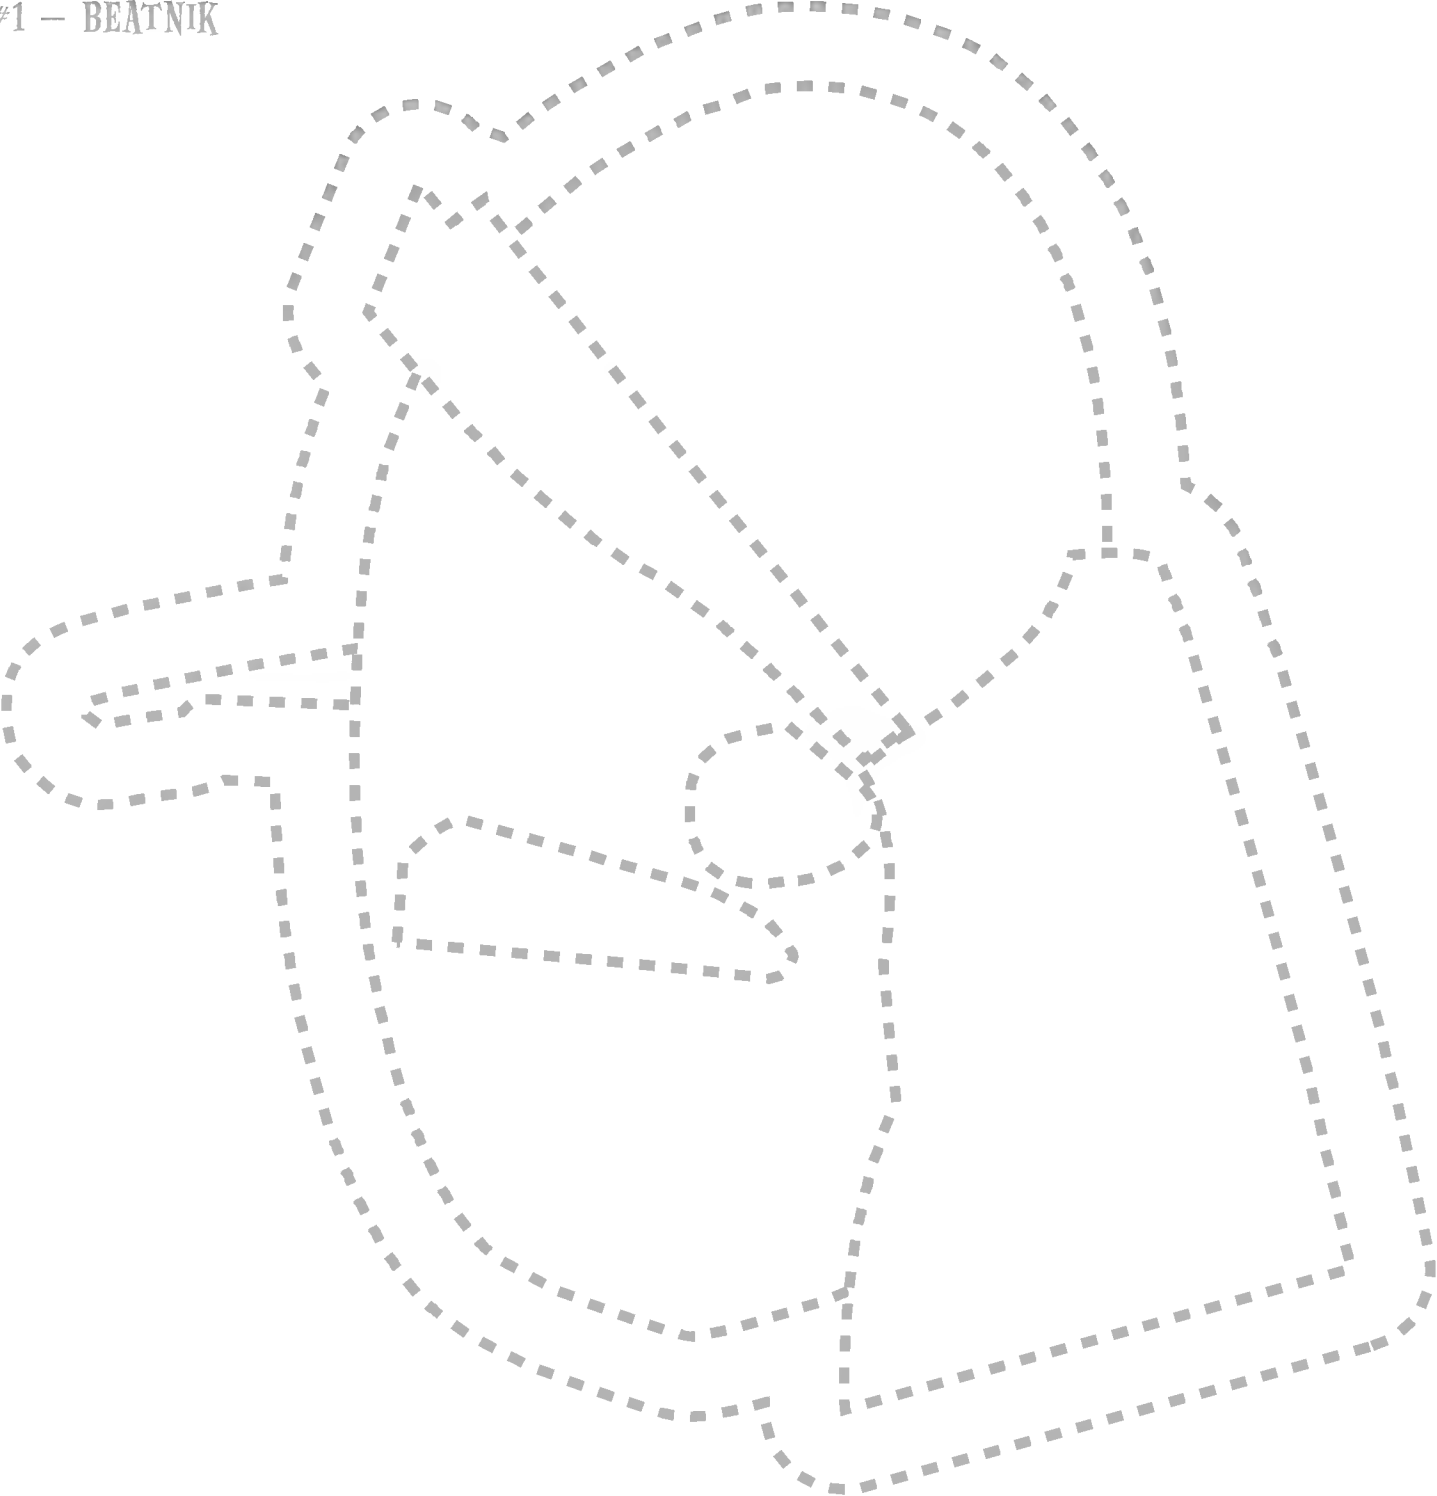

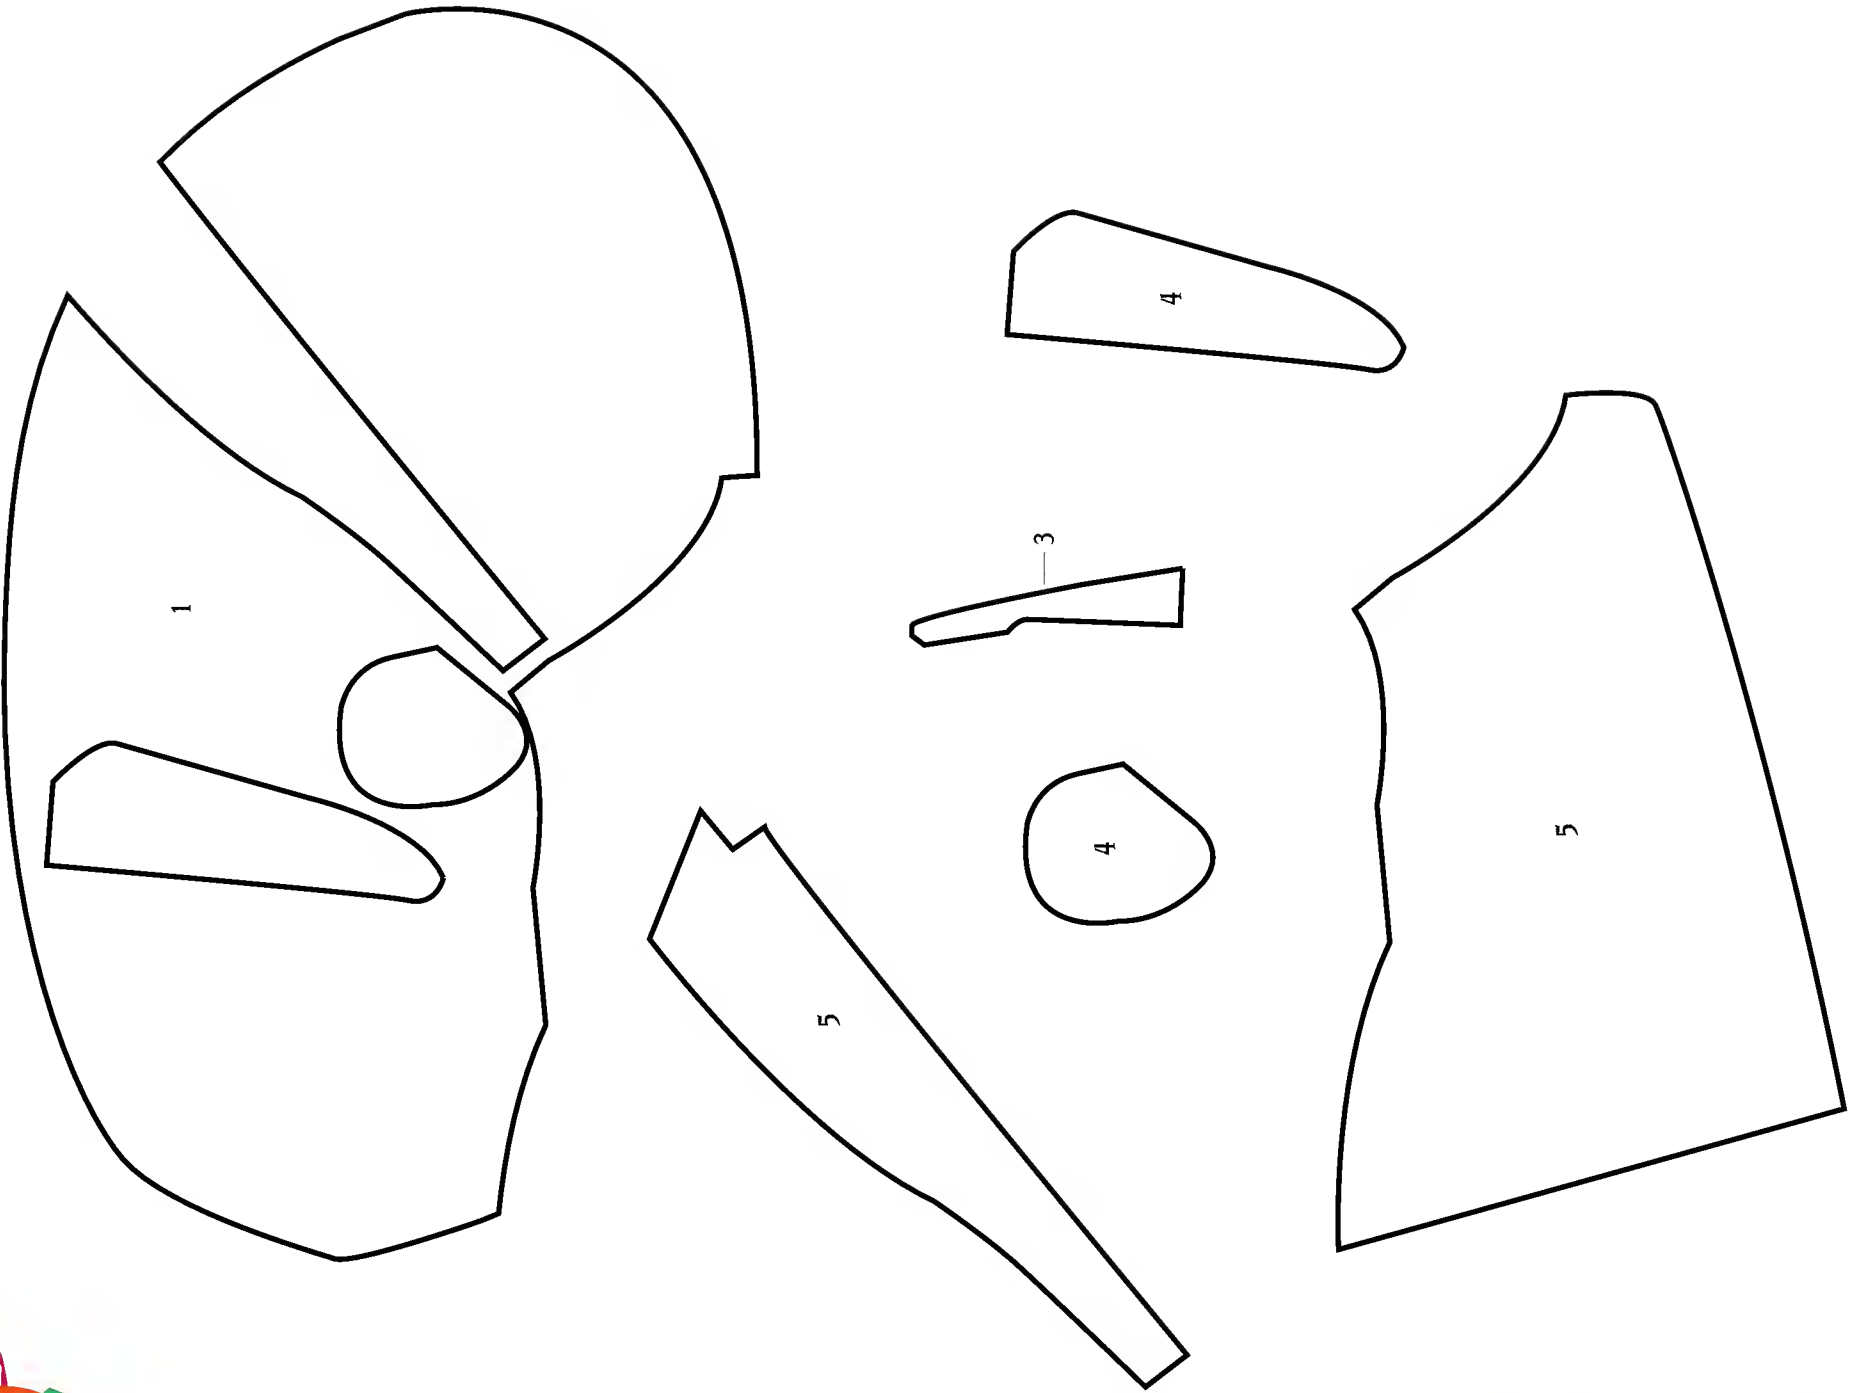

- One pair of scissors
- One bottle of kid-safe glue or glue stick.
- One roll of tape (for hanging up your finished creations!)

Print the desired puzzle paks to your printer (puzzle and template sheet). If you are using construction paper, use the puzzle sheet as a cutting template for the sheets. Otherwise, color or paint directly onto the puzzle sheets using the Pantone numbers as a guide. Once you have a cut-out of each of the puzzle pak sheets you want to work with, mix the pieces of the puzzle sheets together to make the project more challenging. Match up each of the pieces to their space on the template sheets and glue into place.

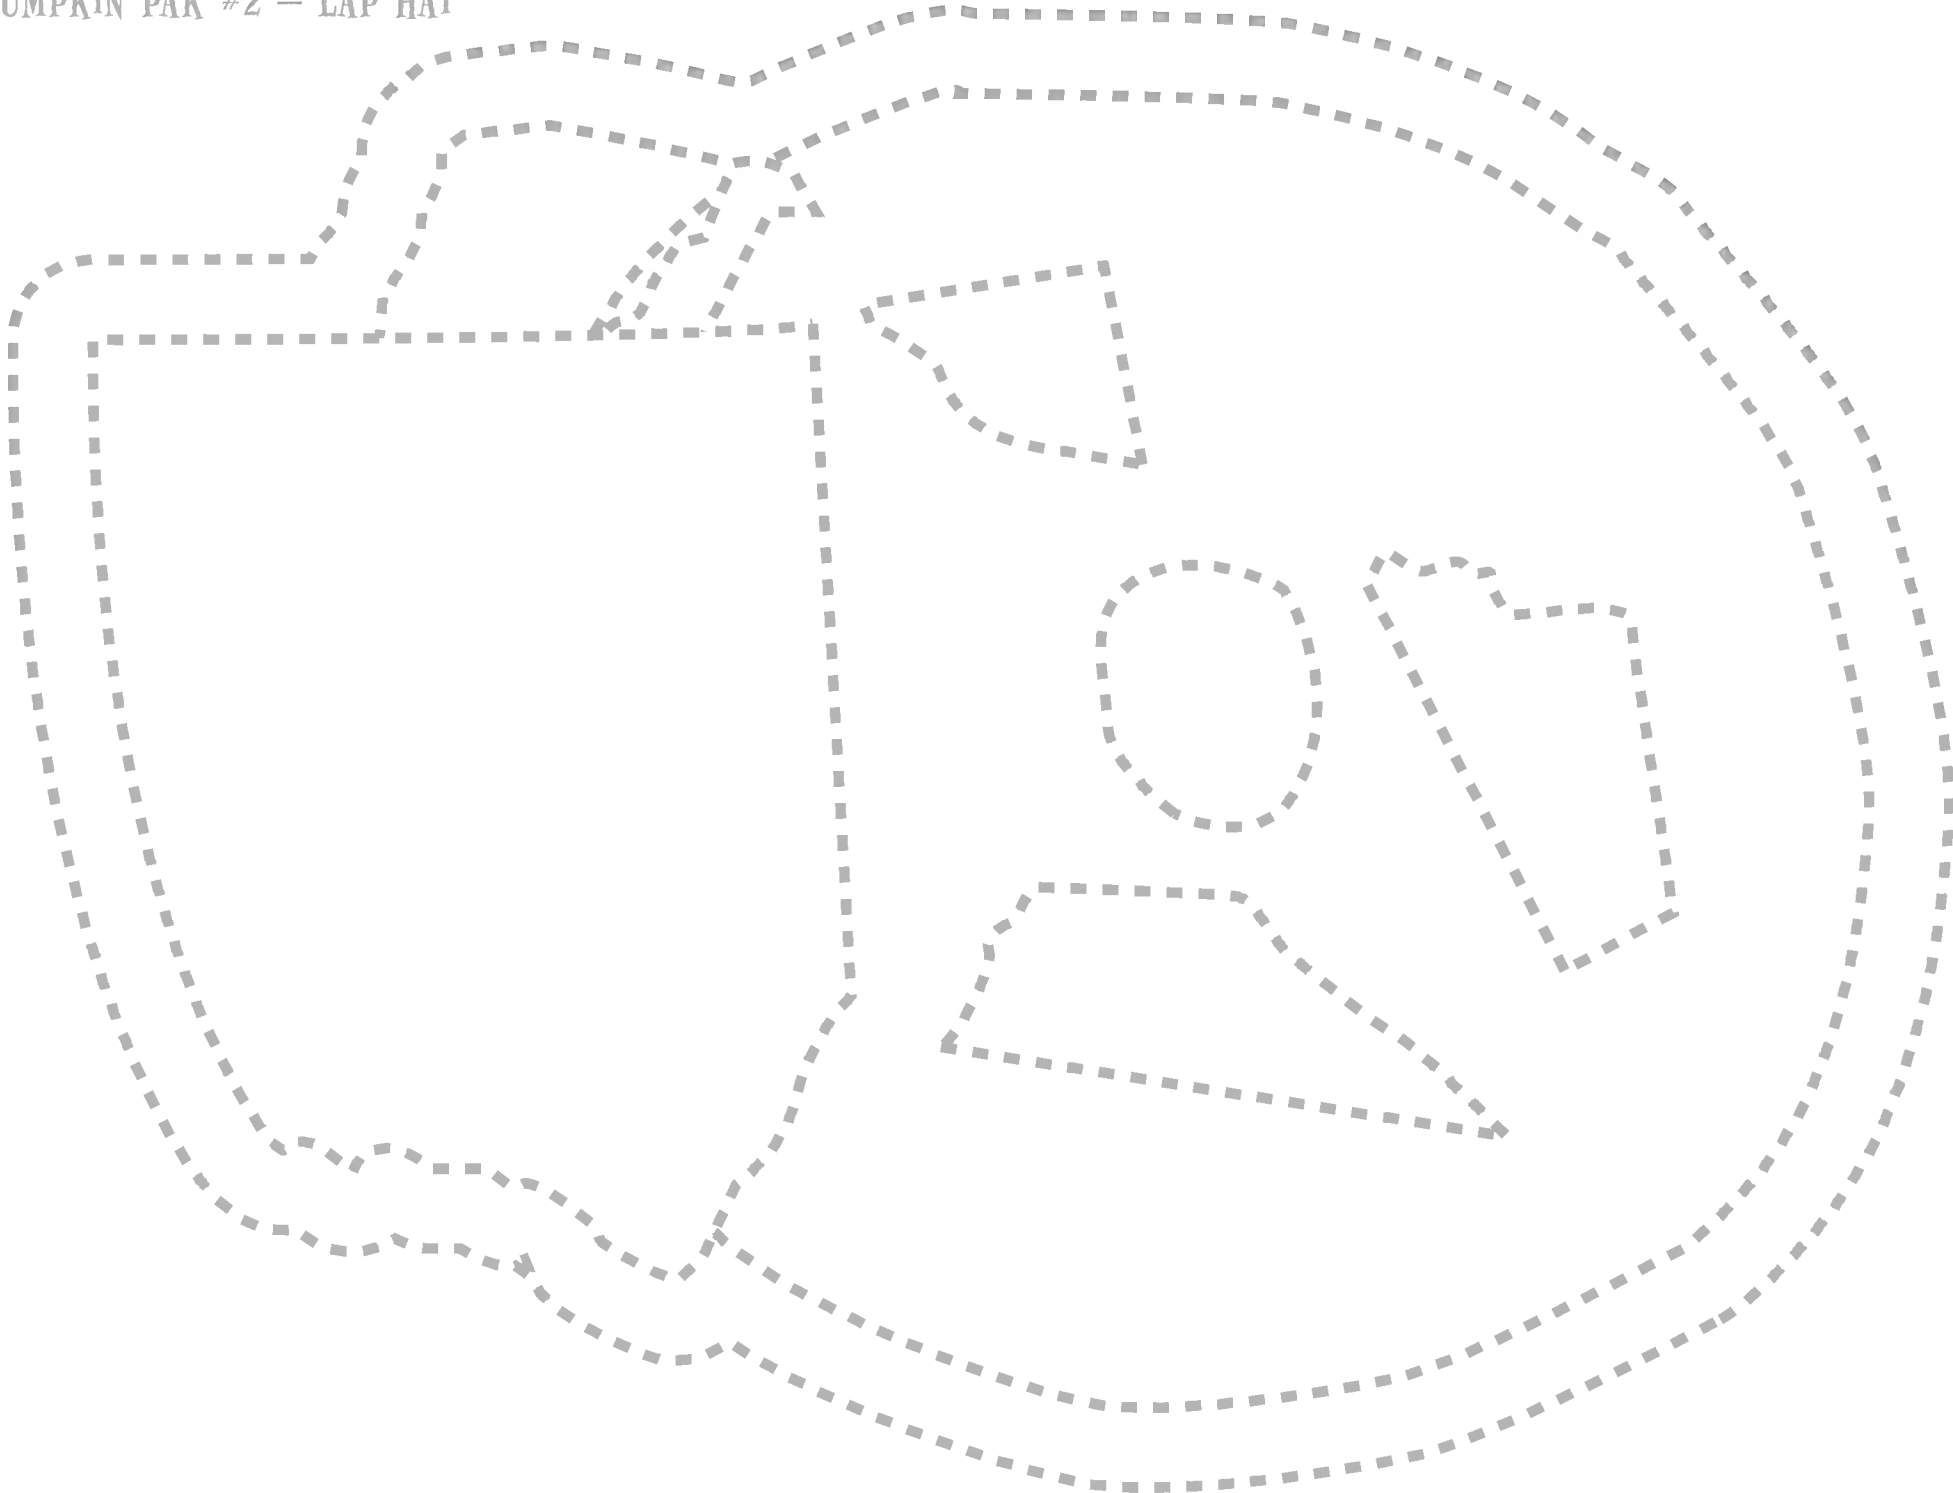

*Pantone color selections were based on standard construction paper sheets used in the original pumpkin designs. However, based on the selection available at your local arts and crafts store, YMMV (your mileage may vary).

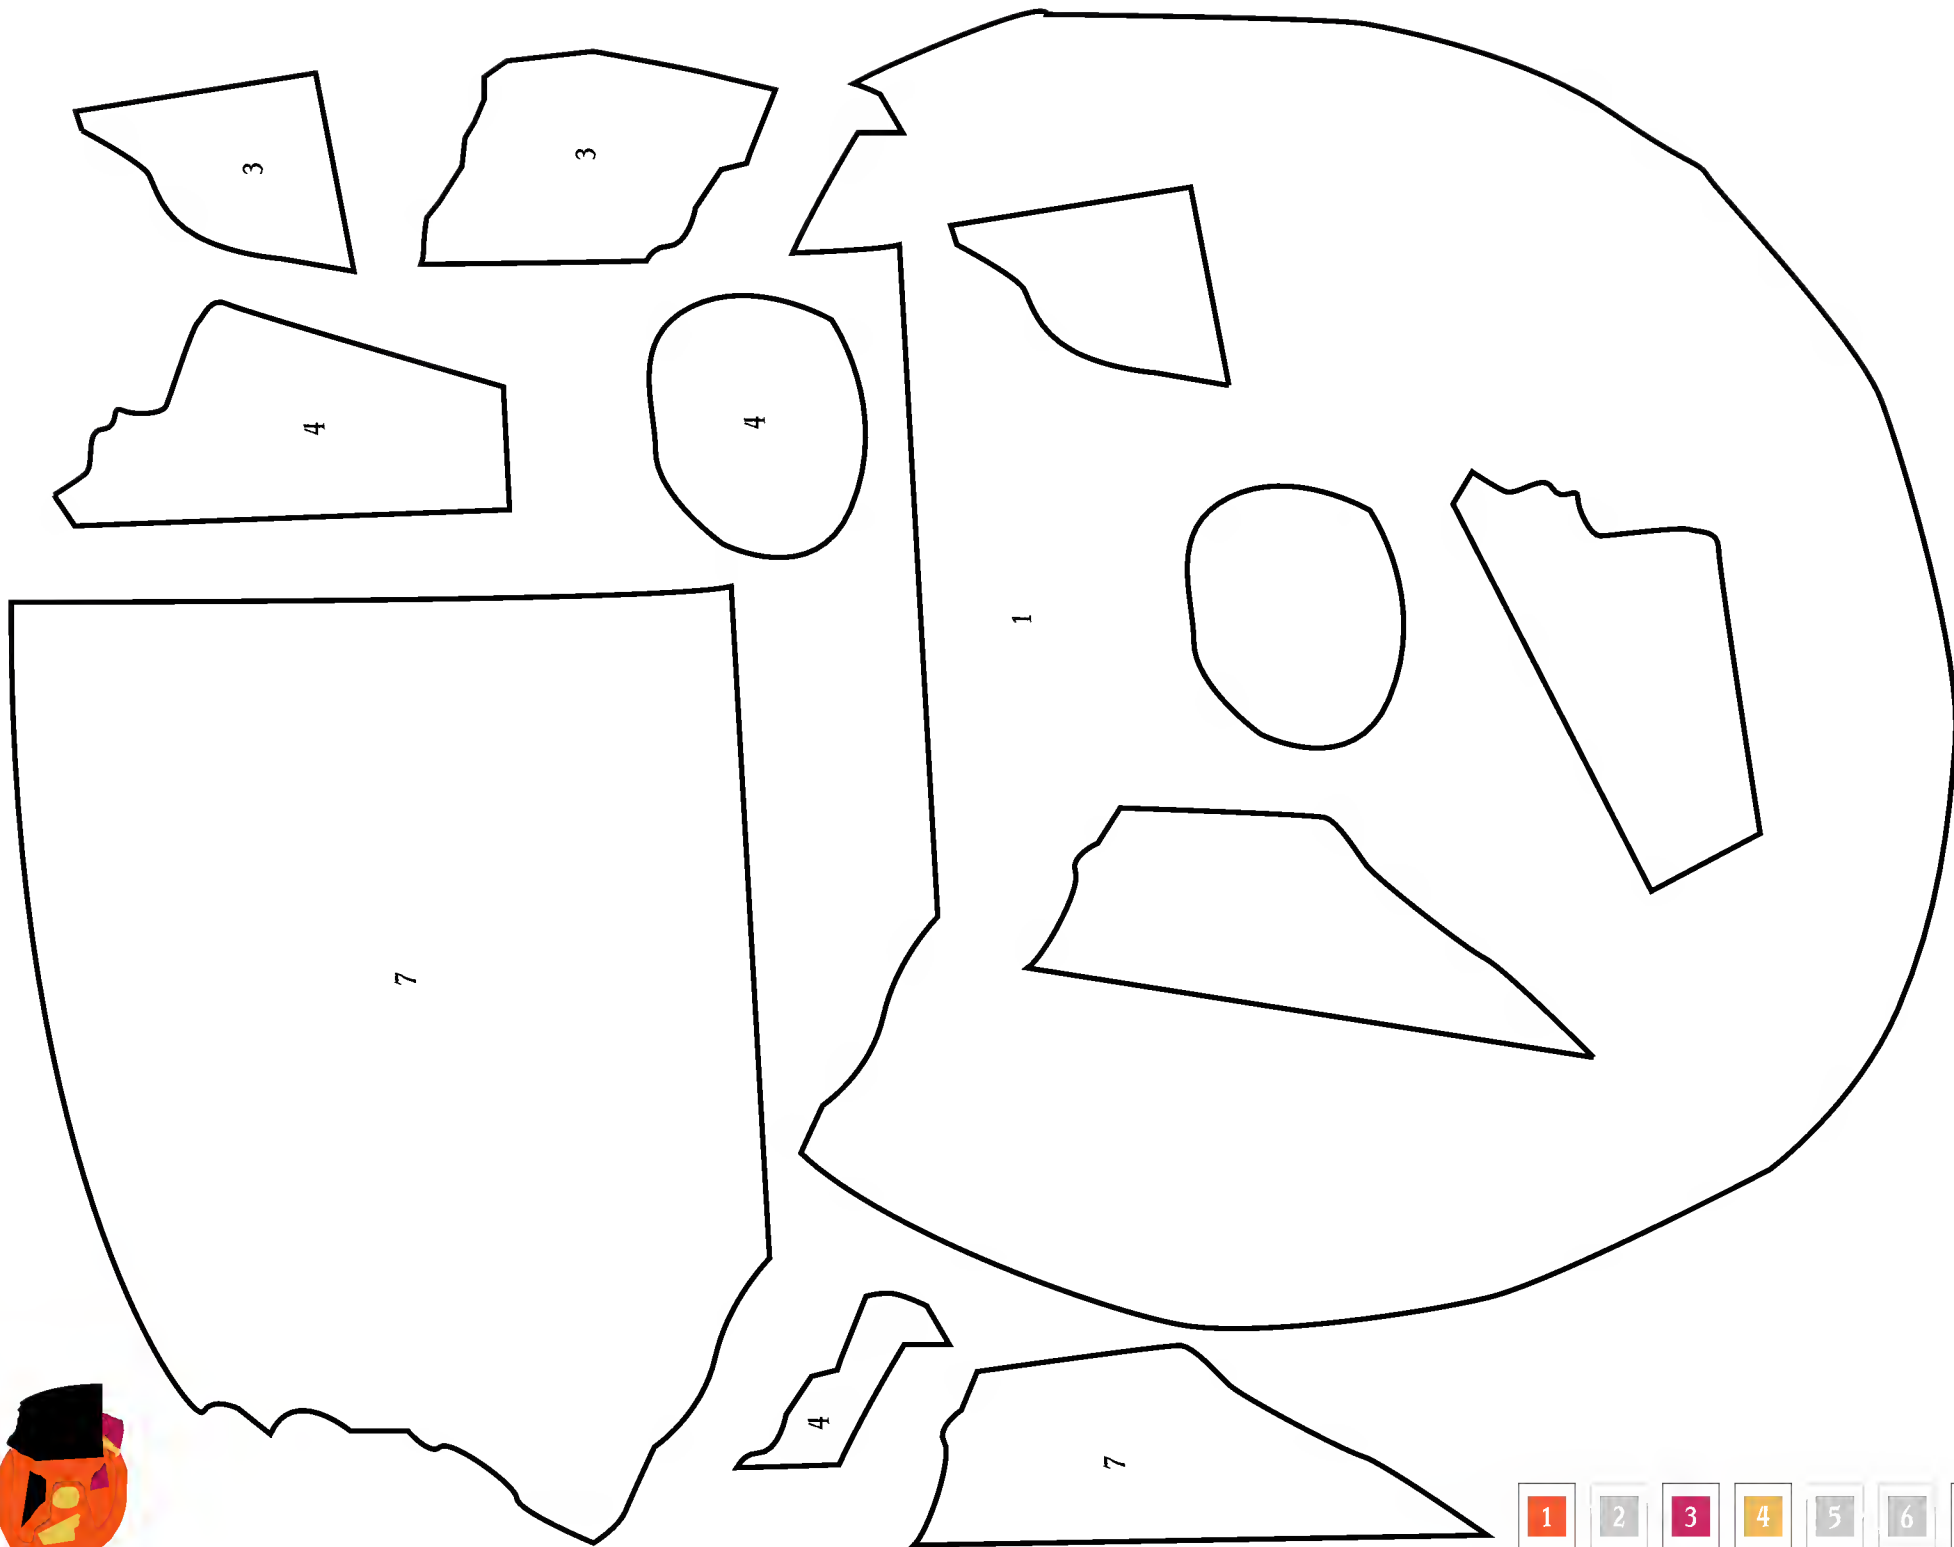

PUMPKIN PAK #1 — BEATNIK

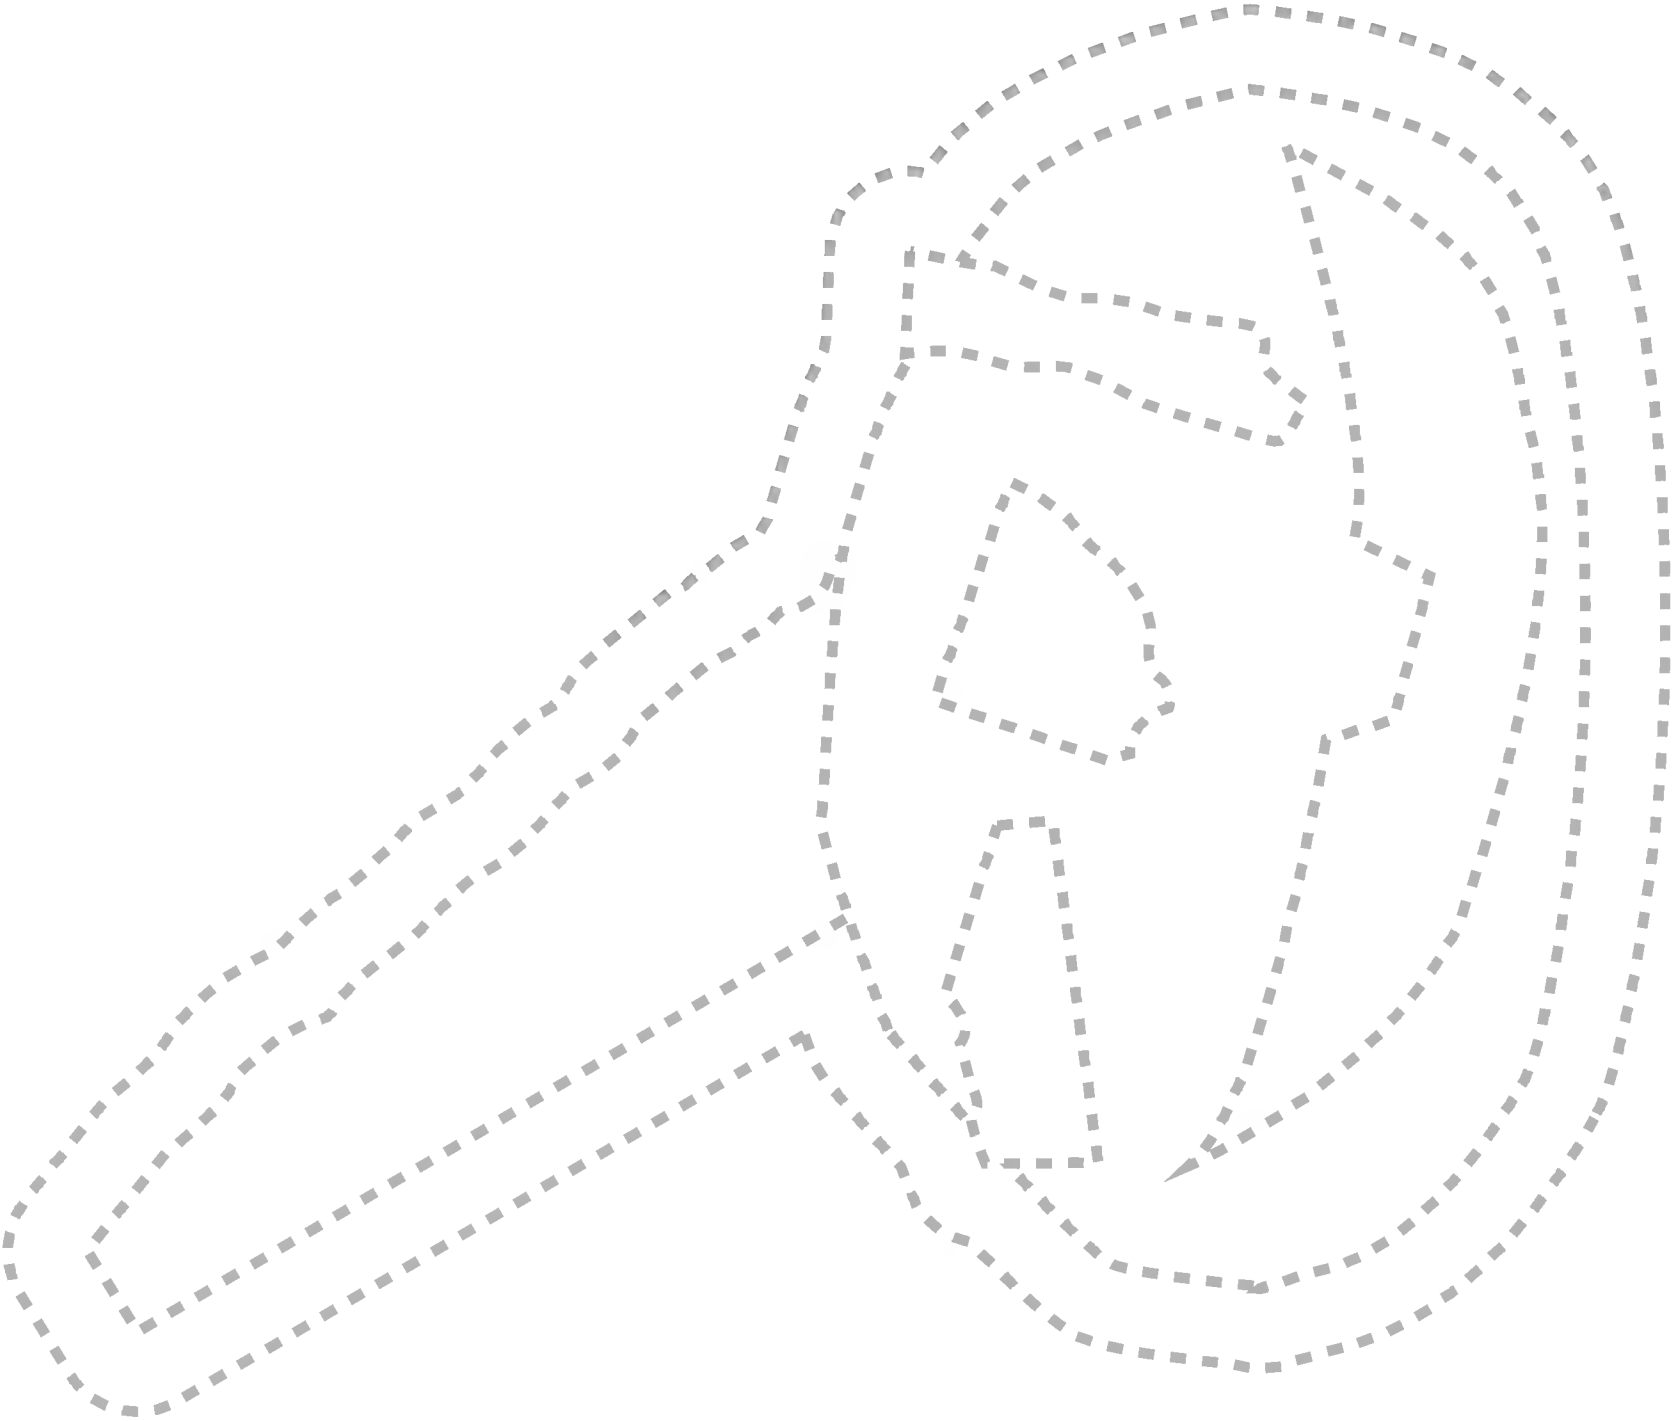

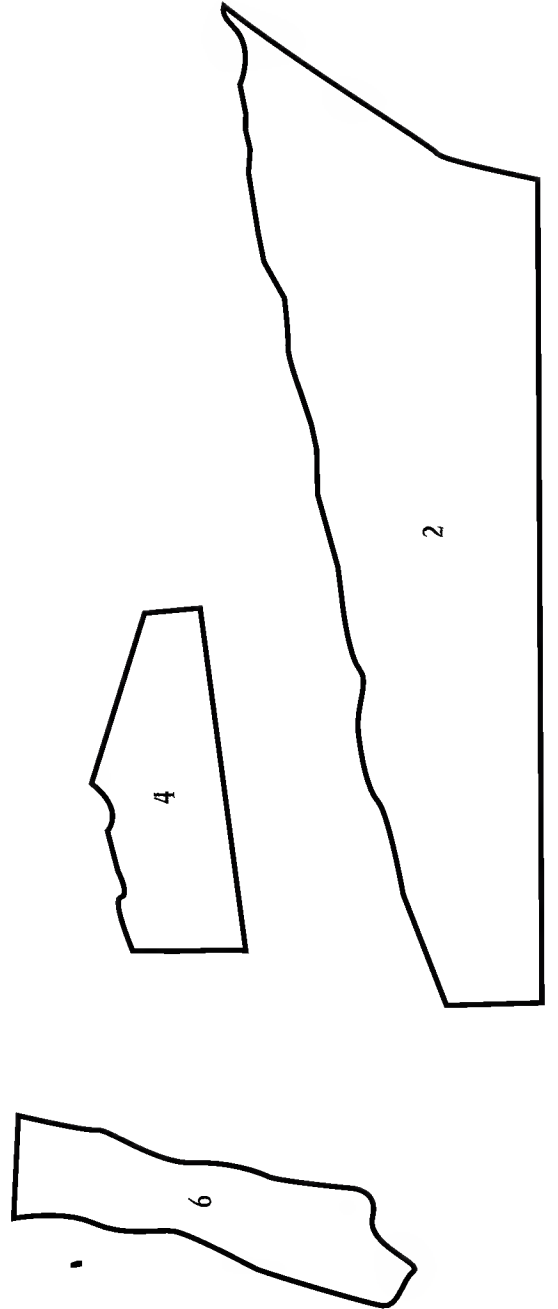

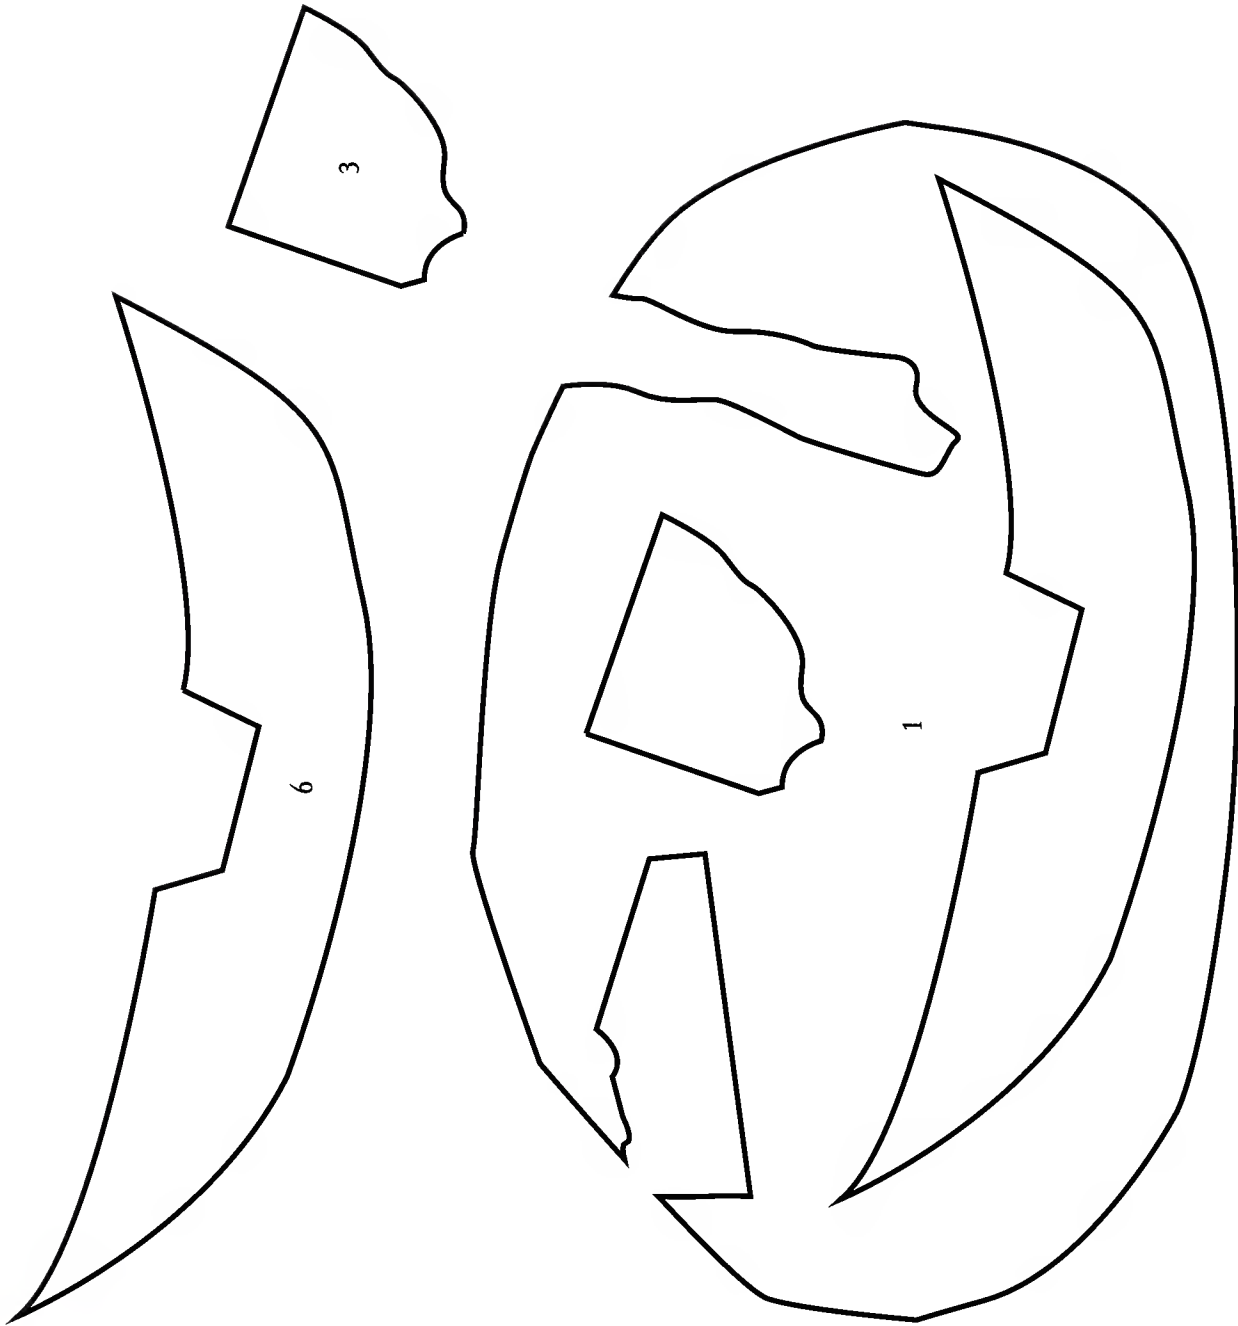

PUMPKIN PAK #2 — LAP HAT

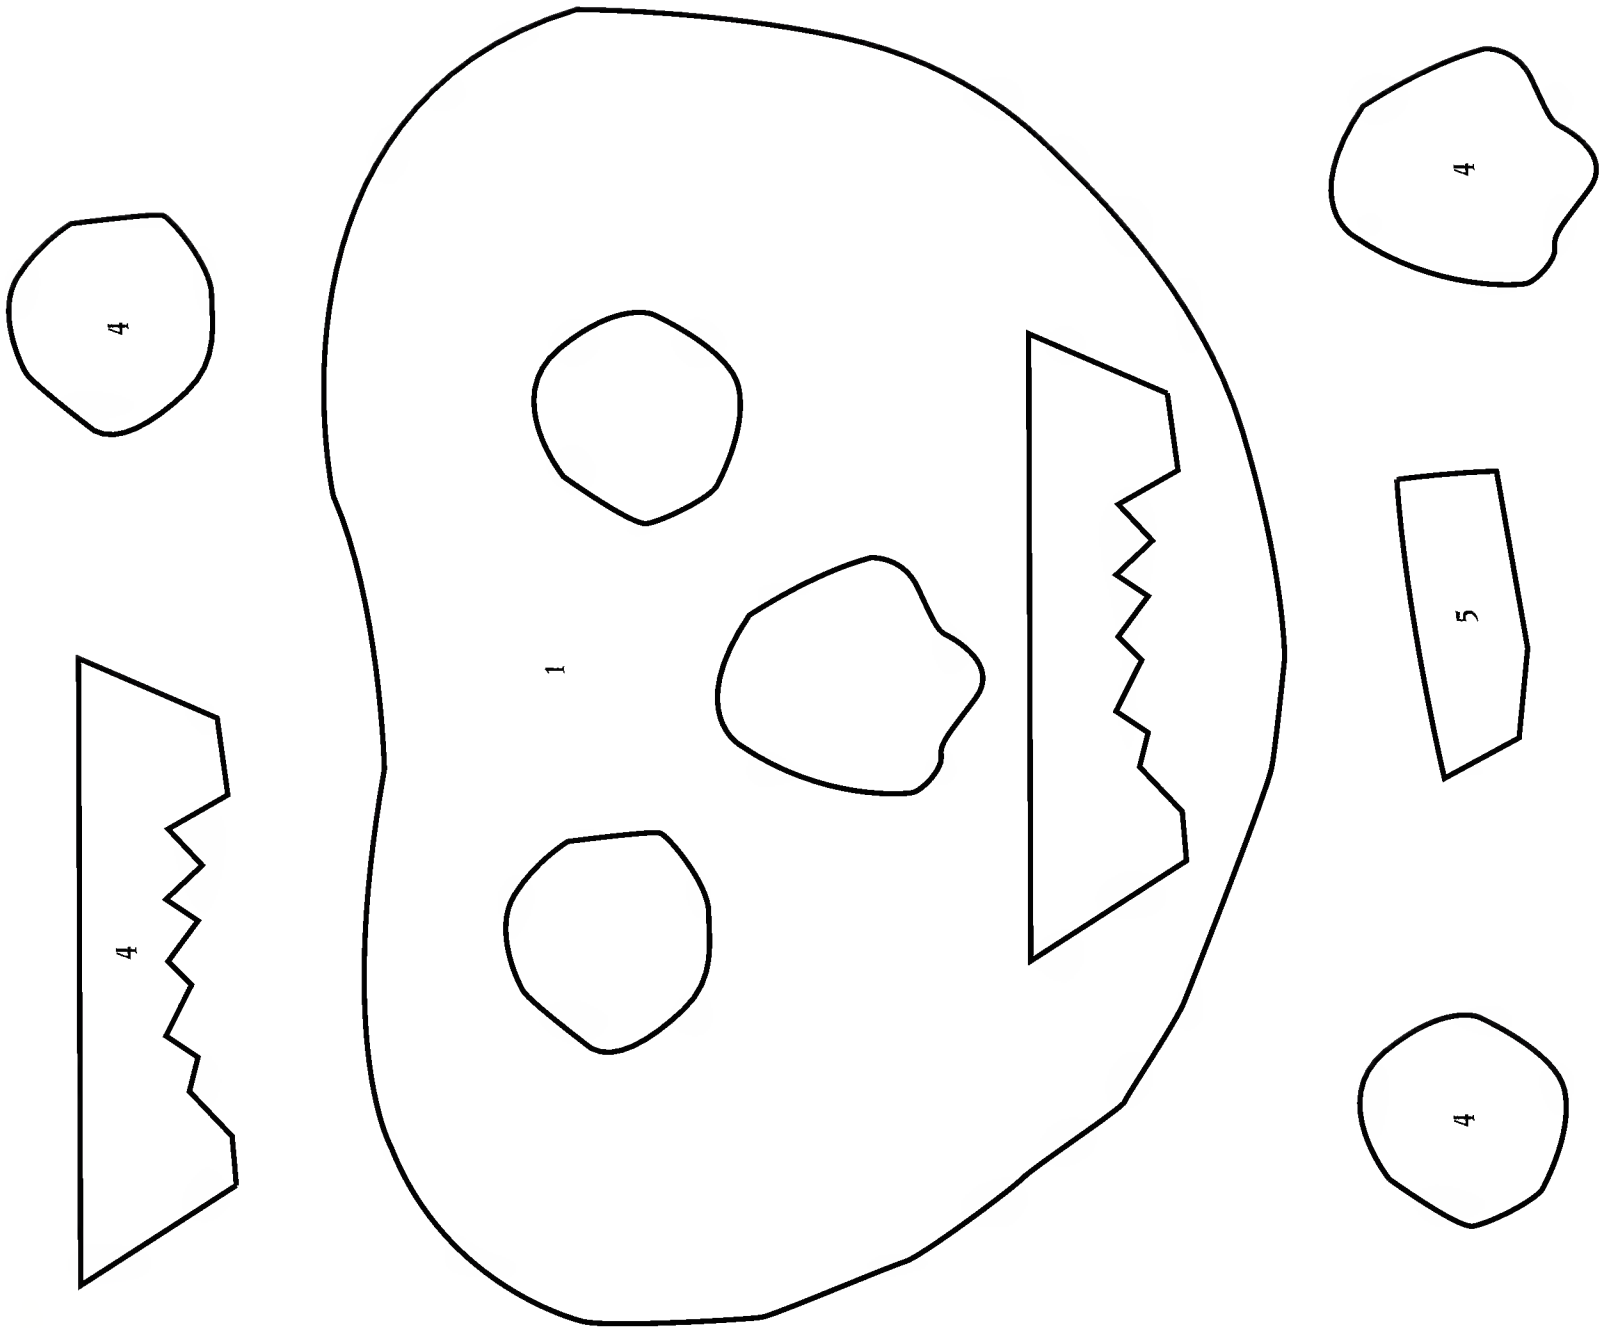

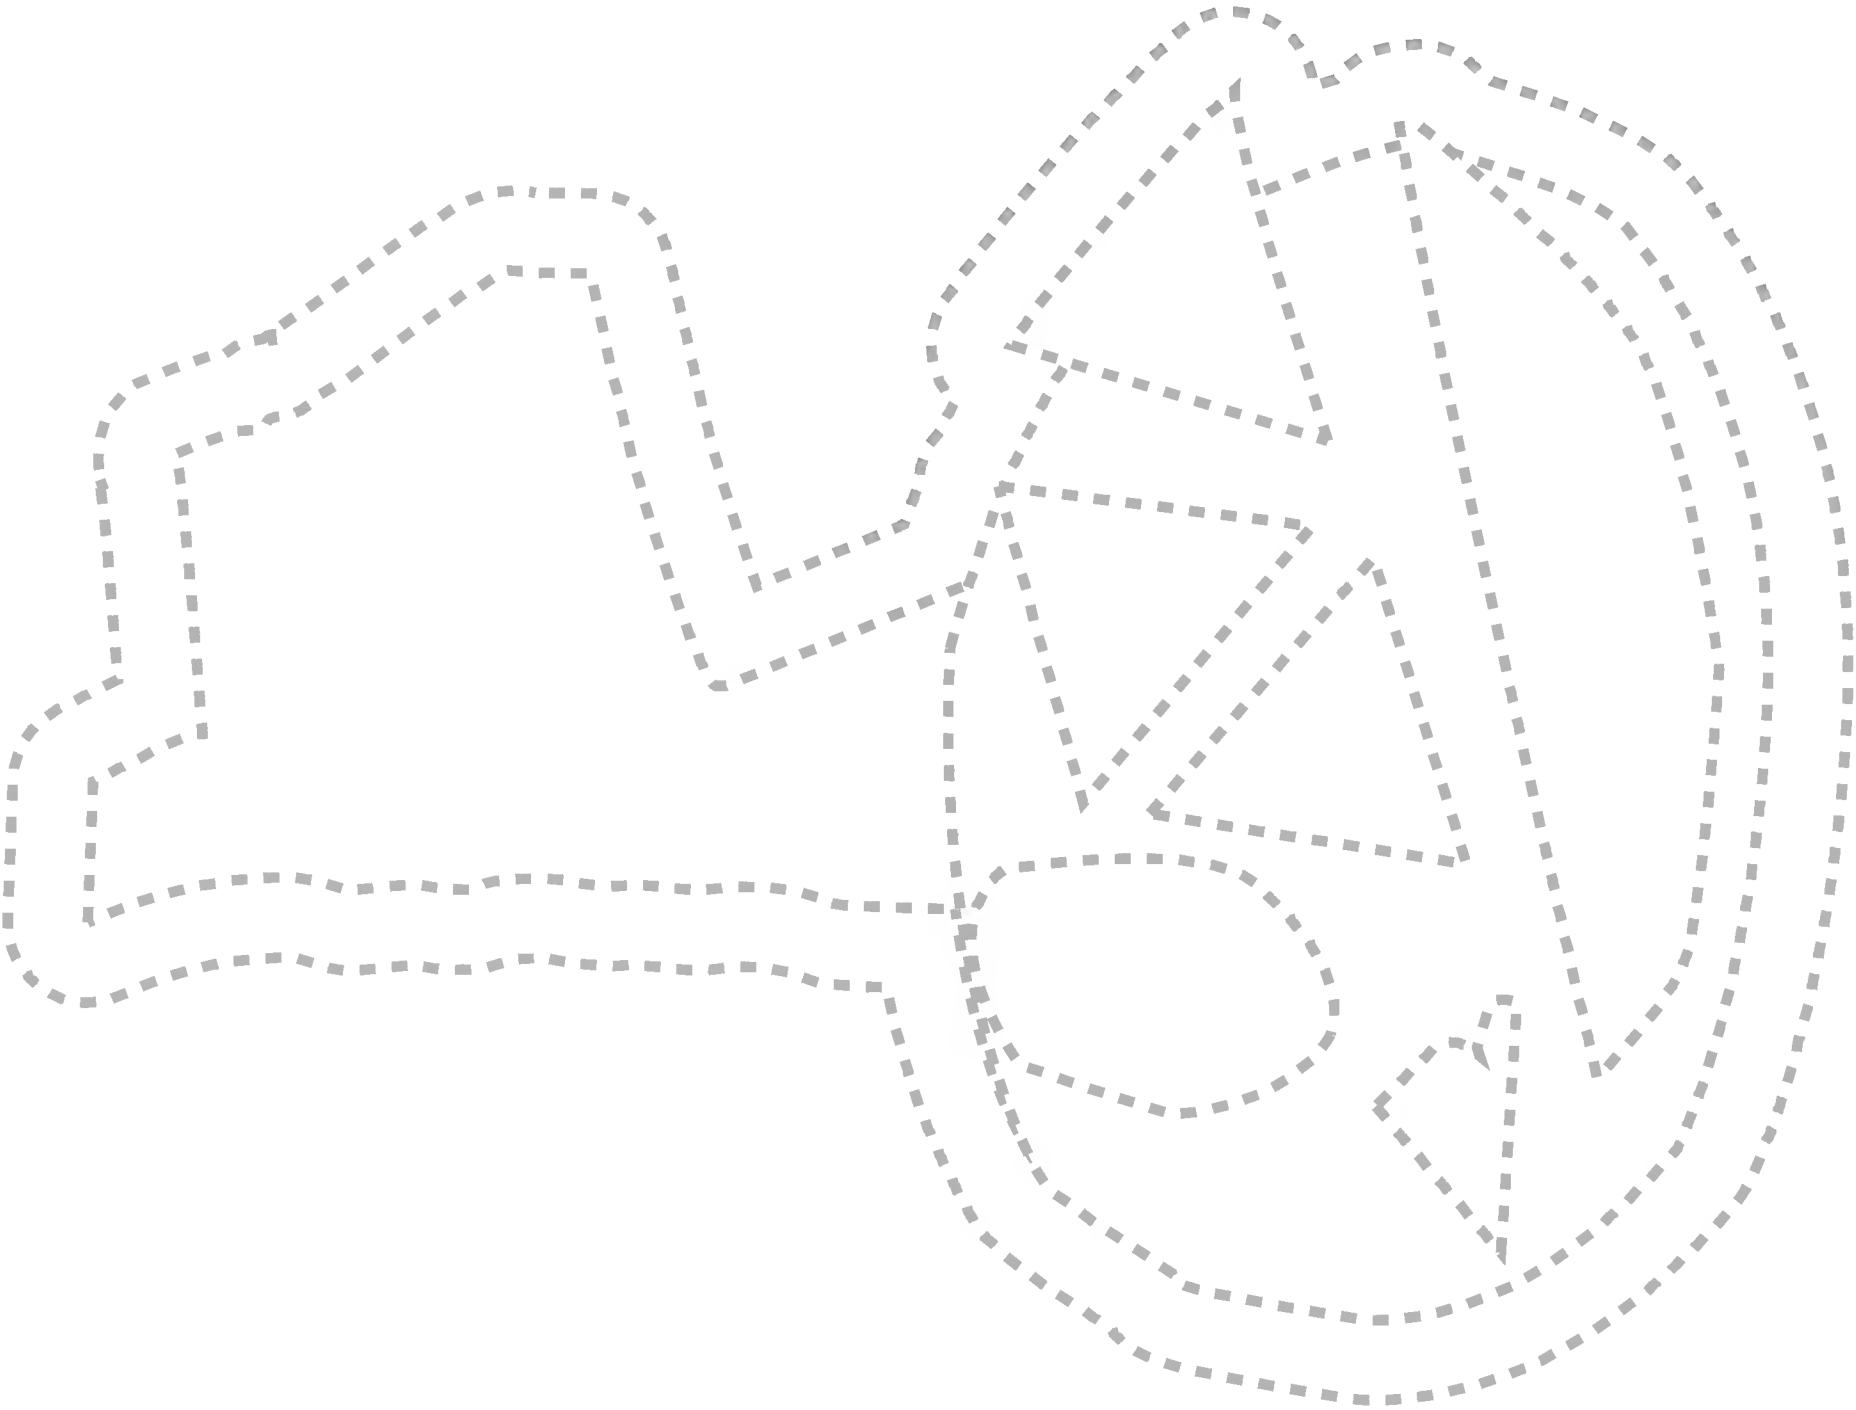

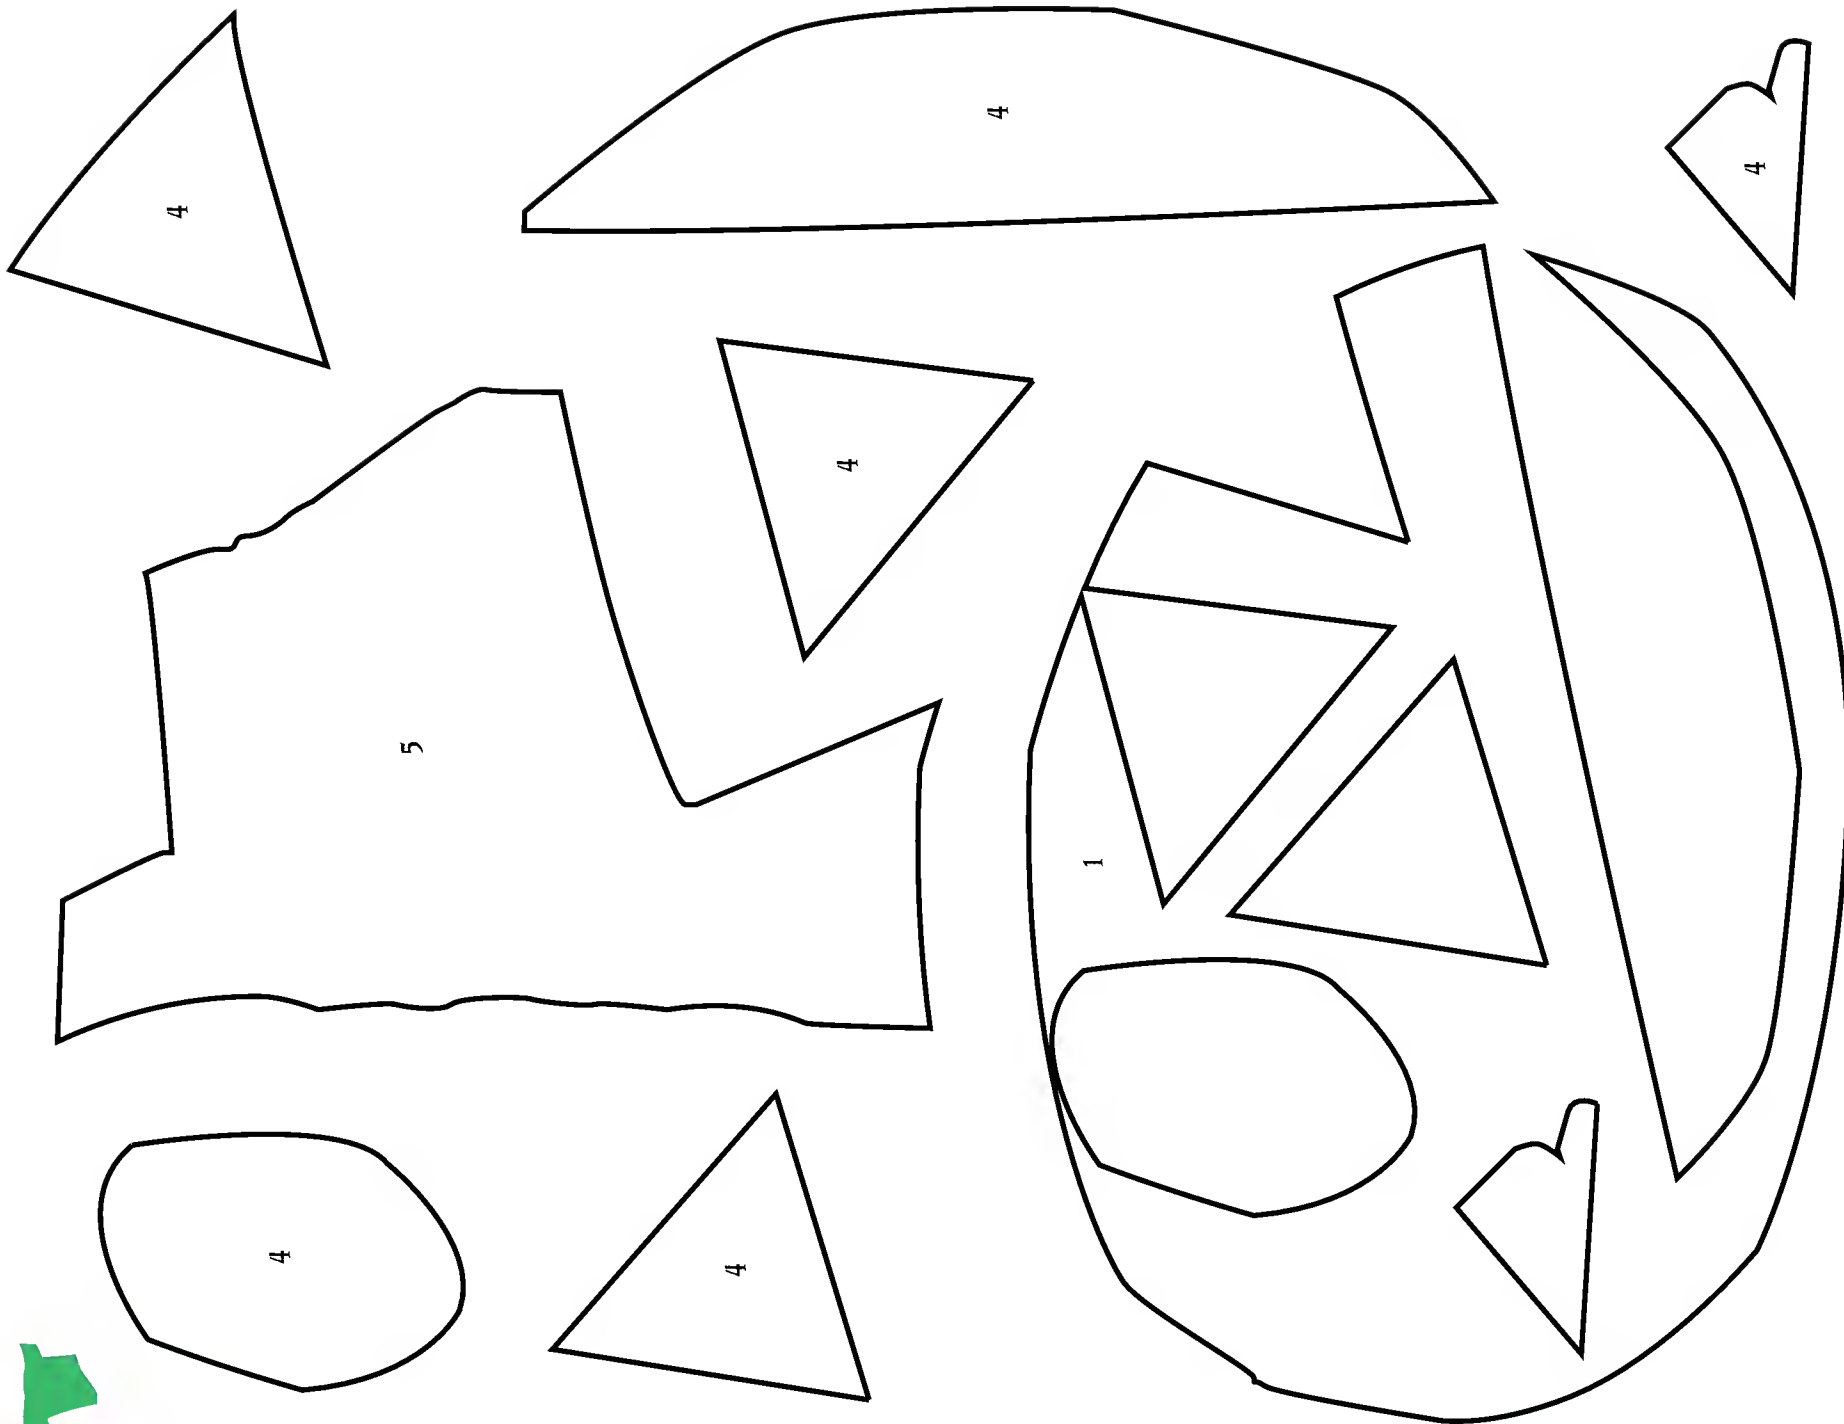

PUMPKIN PAK #4 – SPOOKY

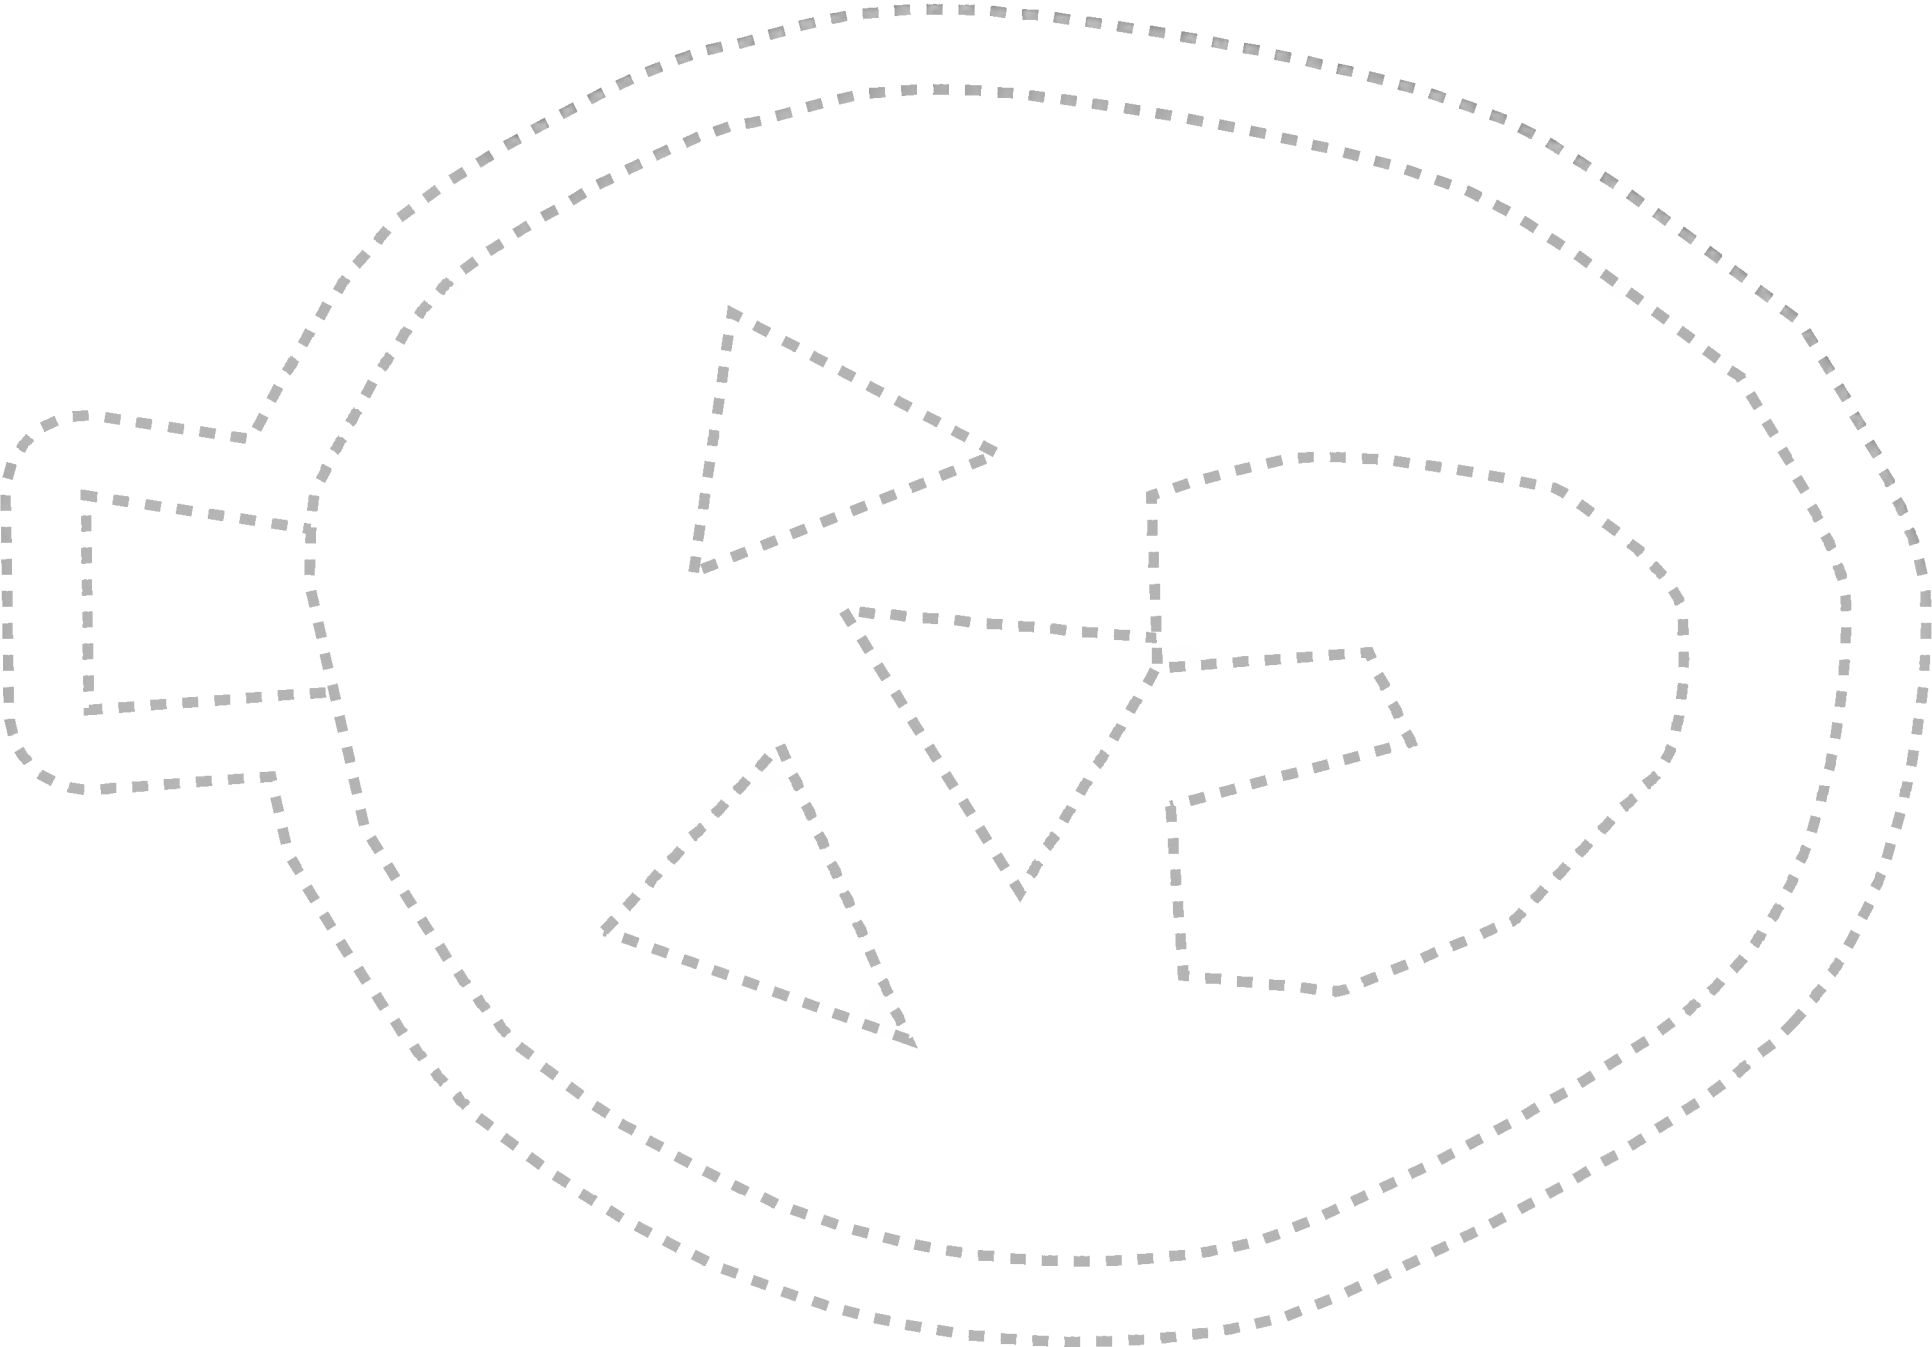

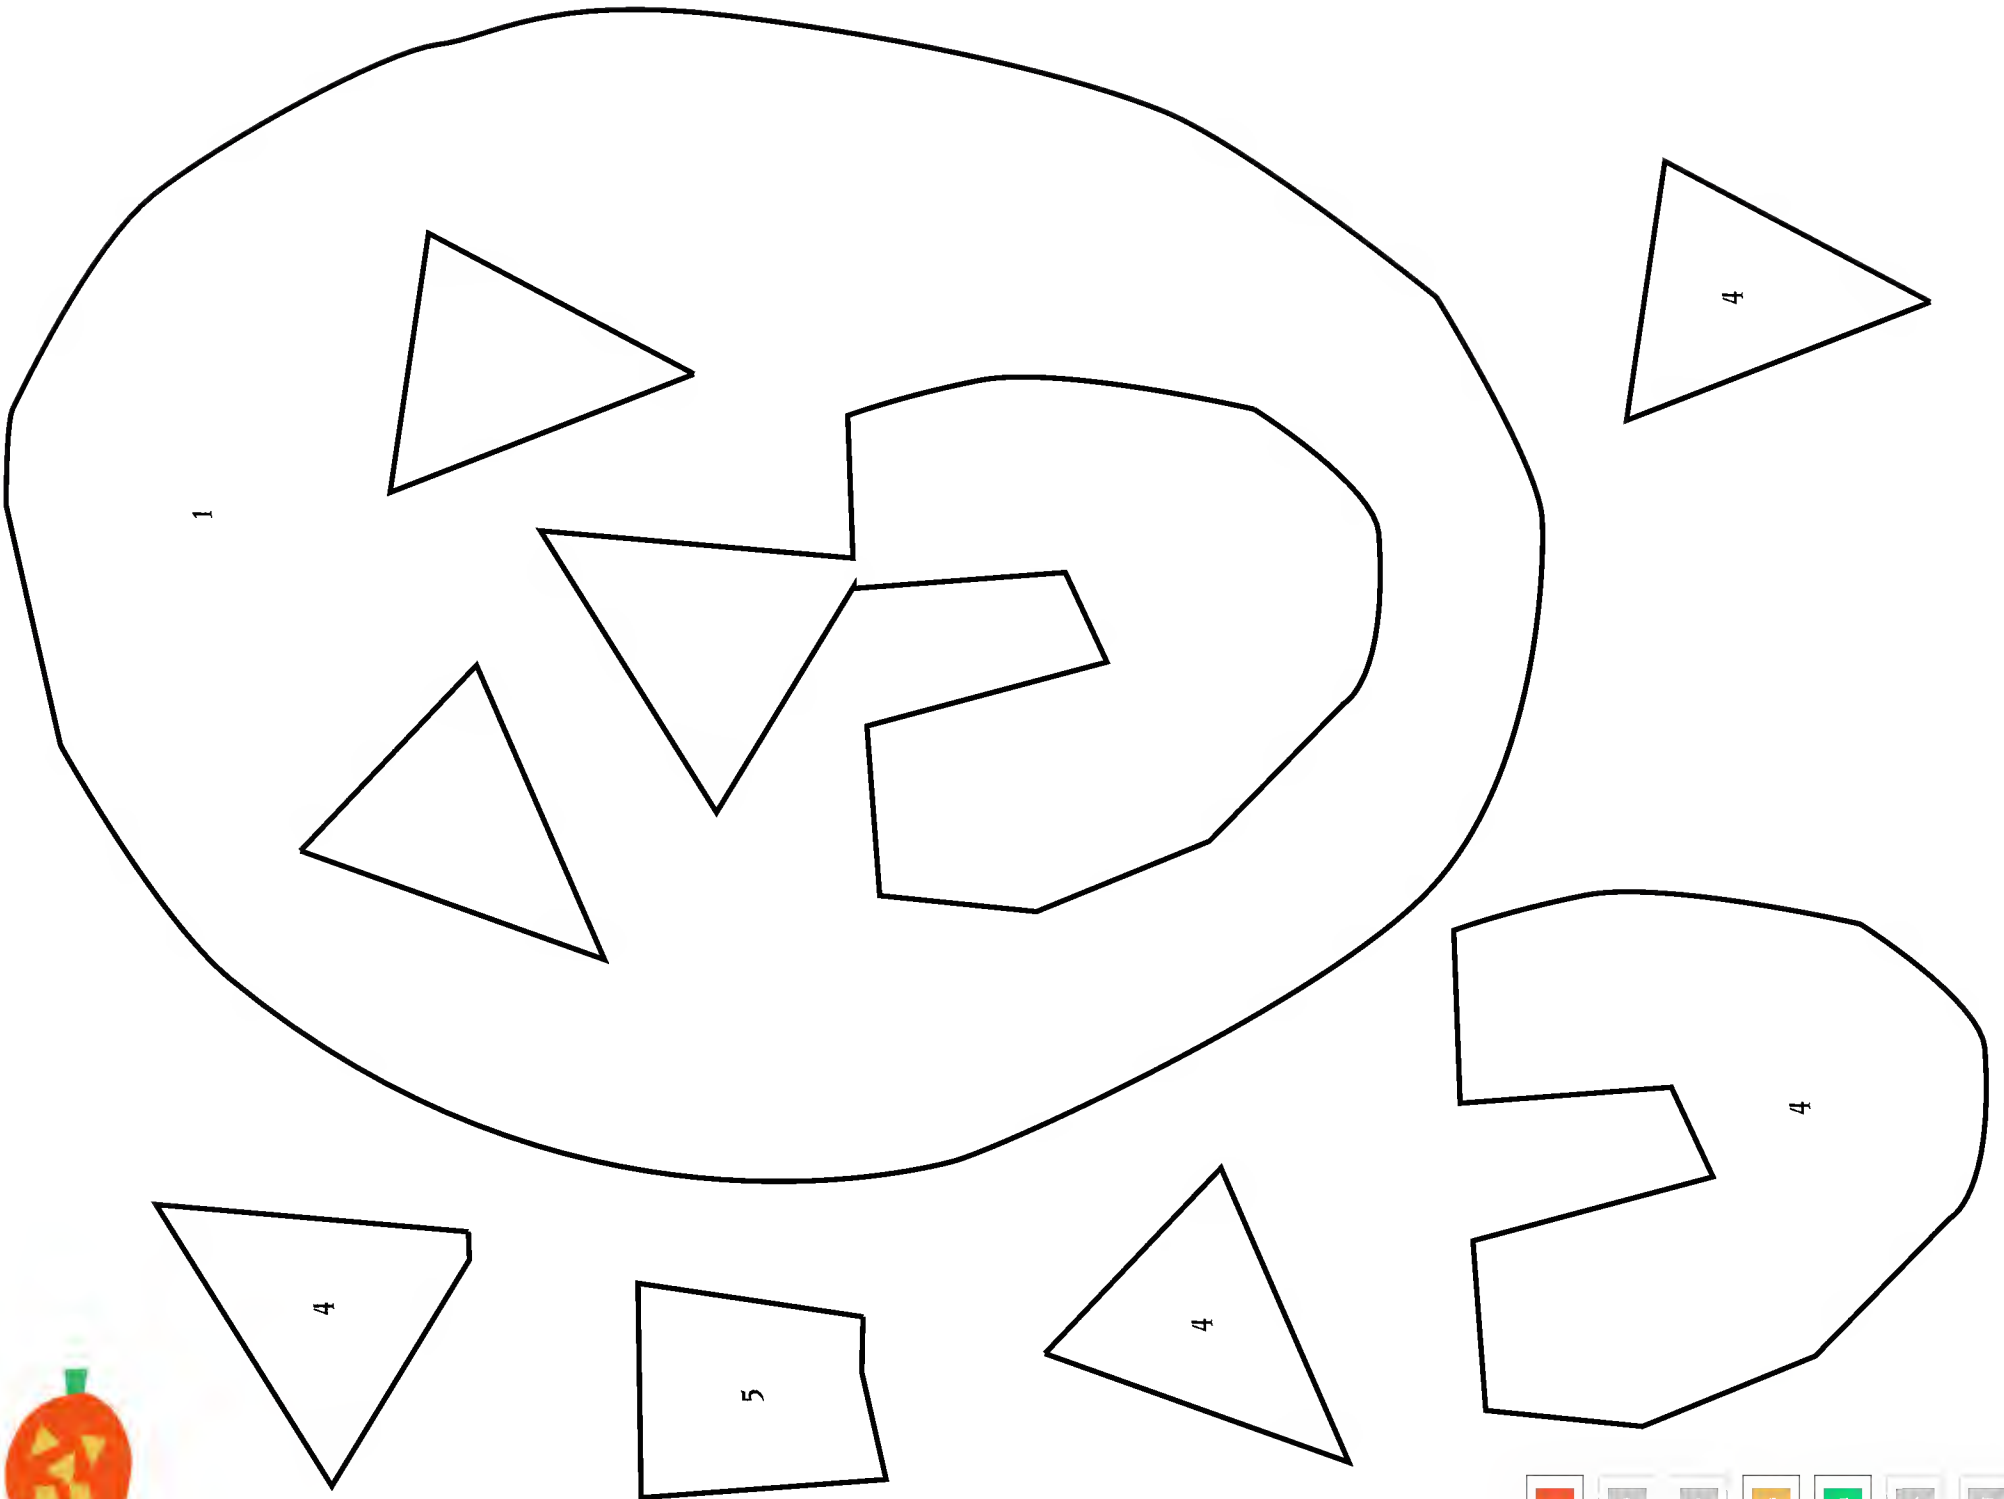

PUMPKIN PAK #5 – TOO MANY EYEPODS

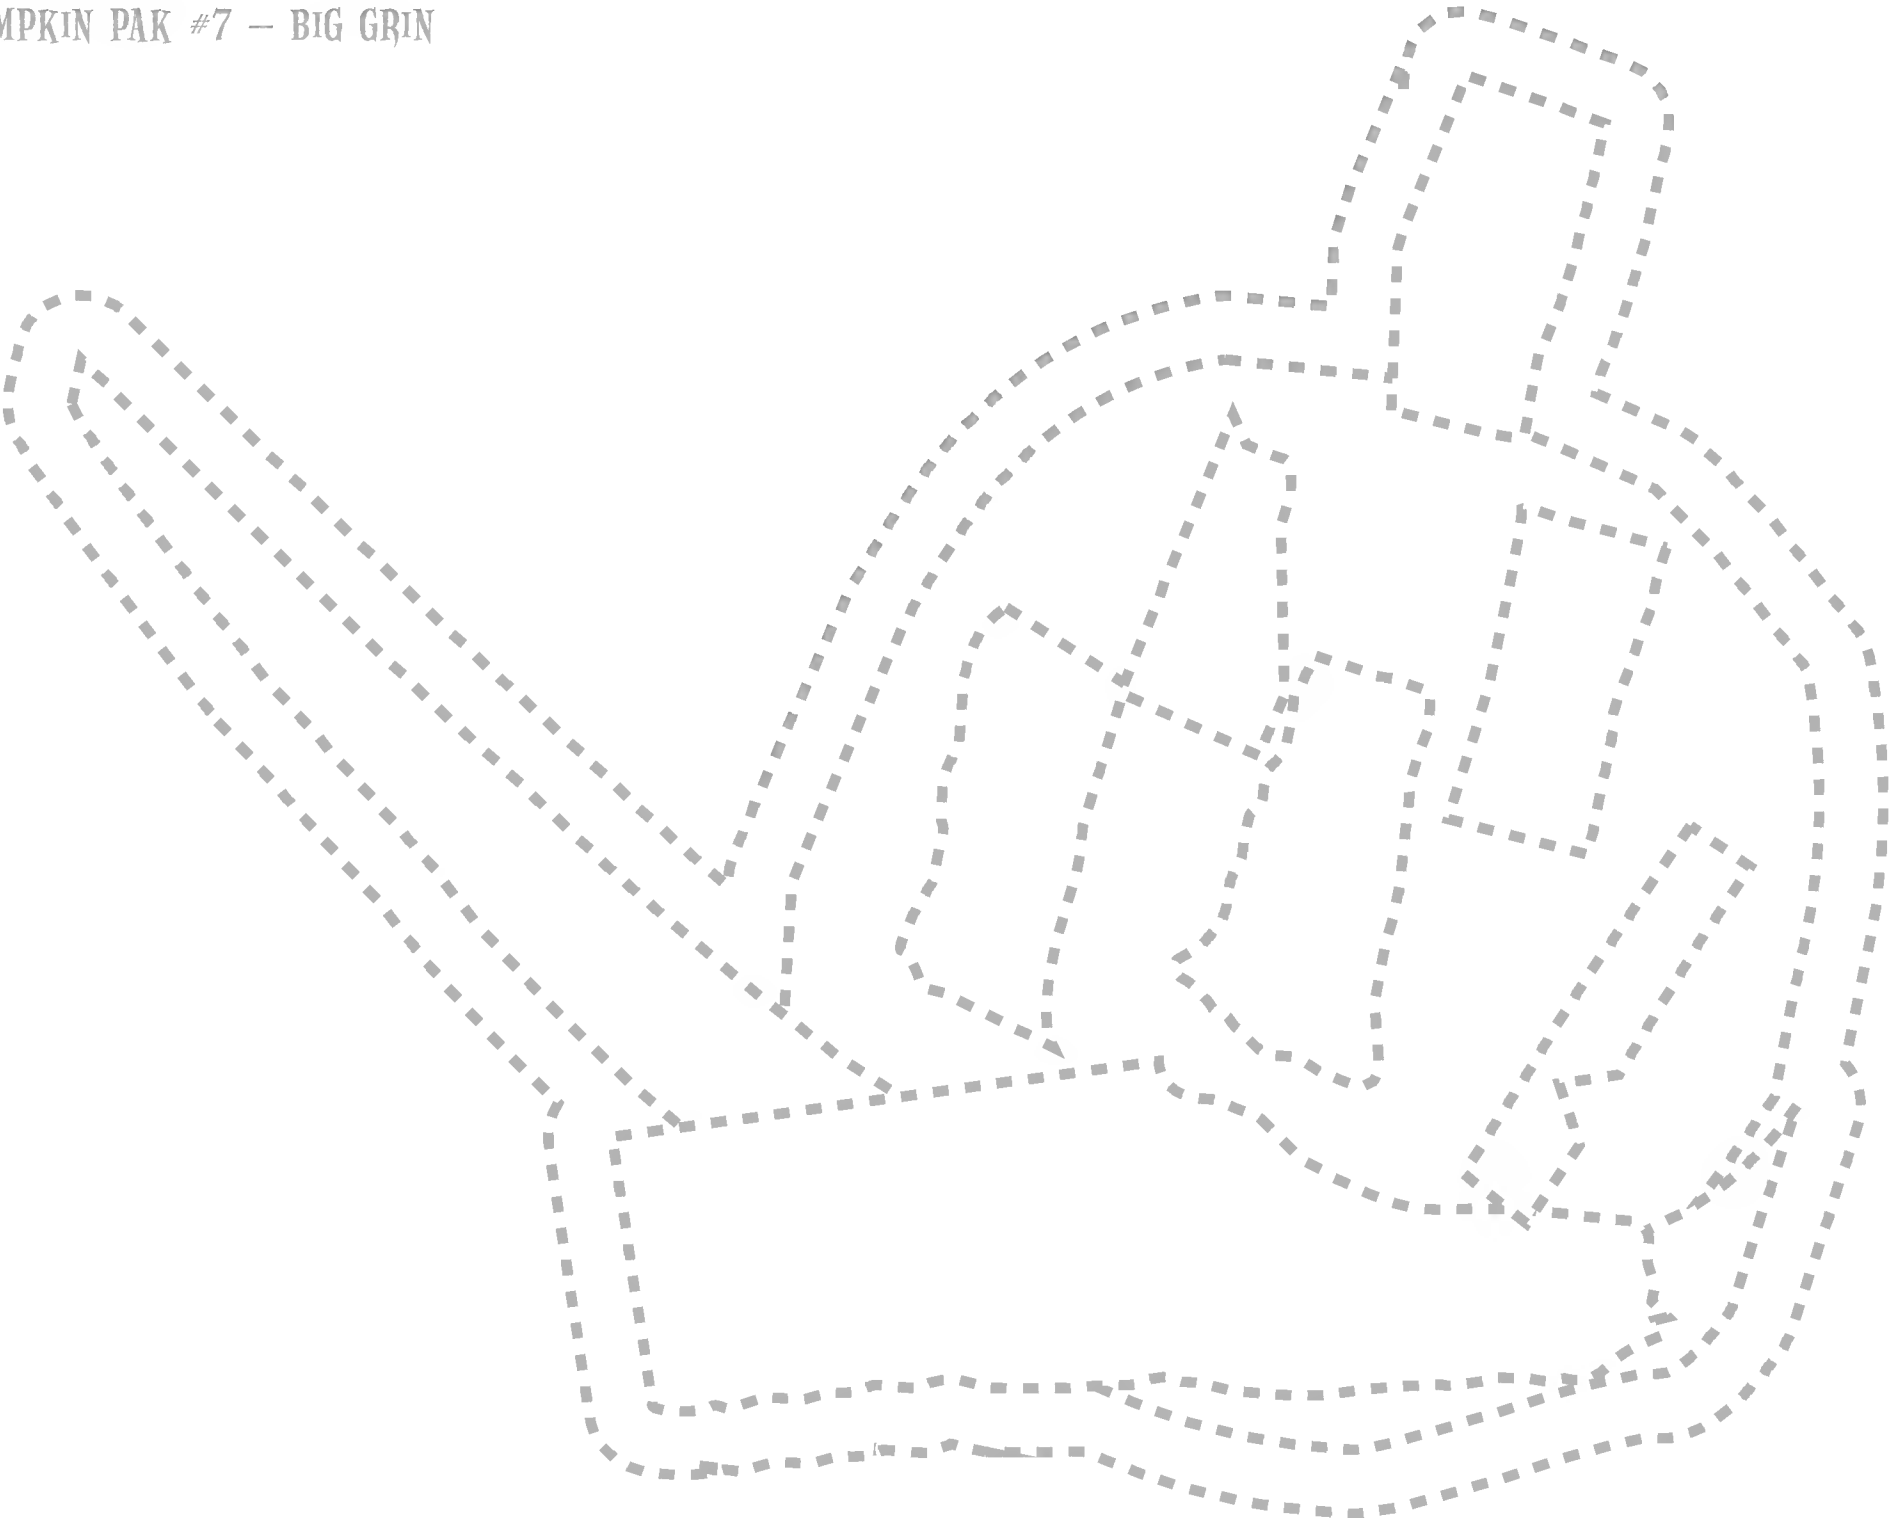

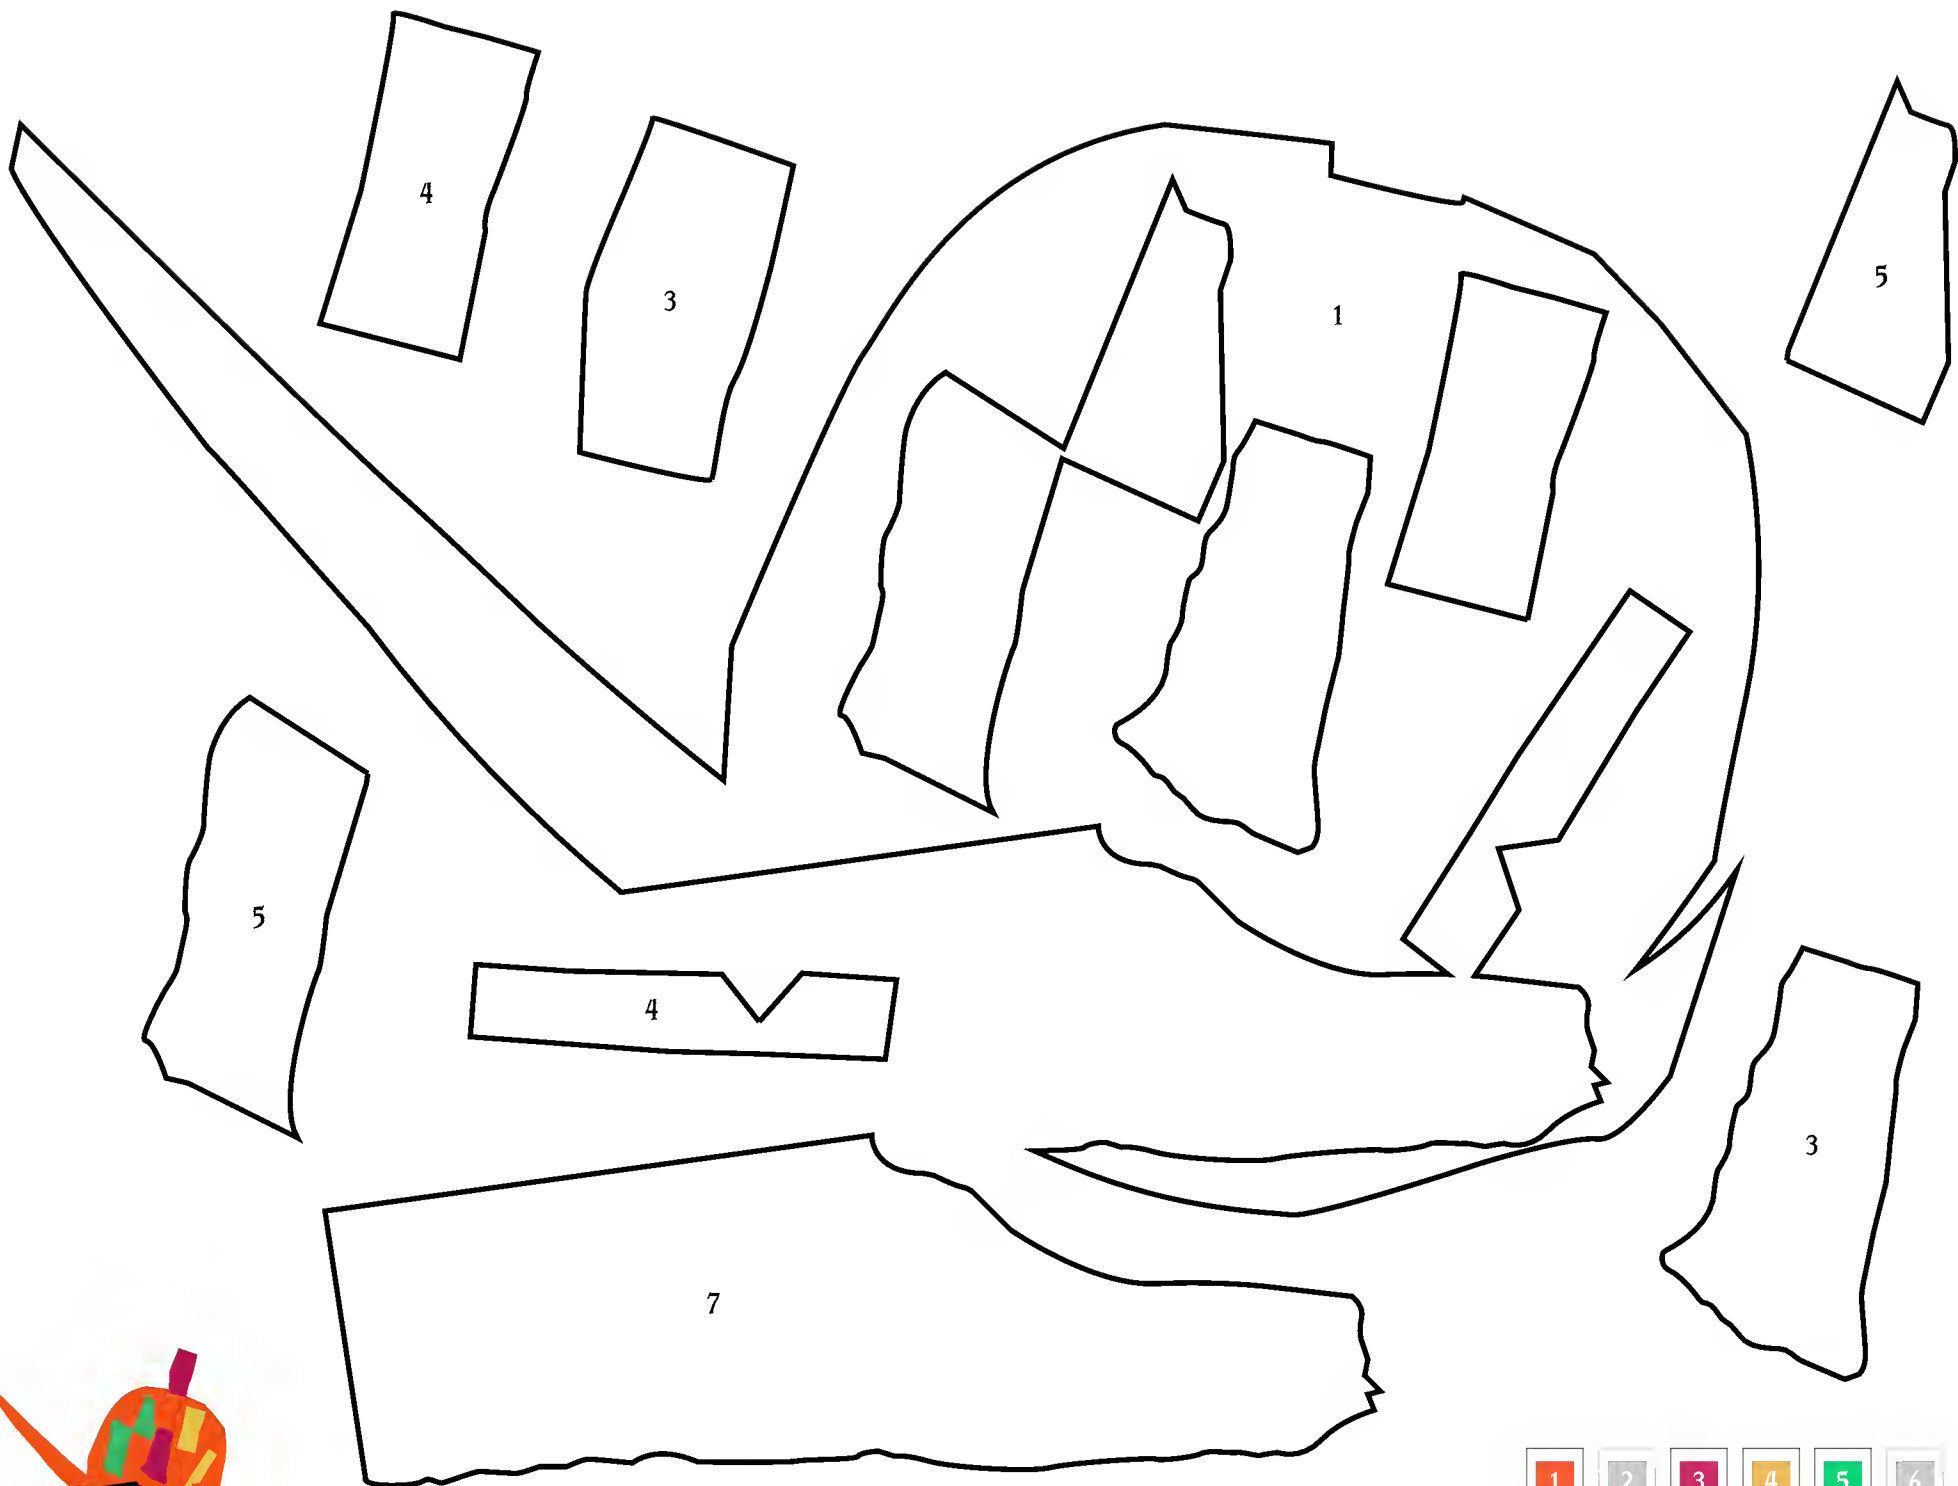

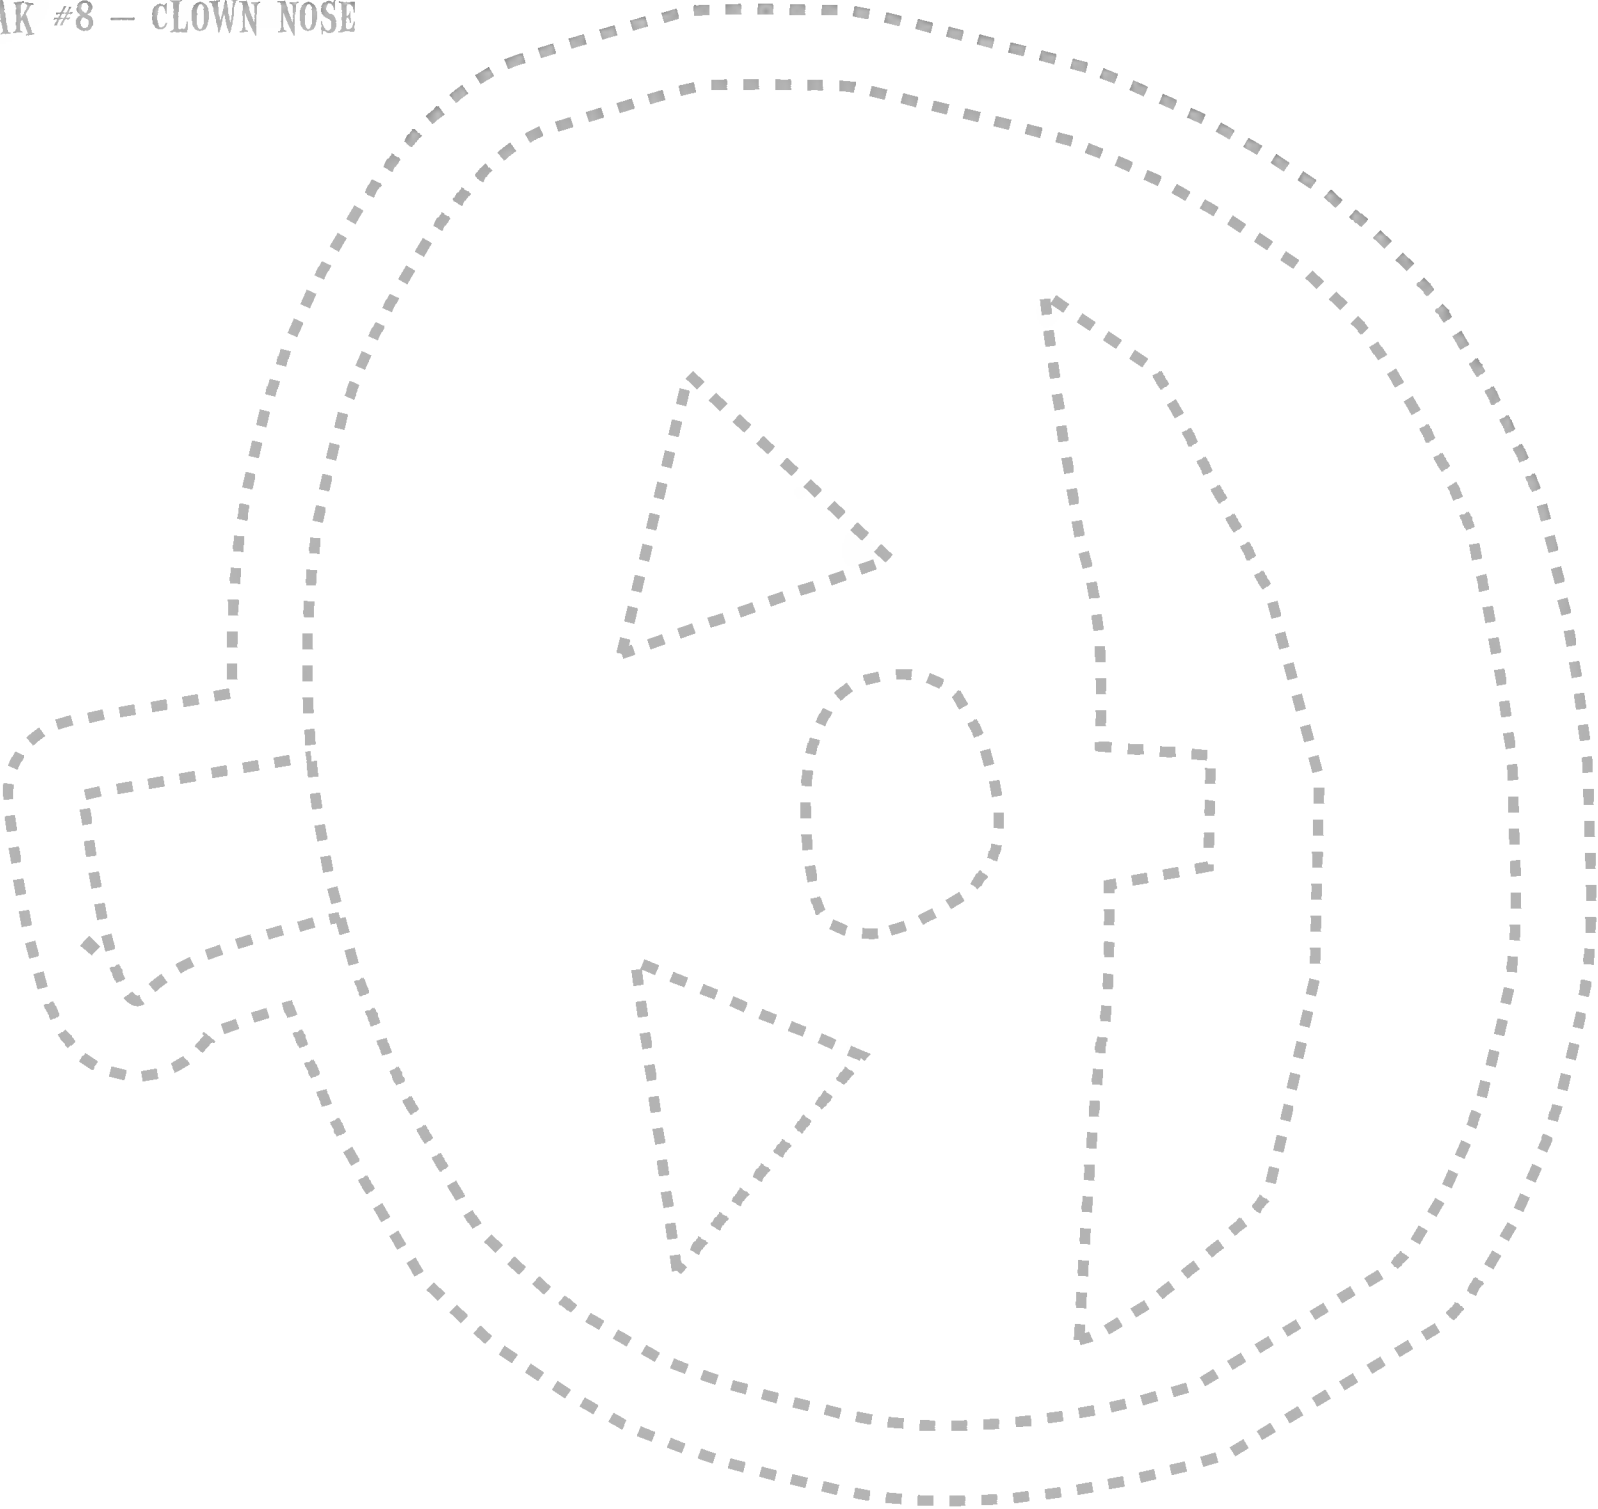

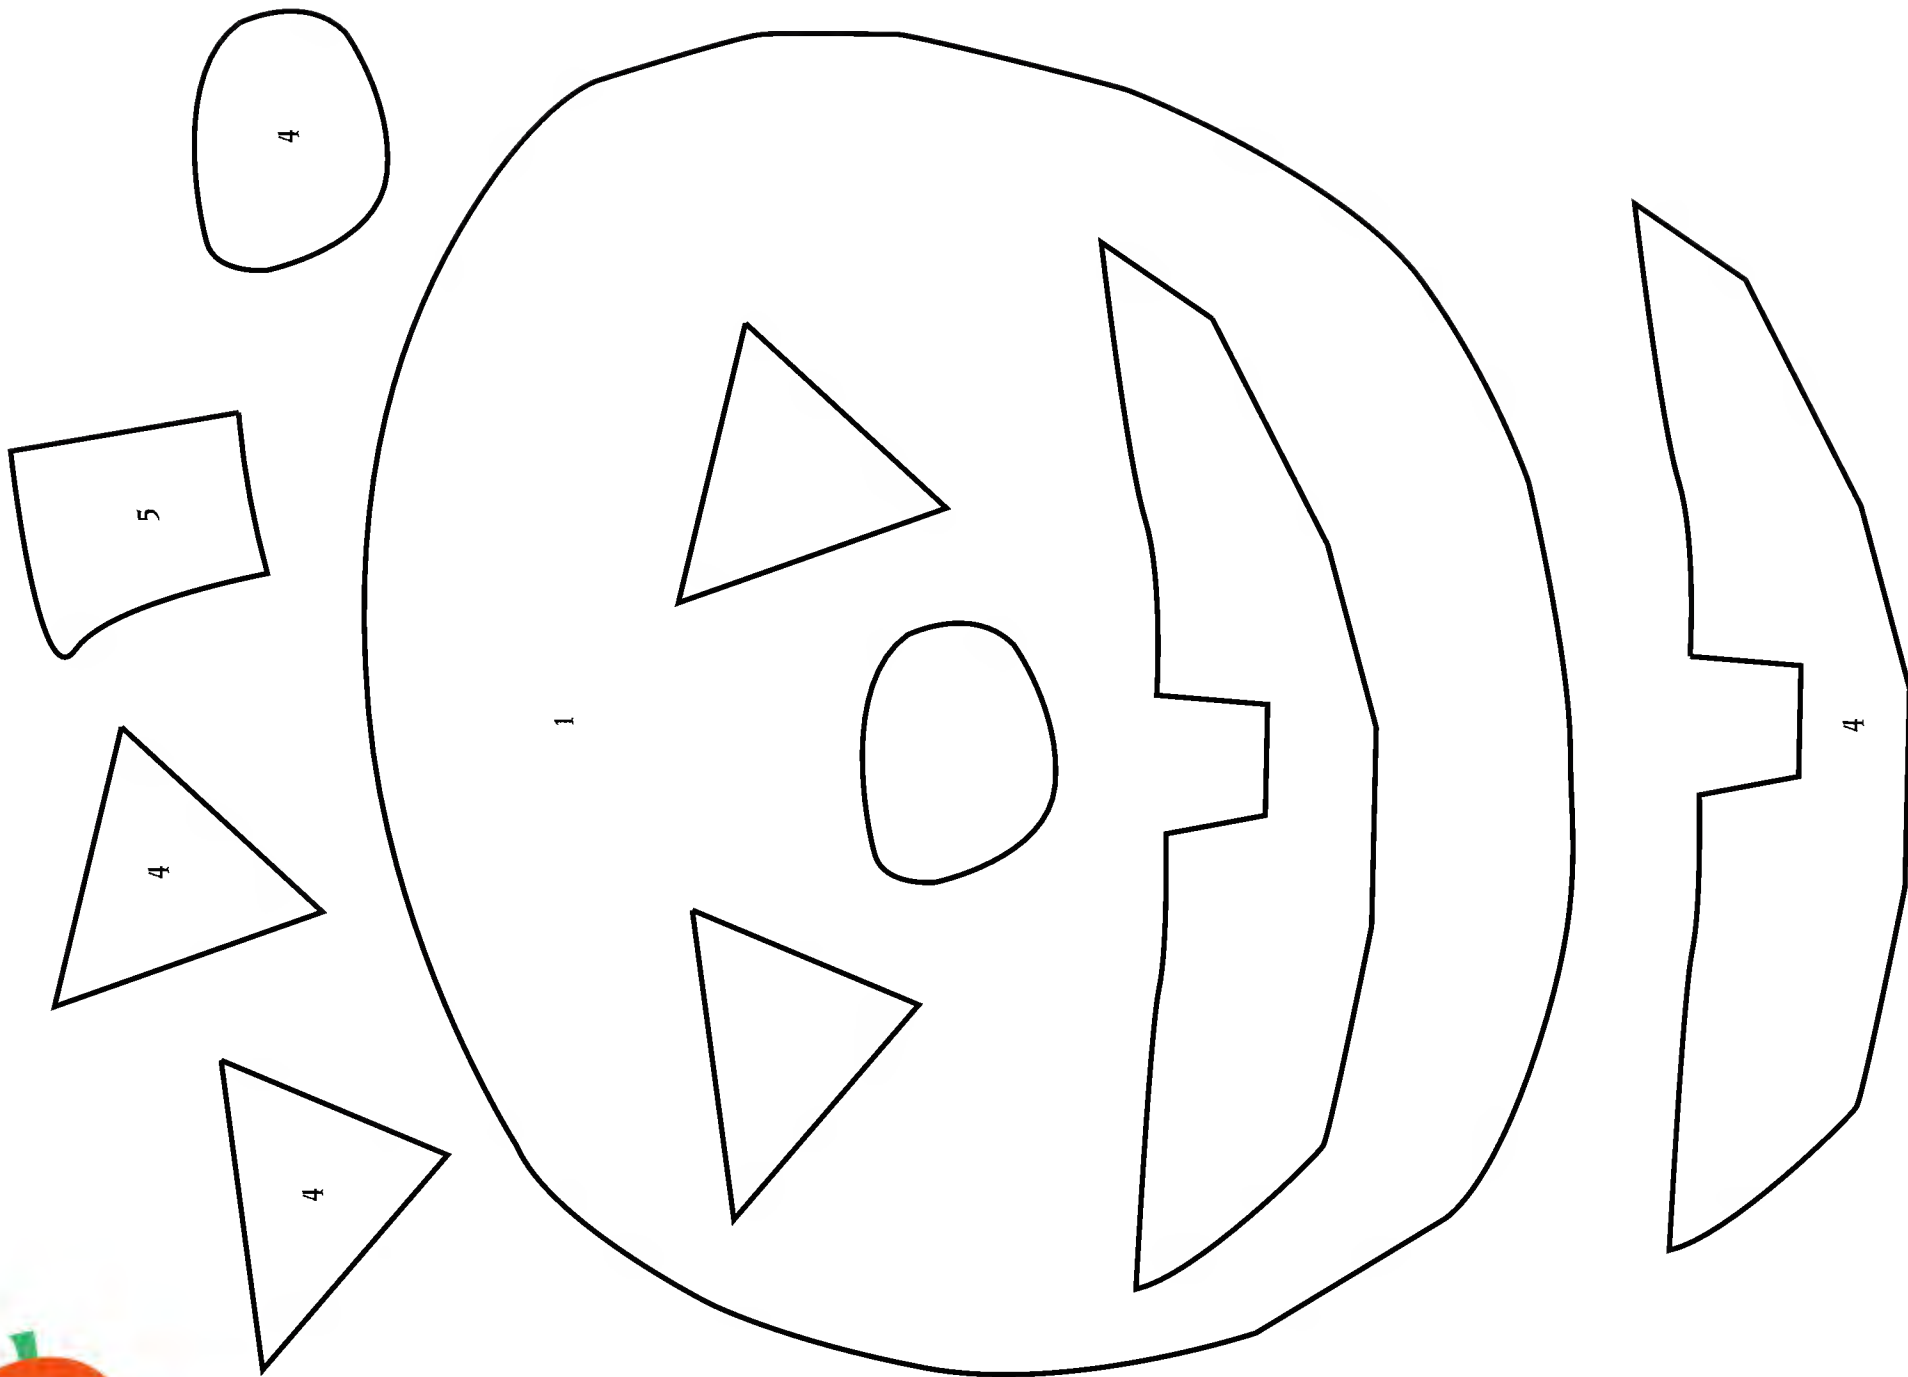

PUMPKIN PAK #7 — BIG GRIN

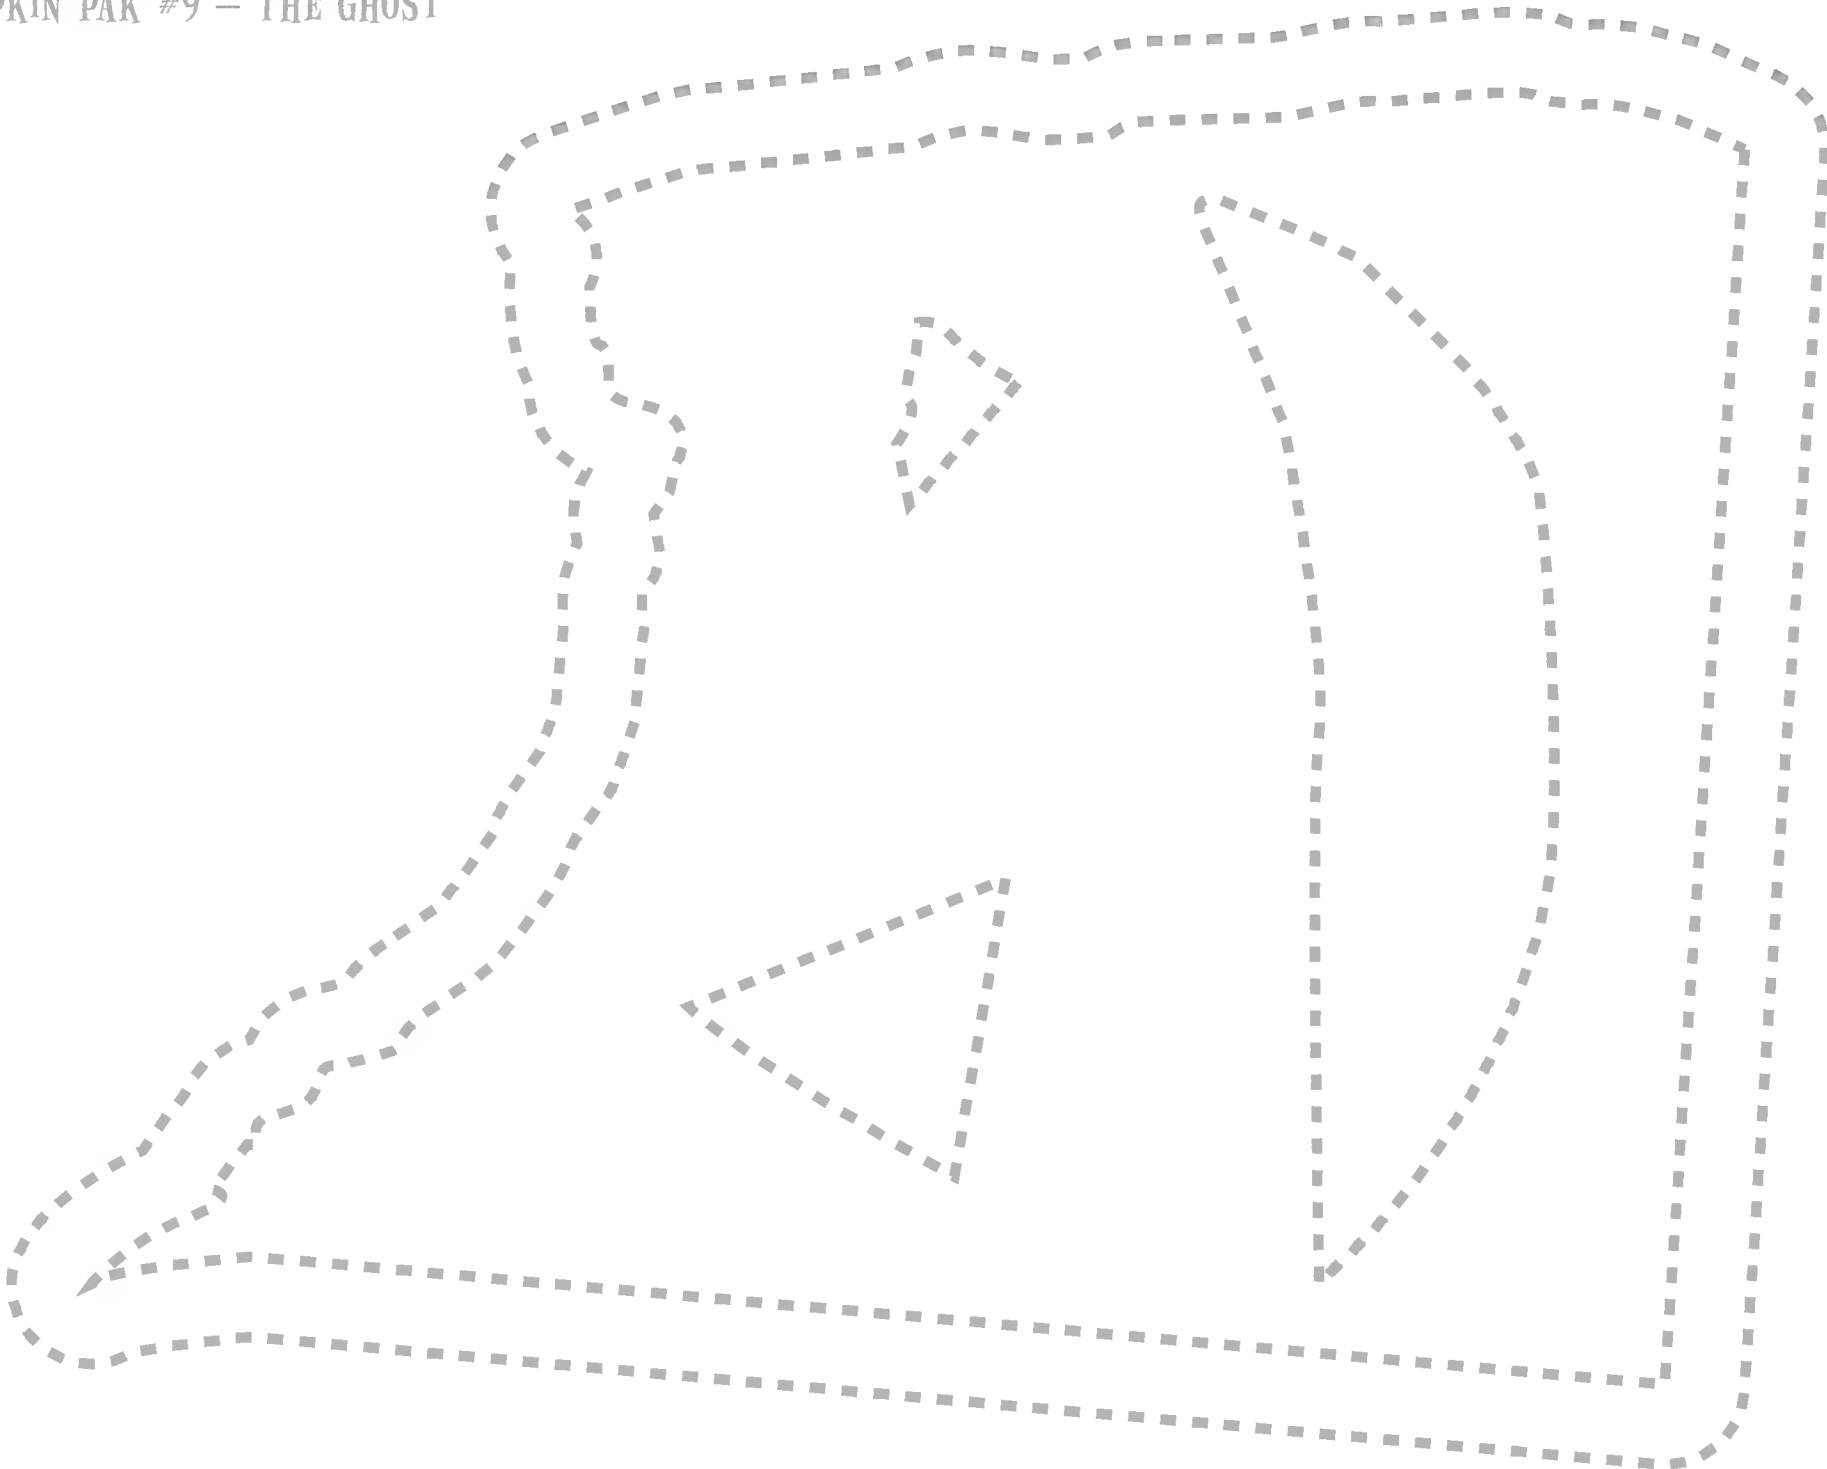

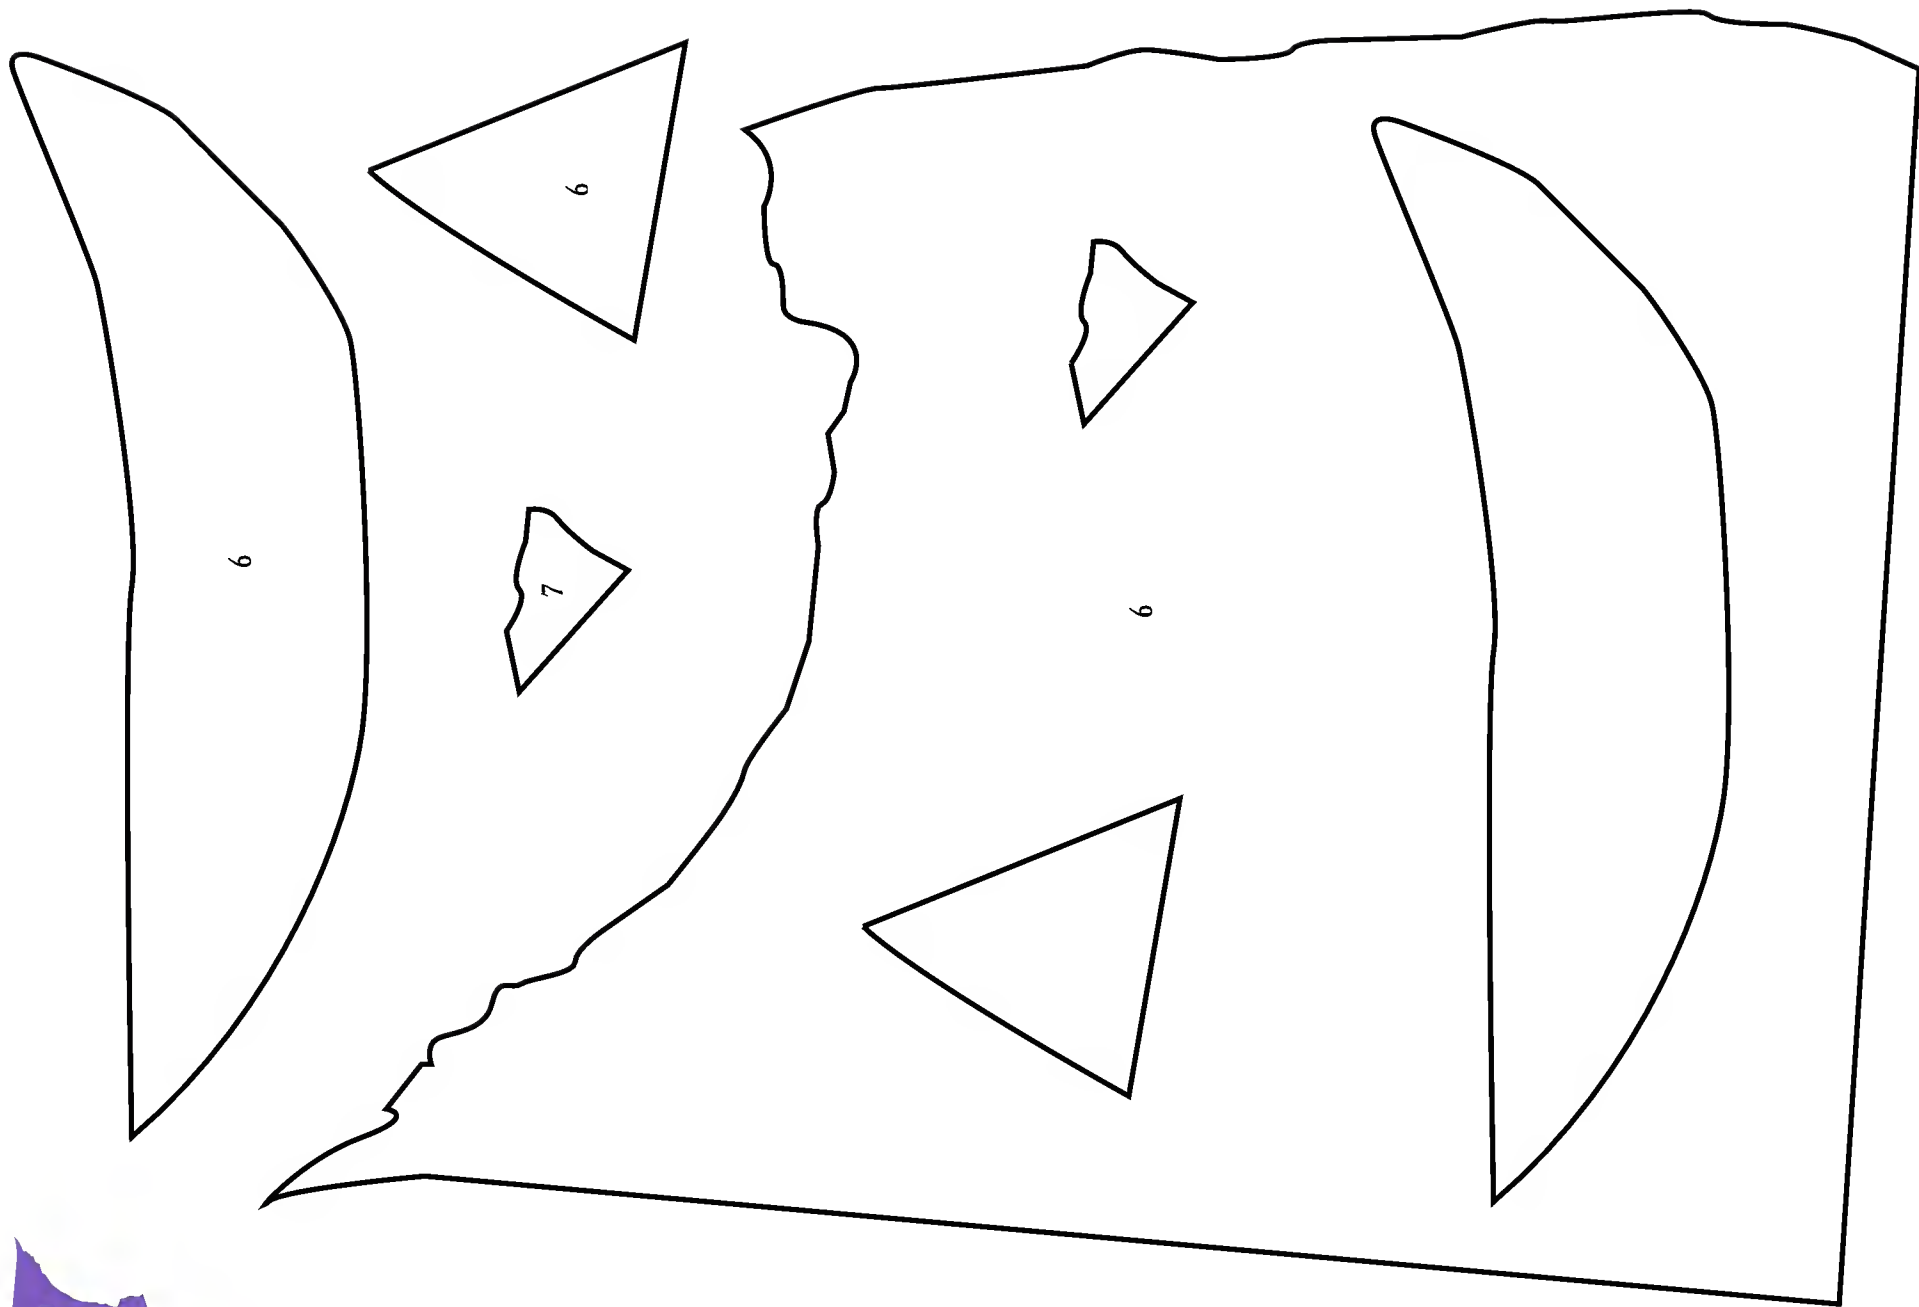

PUMPKIN PAK #8 — CLOWN NOSE

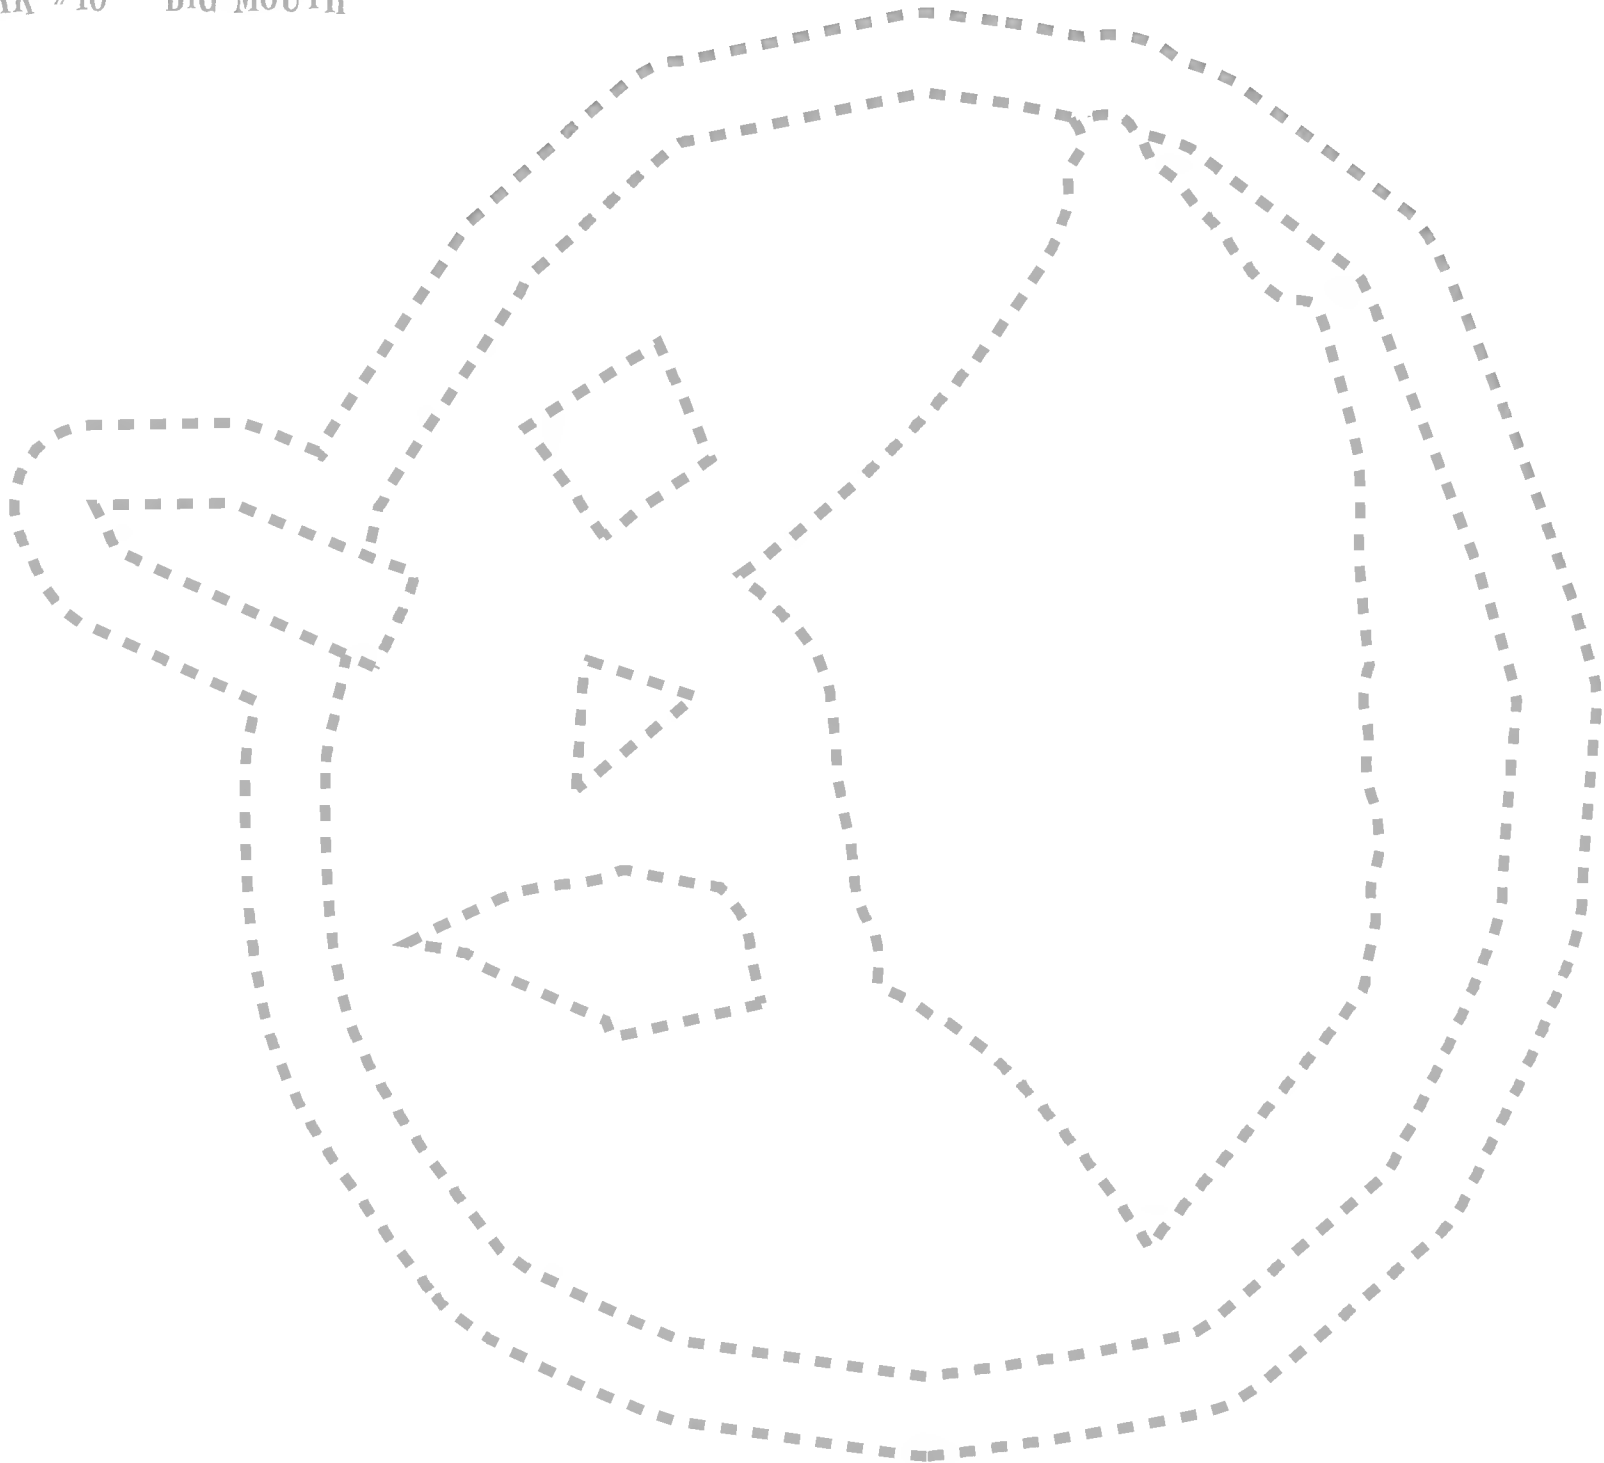

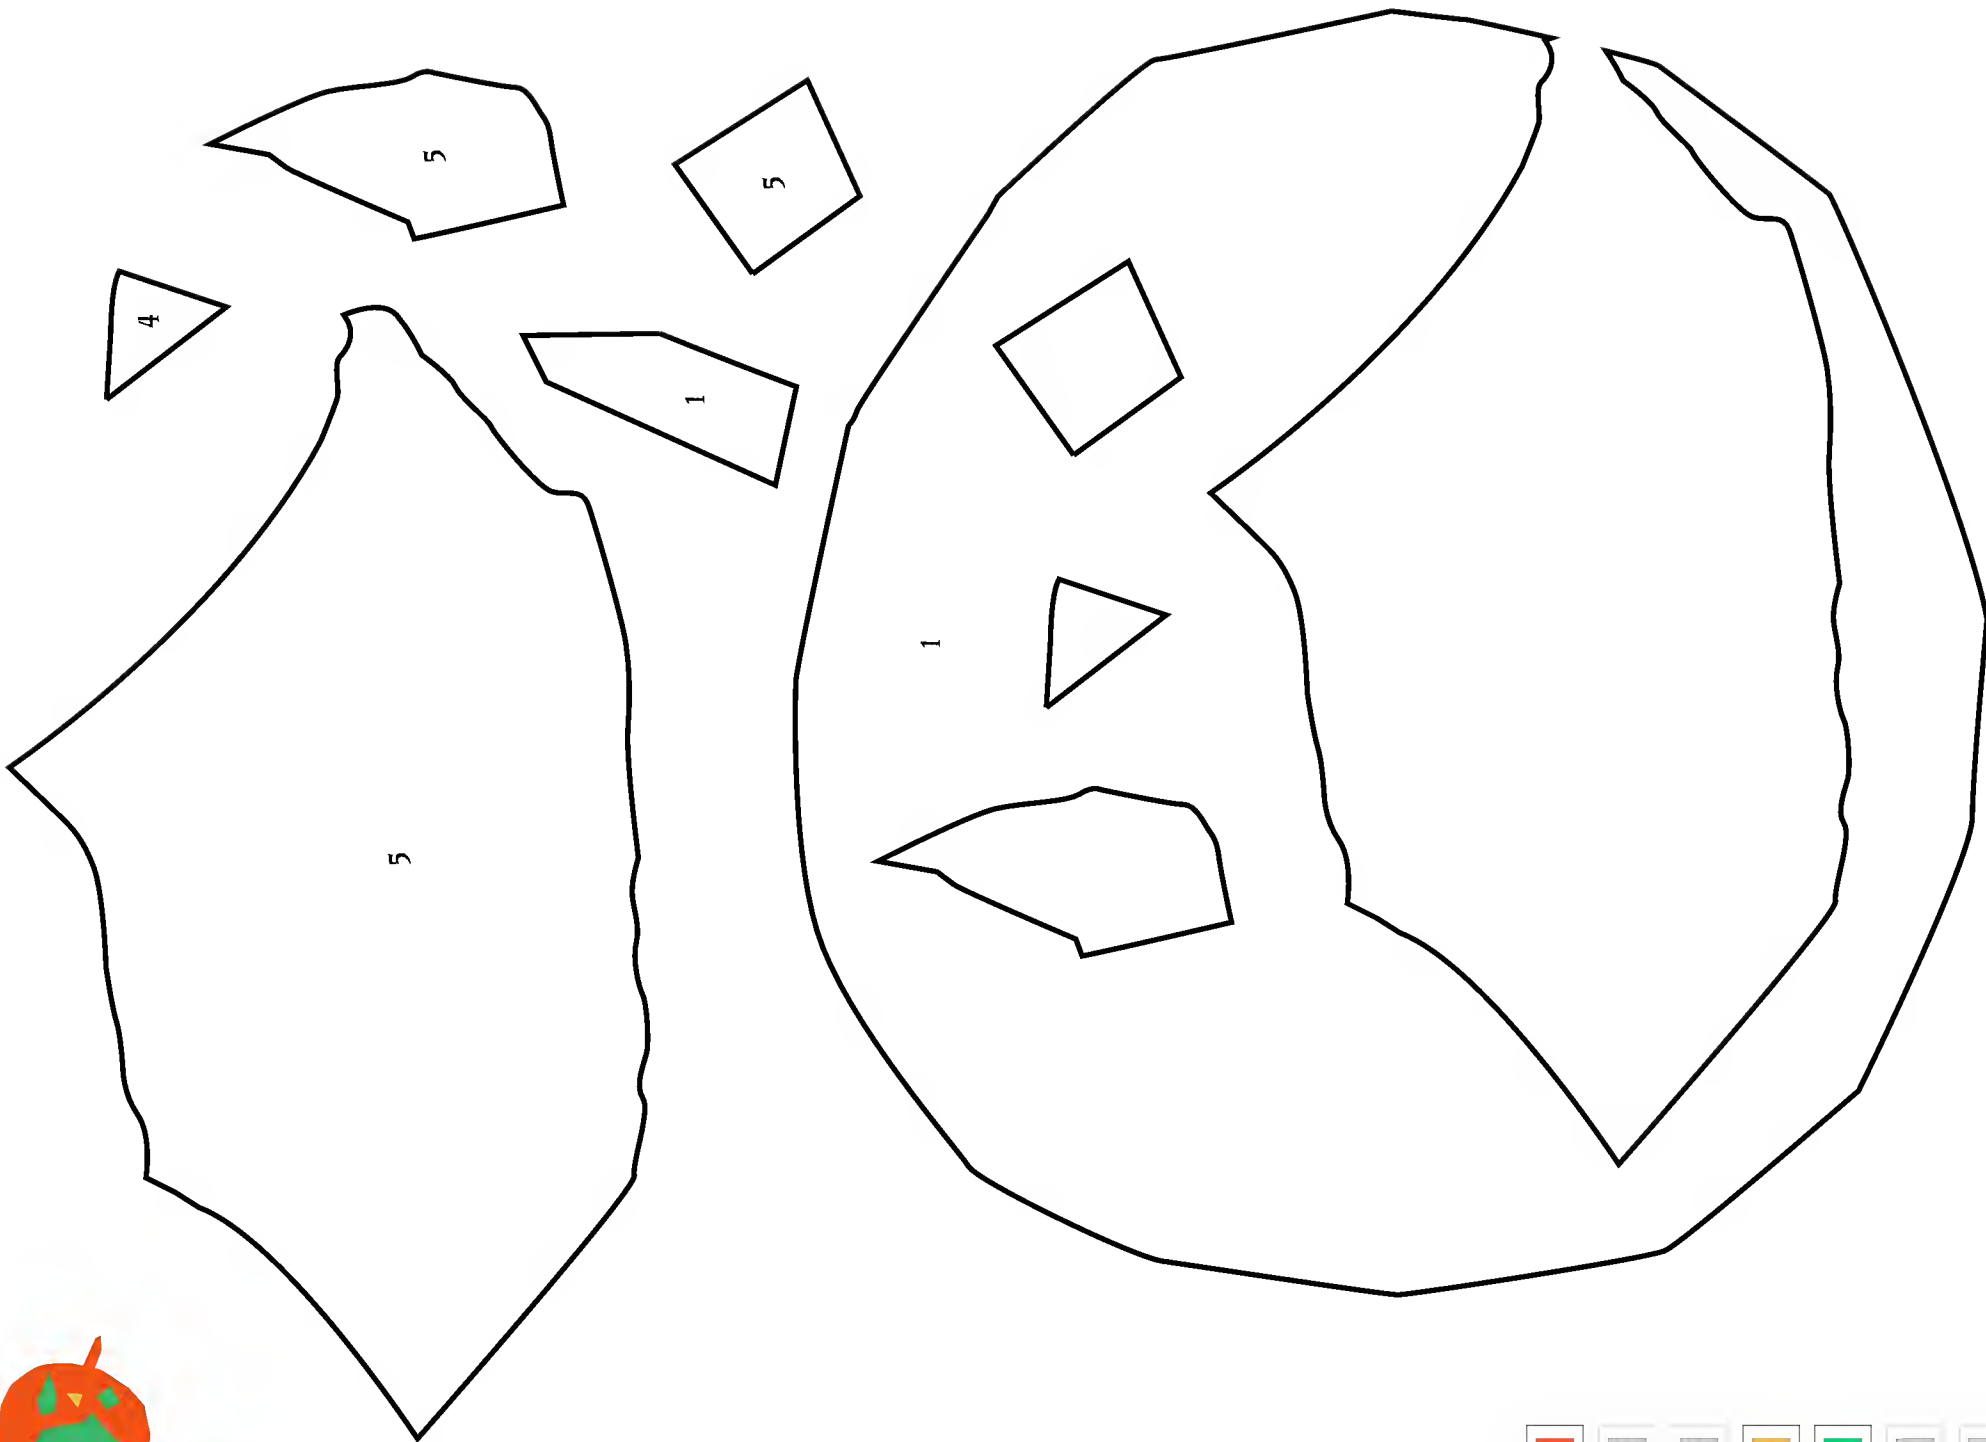

PUMPKIN PAK #9 – THE GHOST

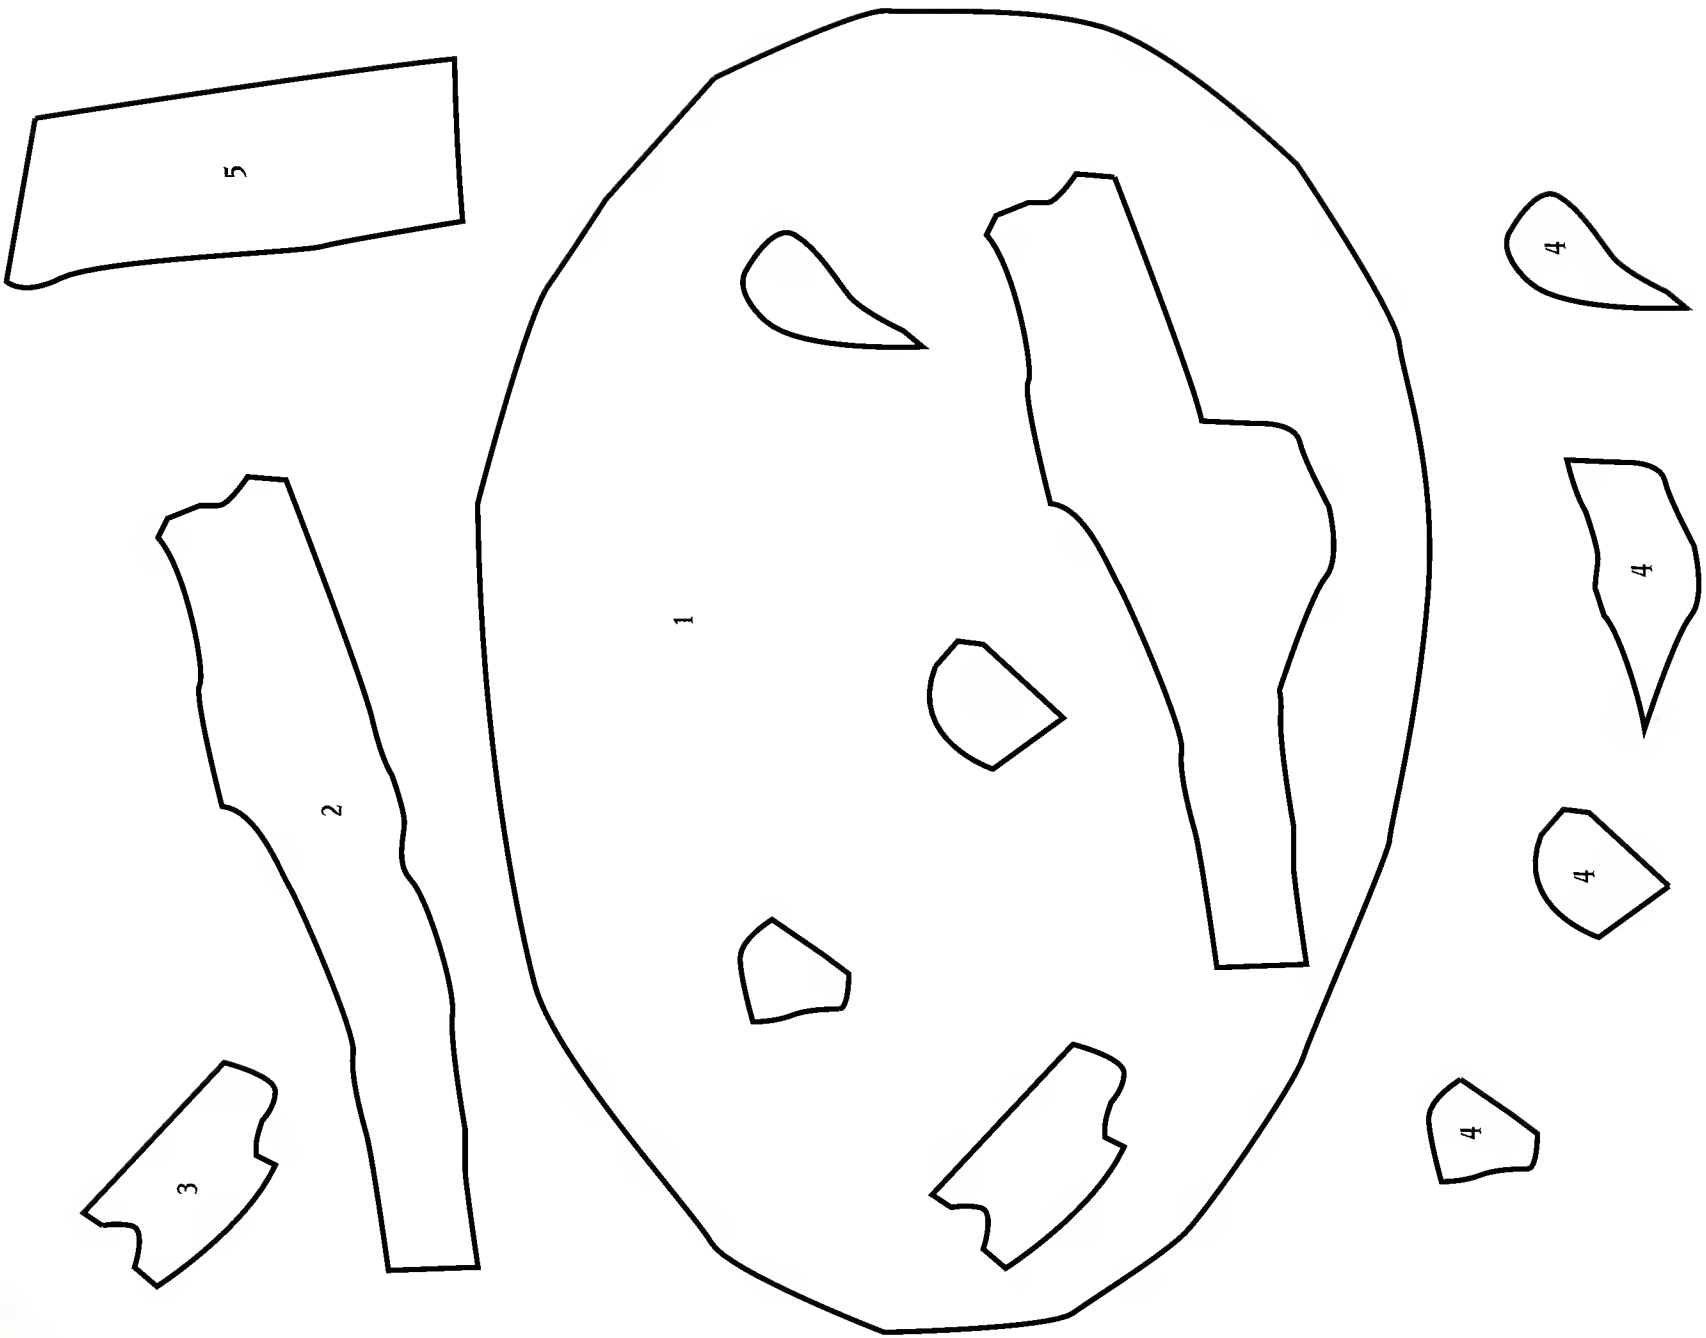

PUMPKIN PAK #10 — BIG MOUTH

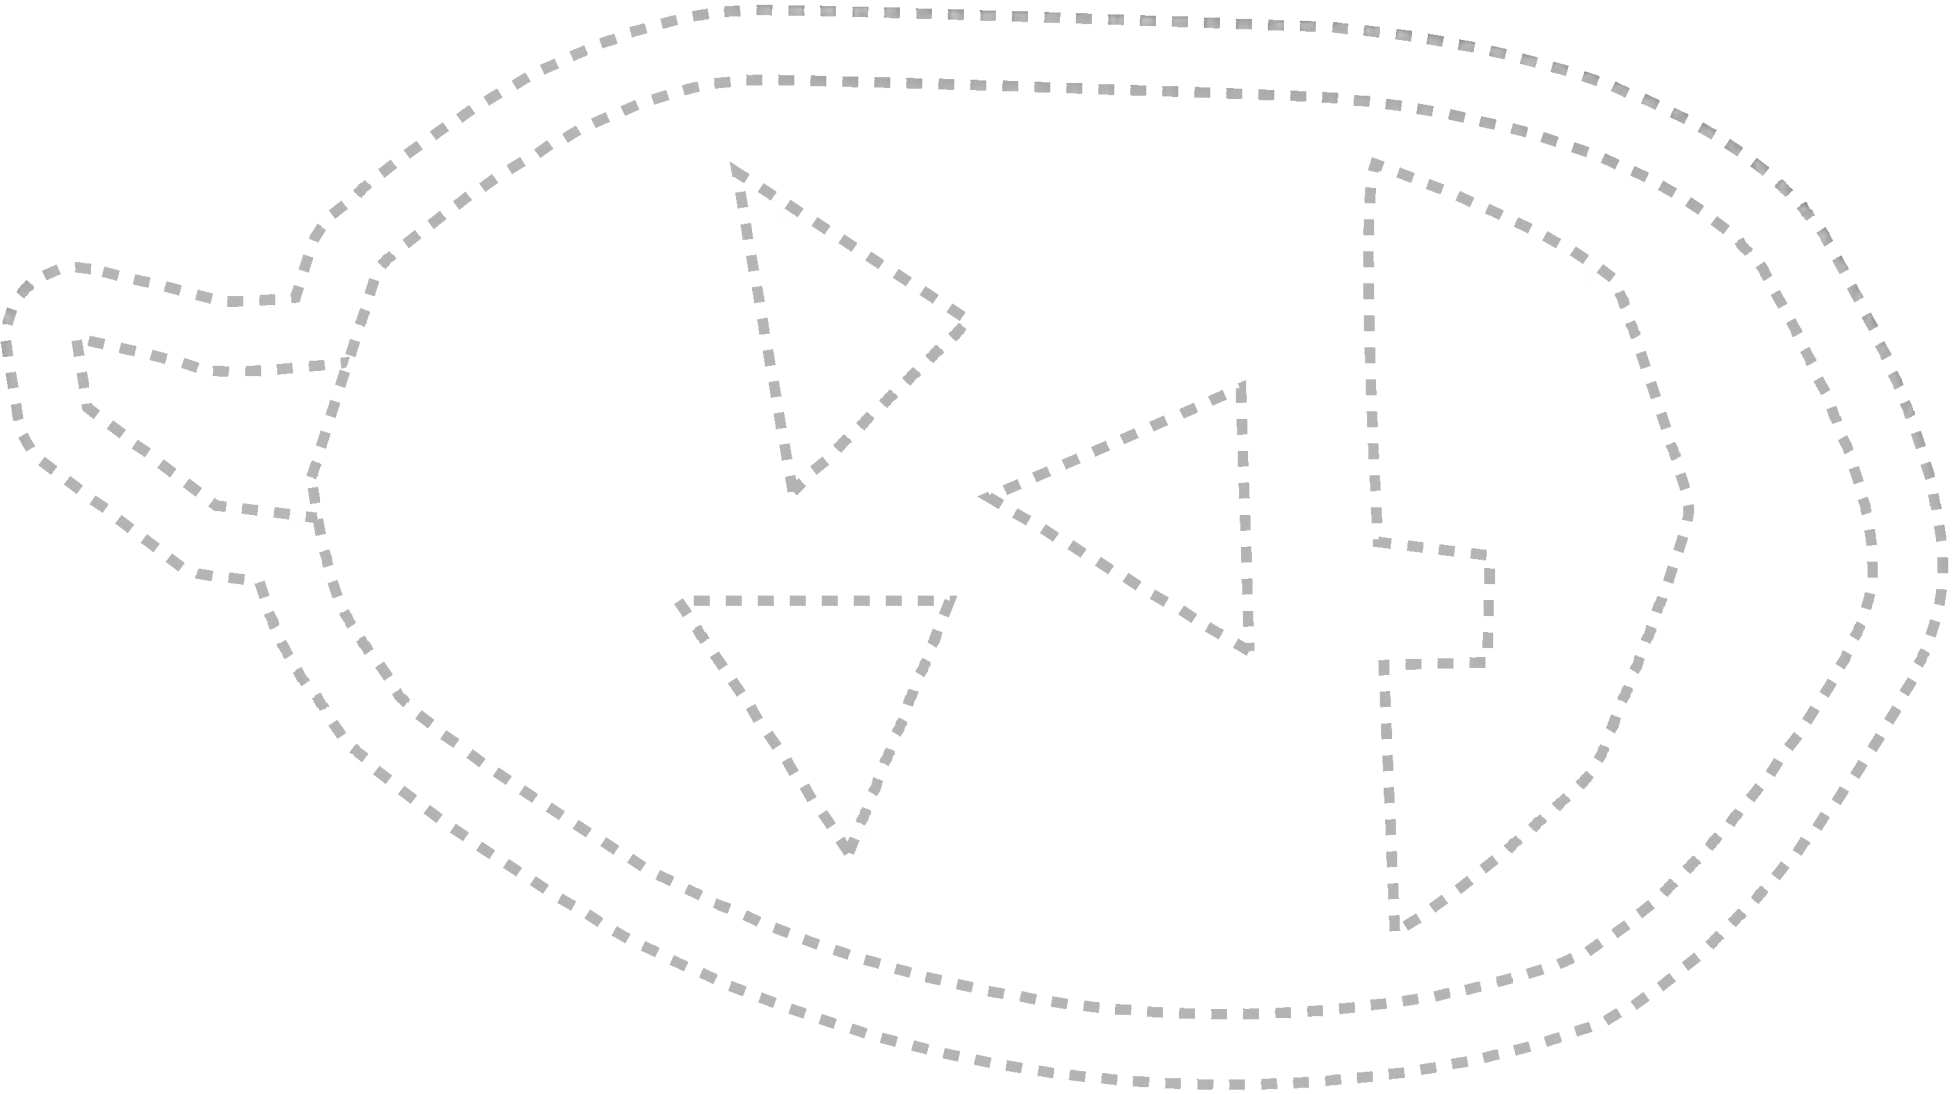

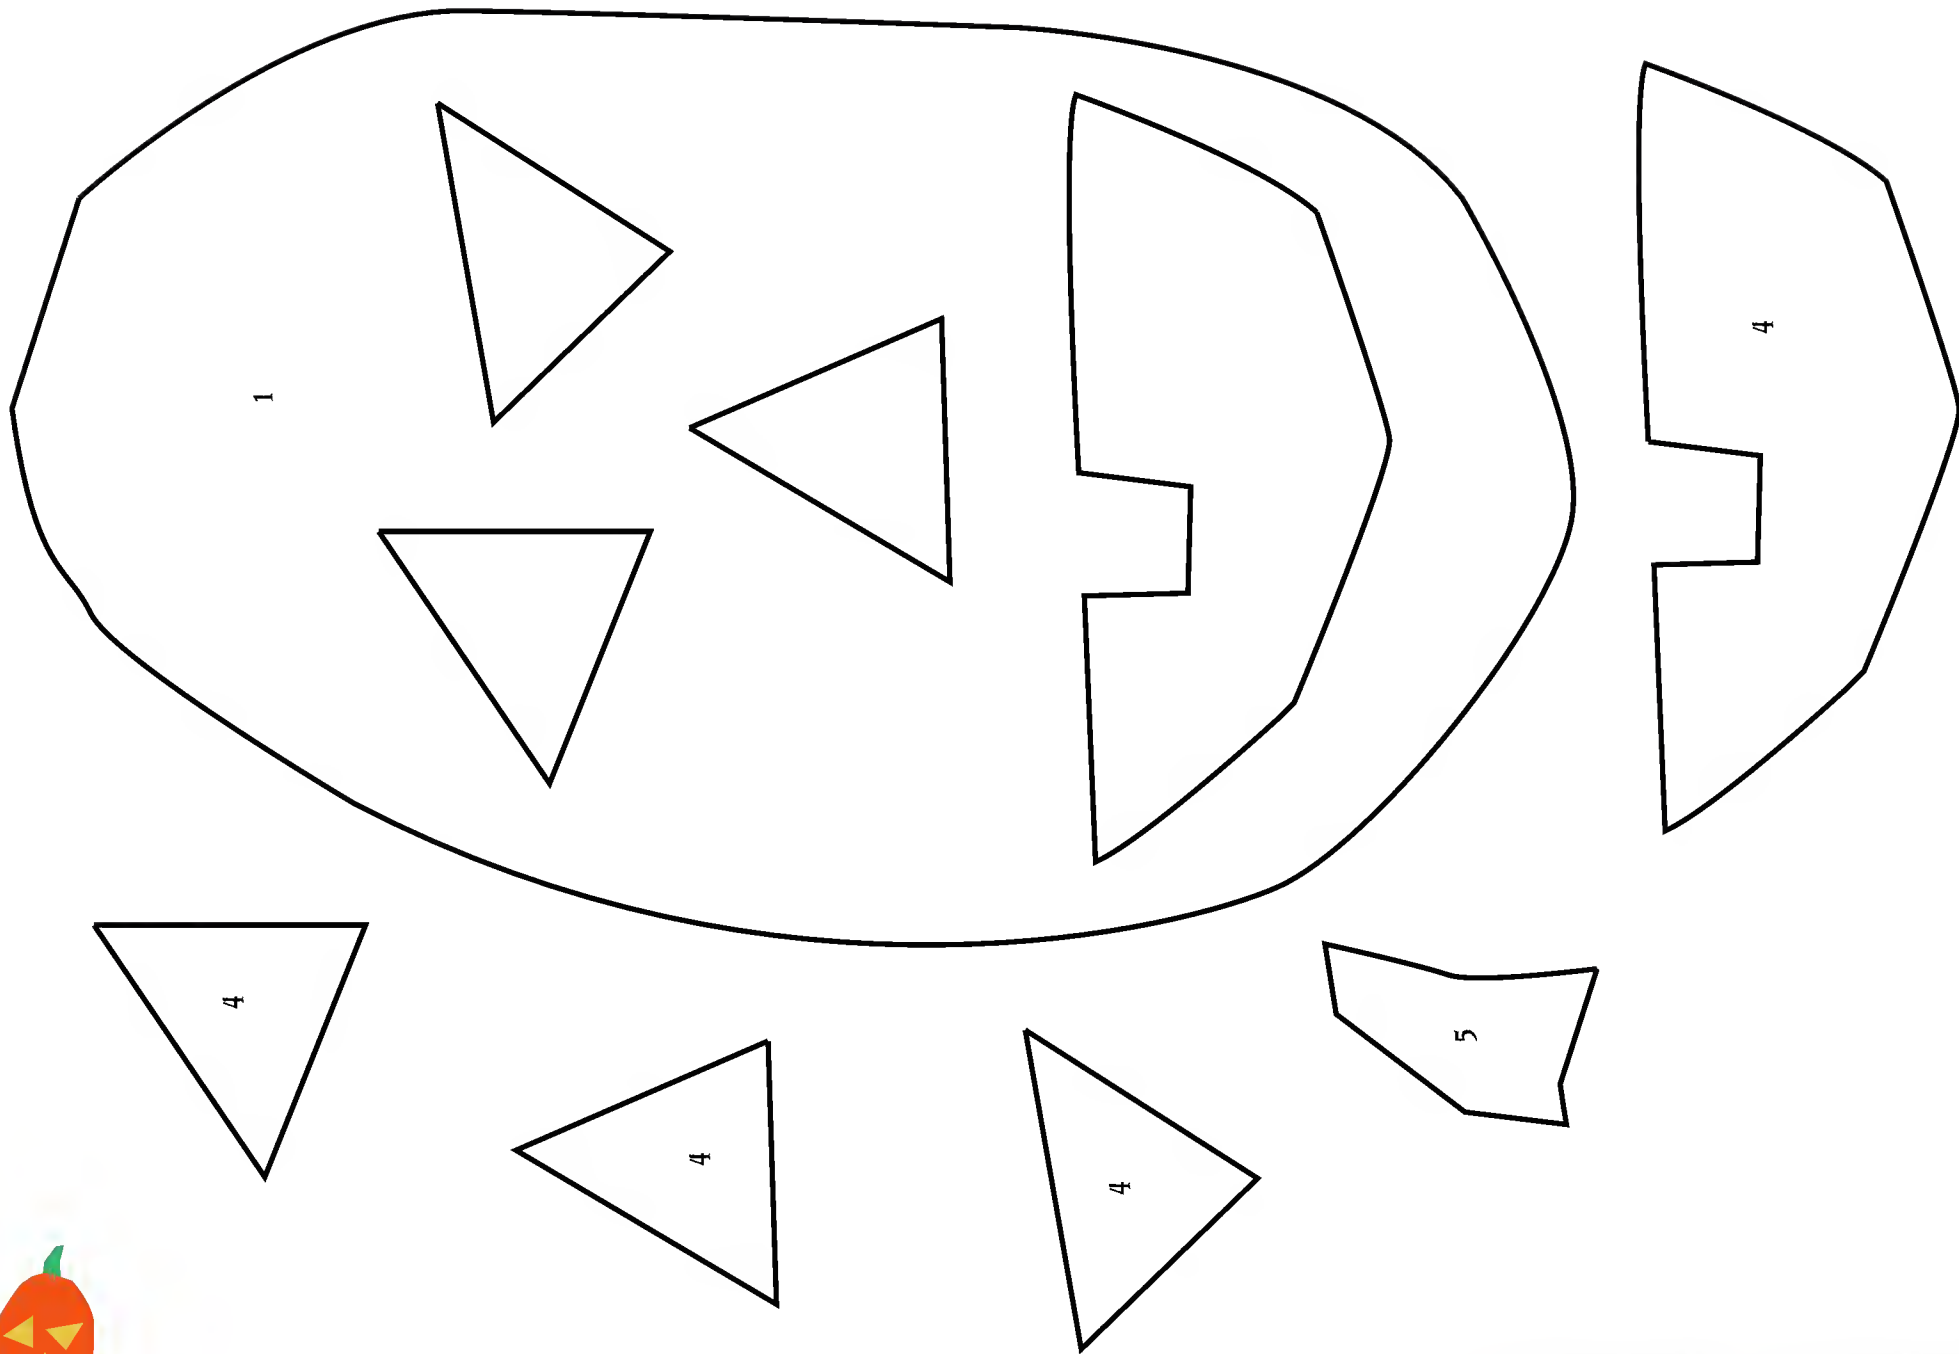

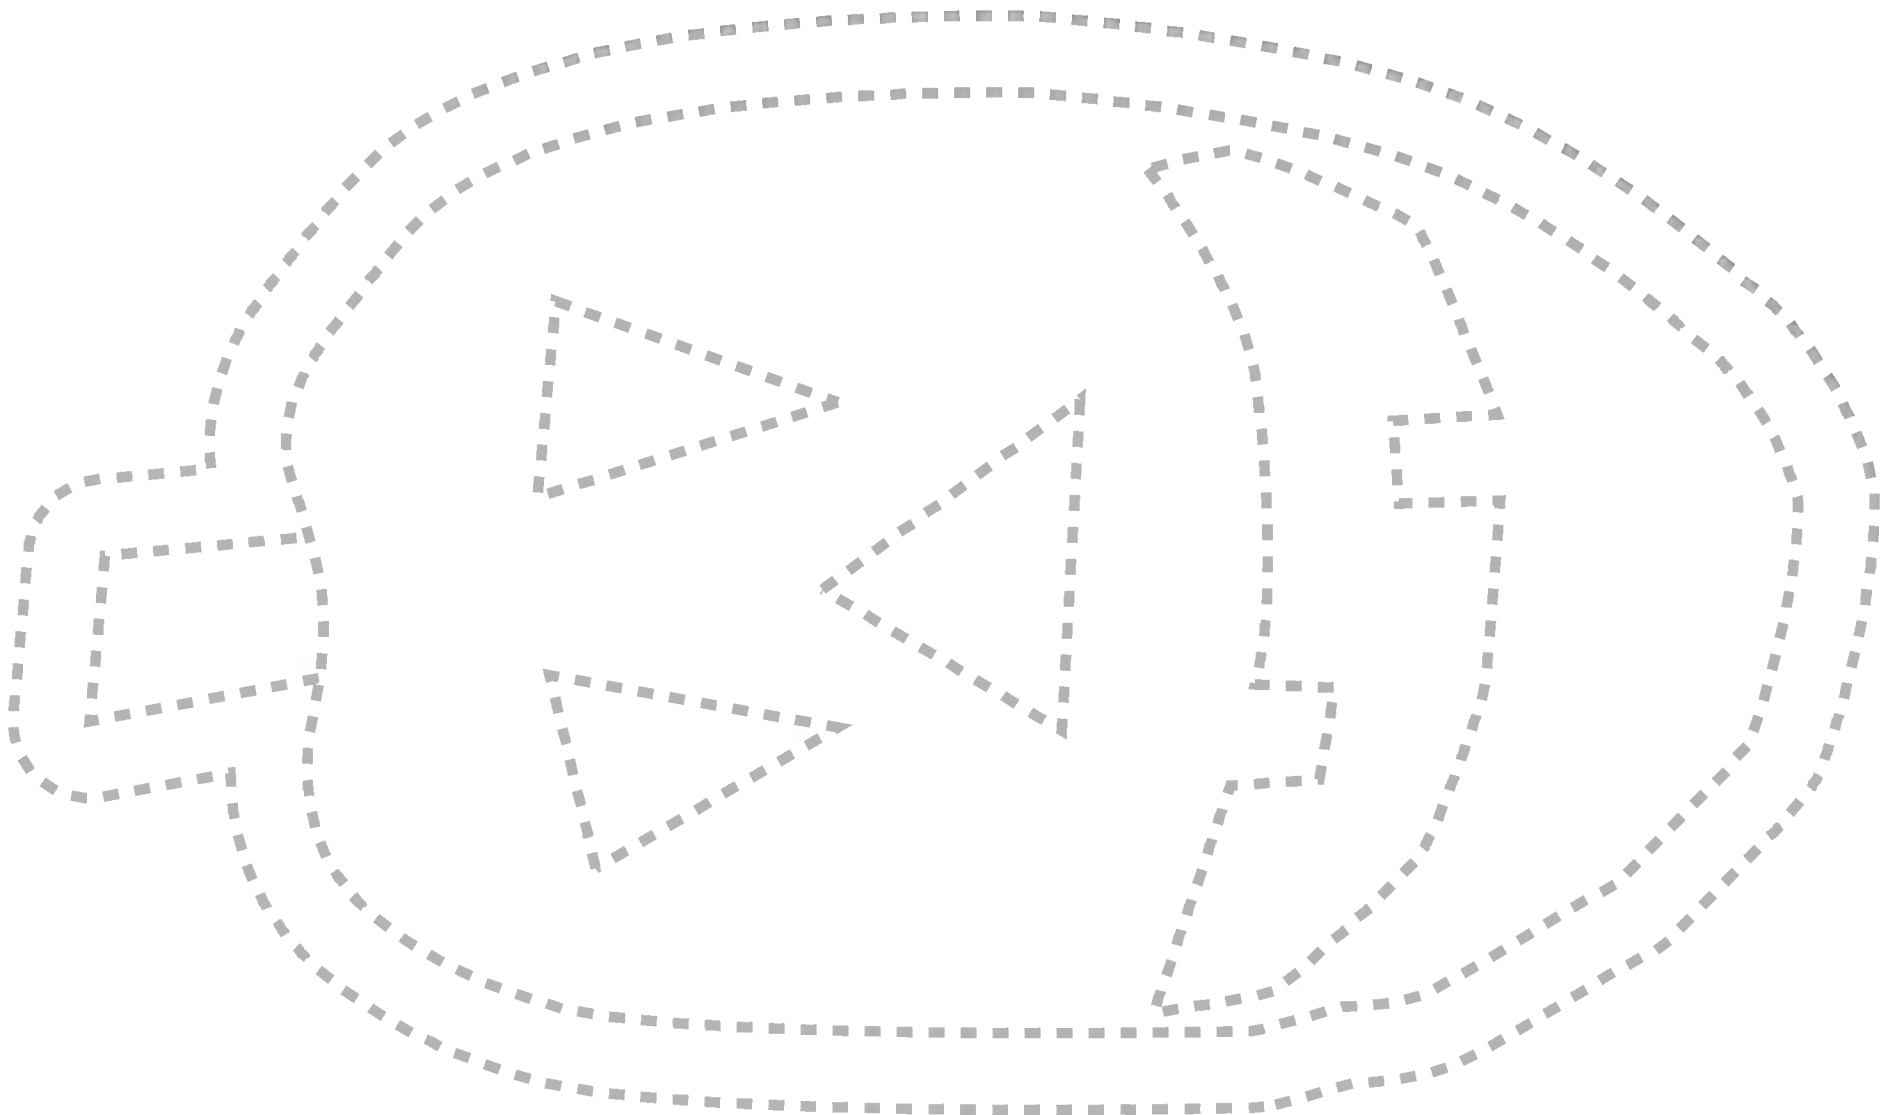

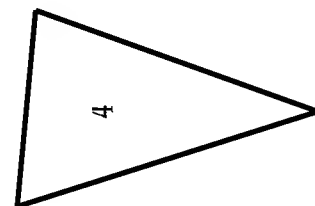

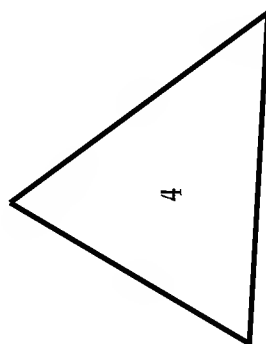

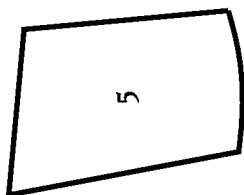

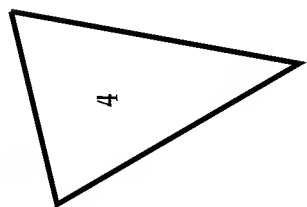

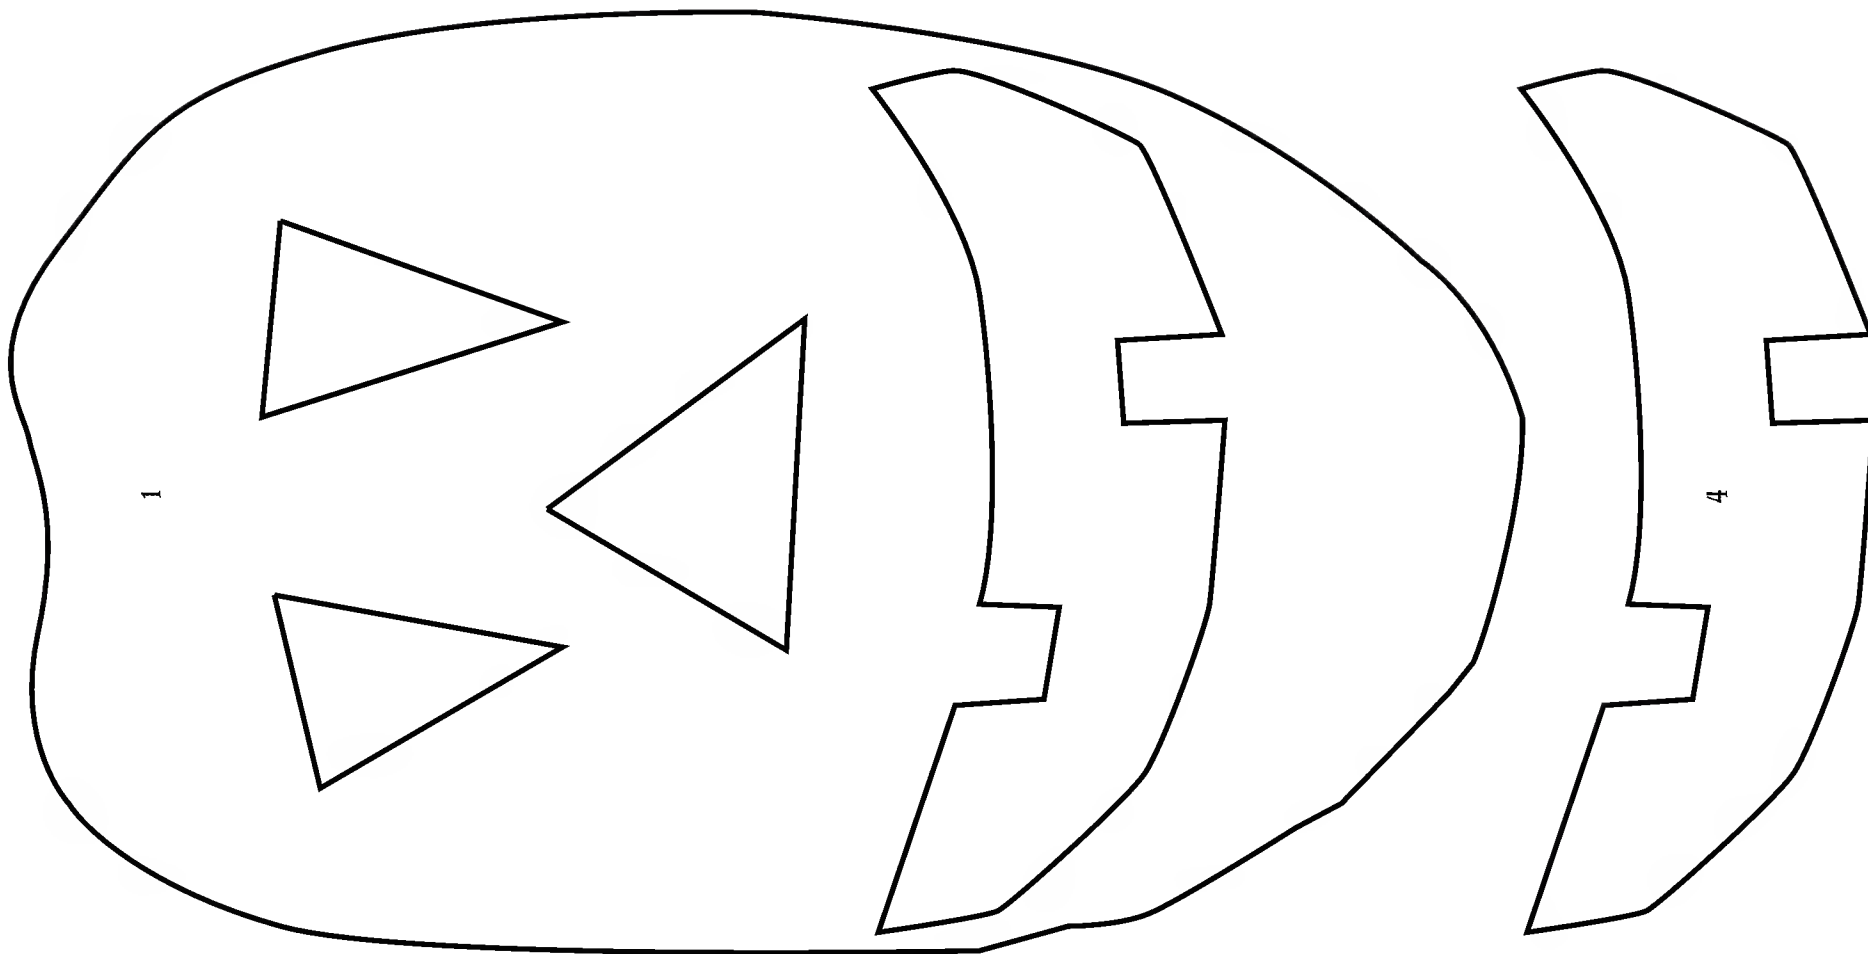

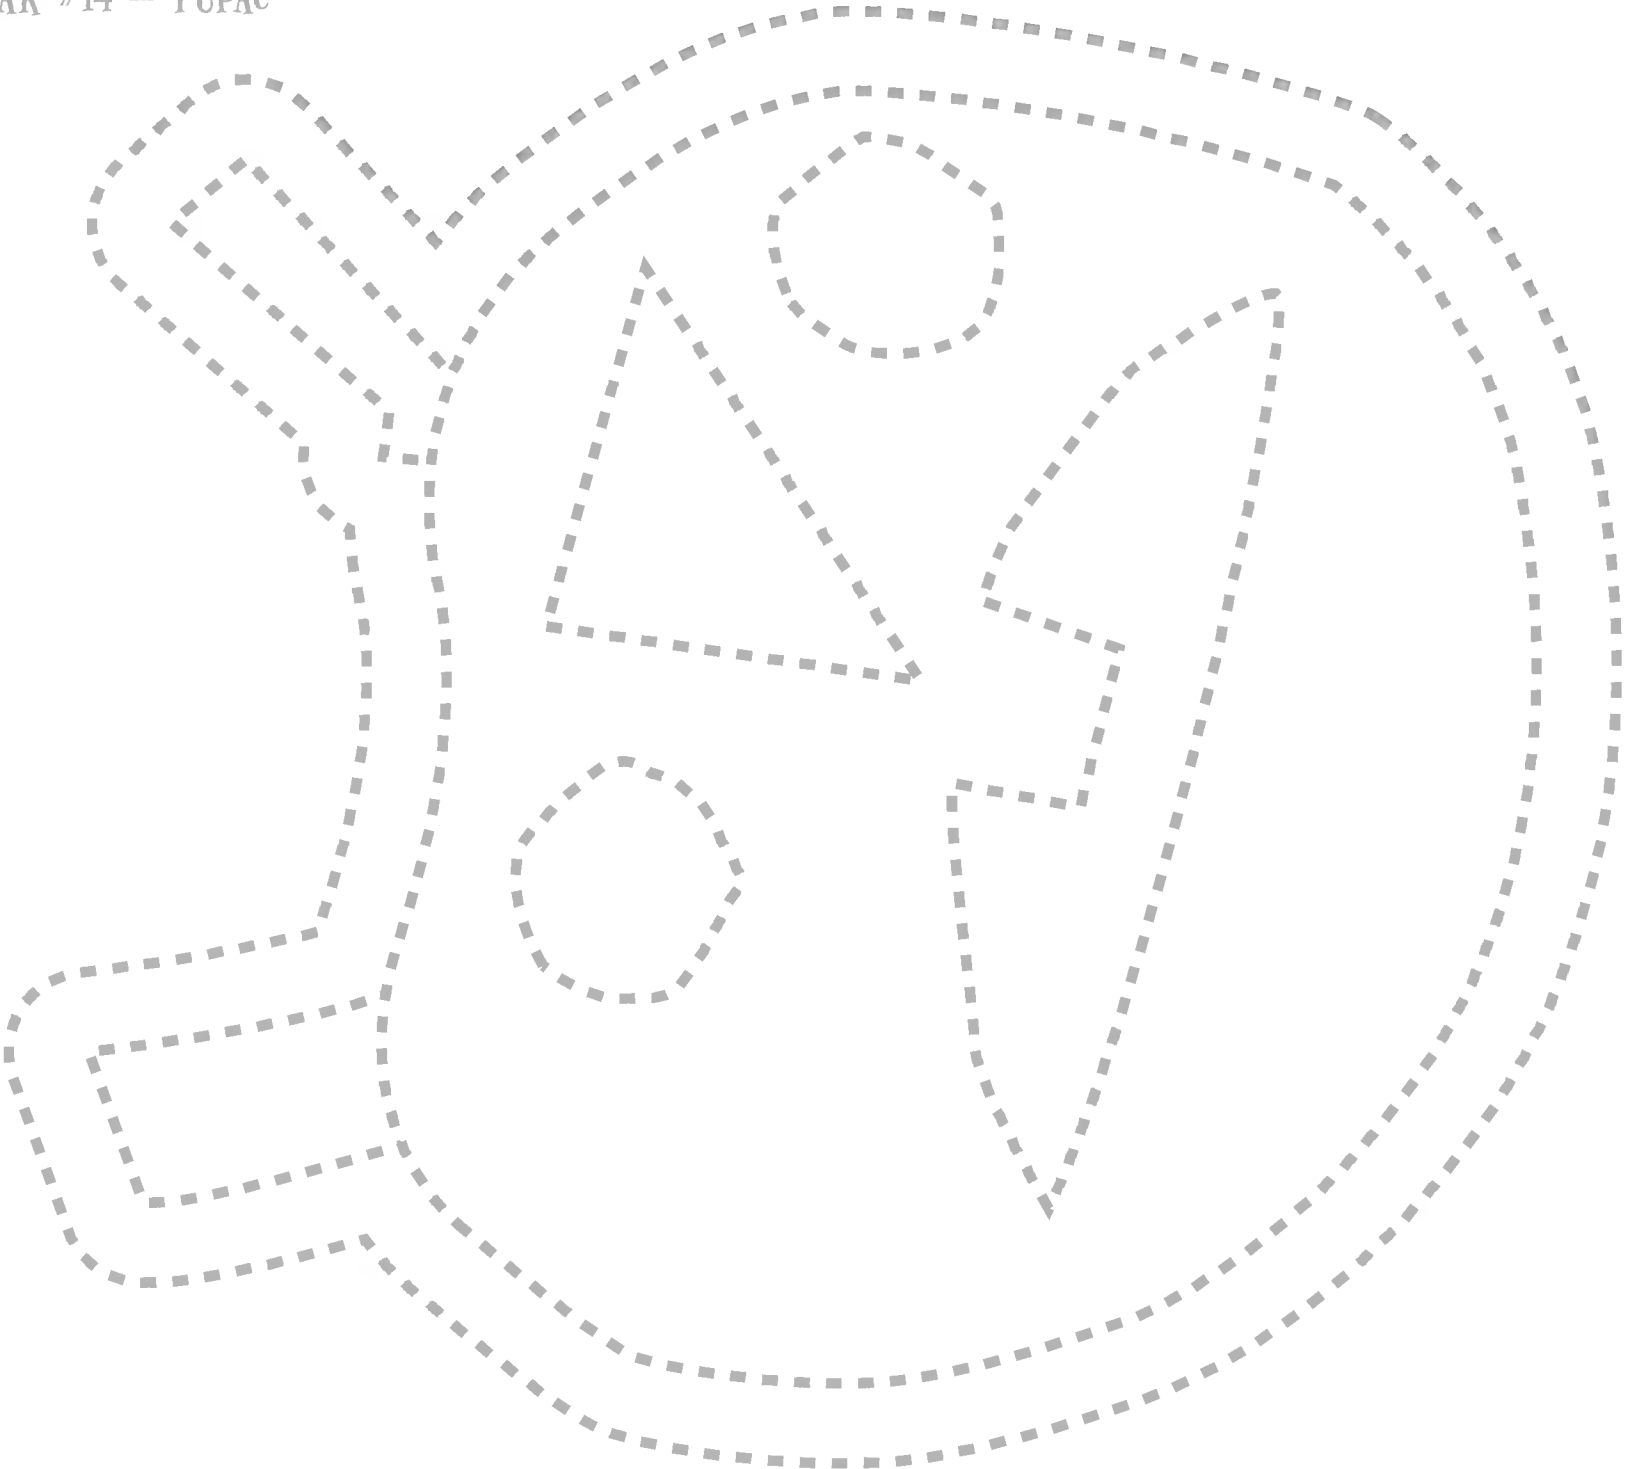

PUMPKIN PAK #12 — BIG OL' BUCKTEETH

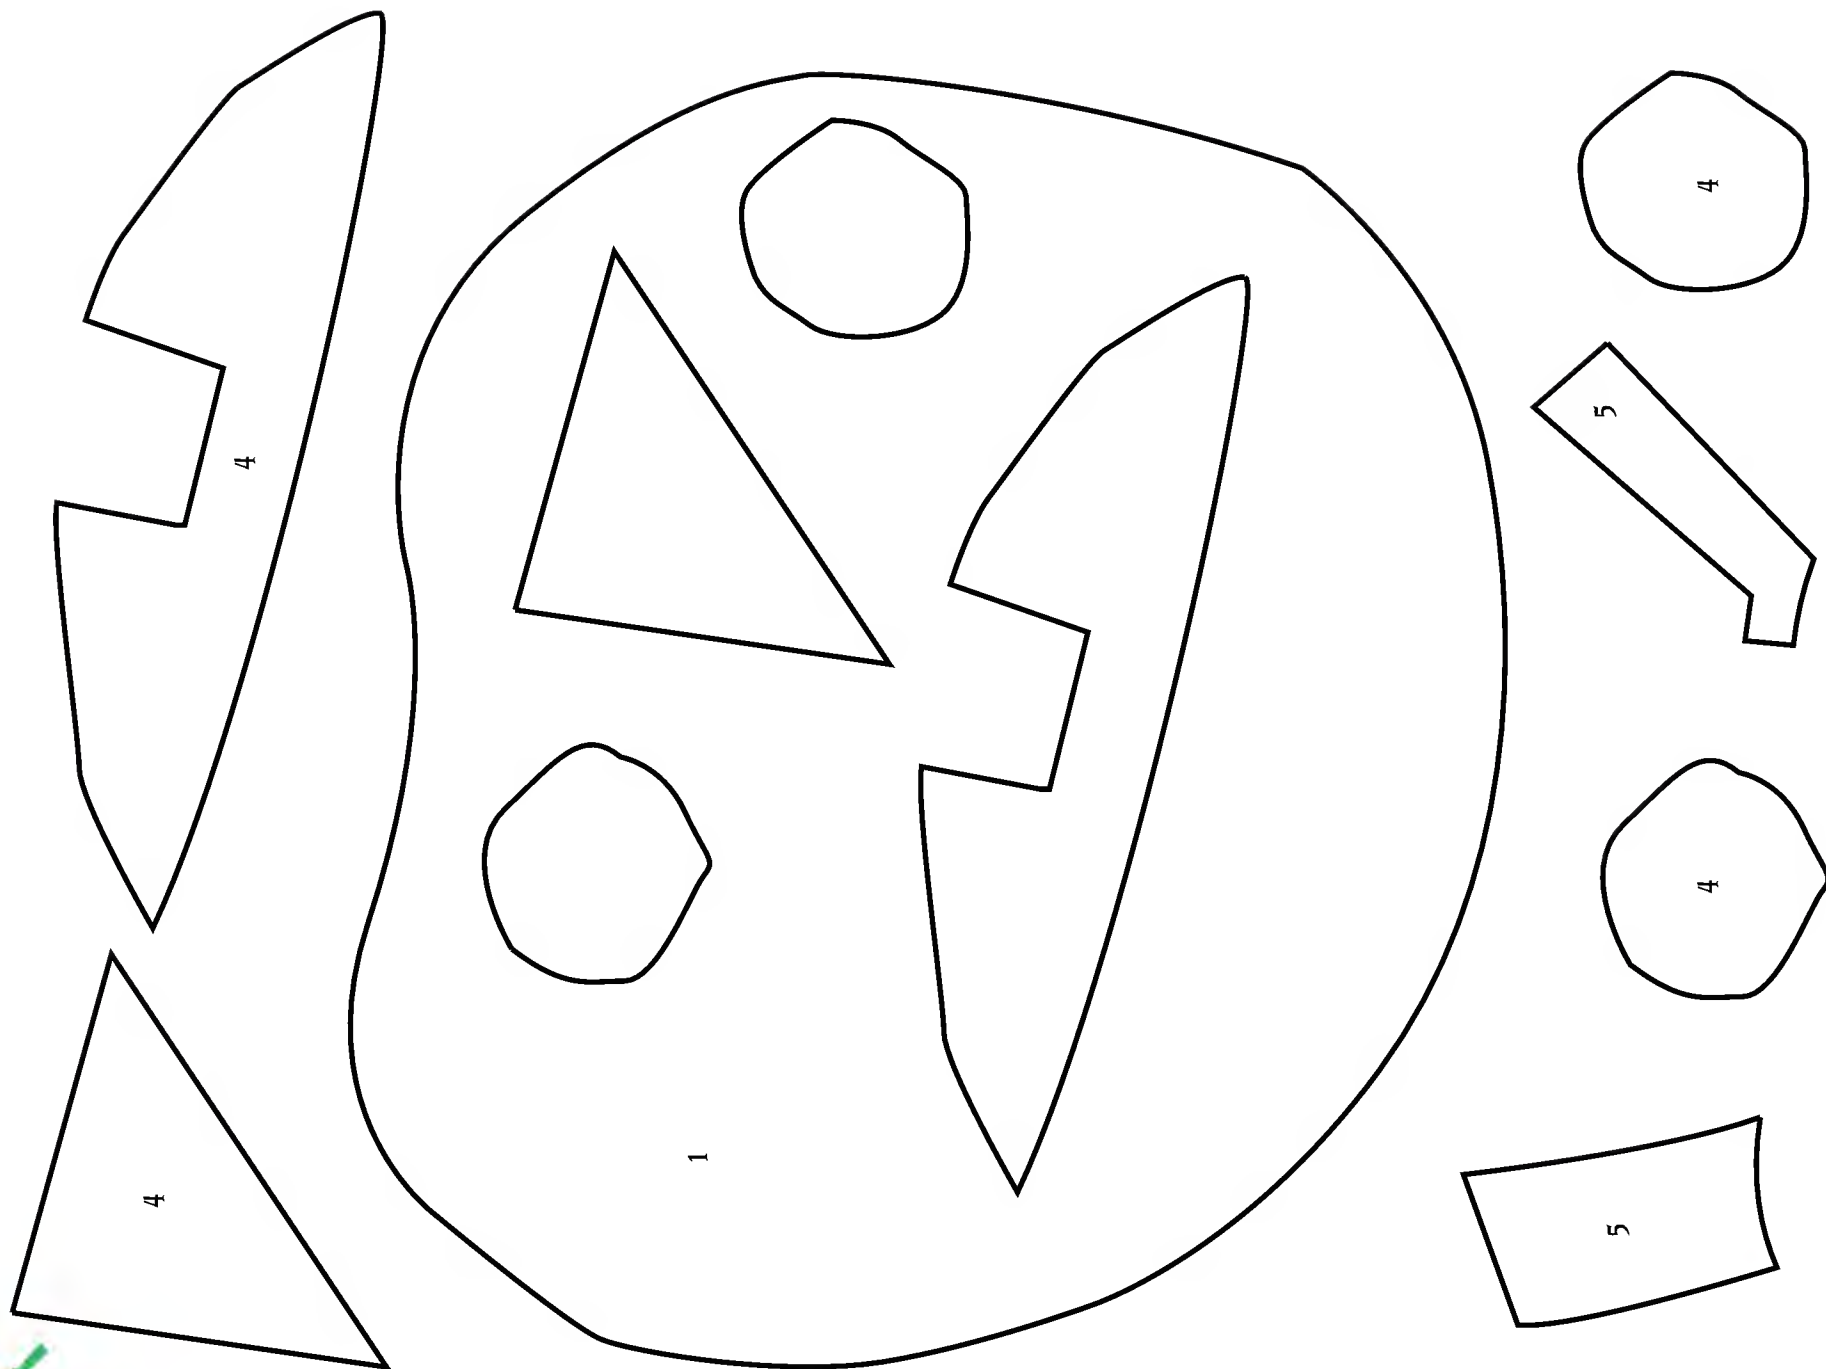

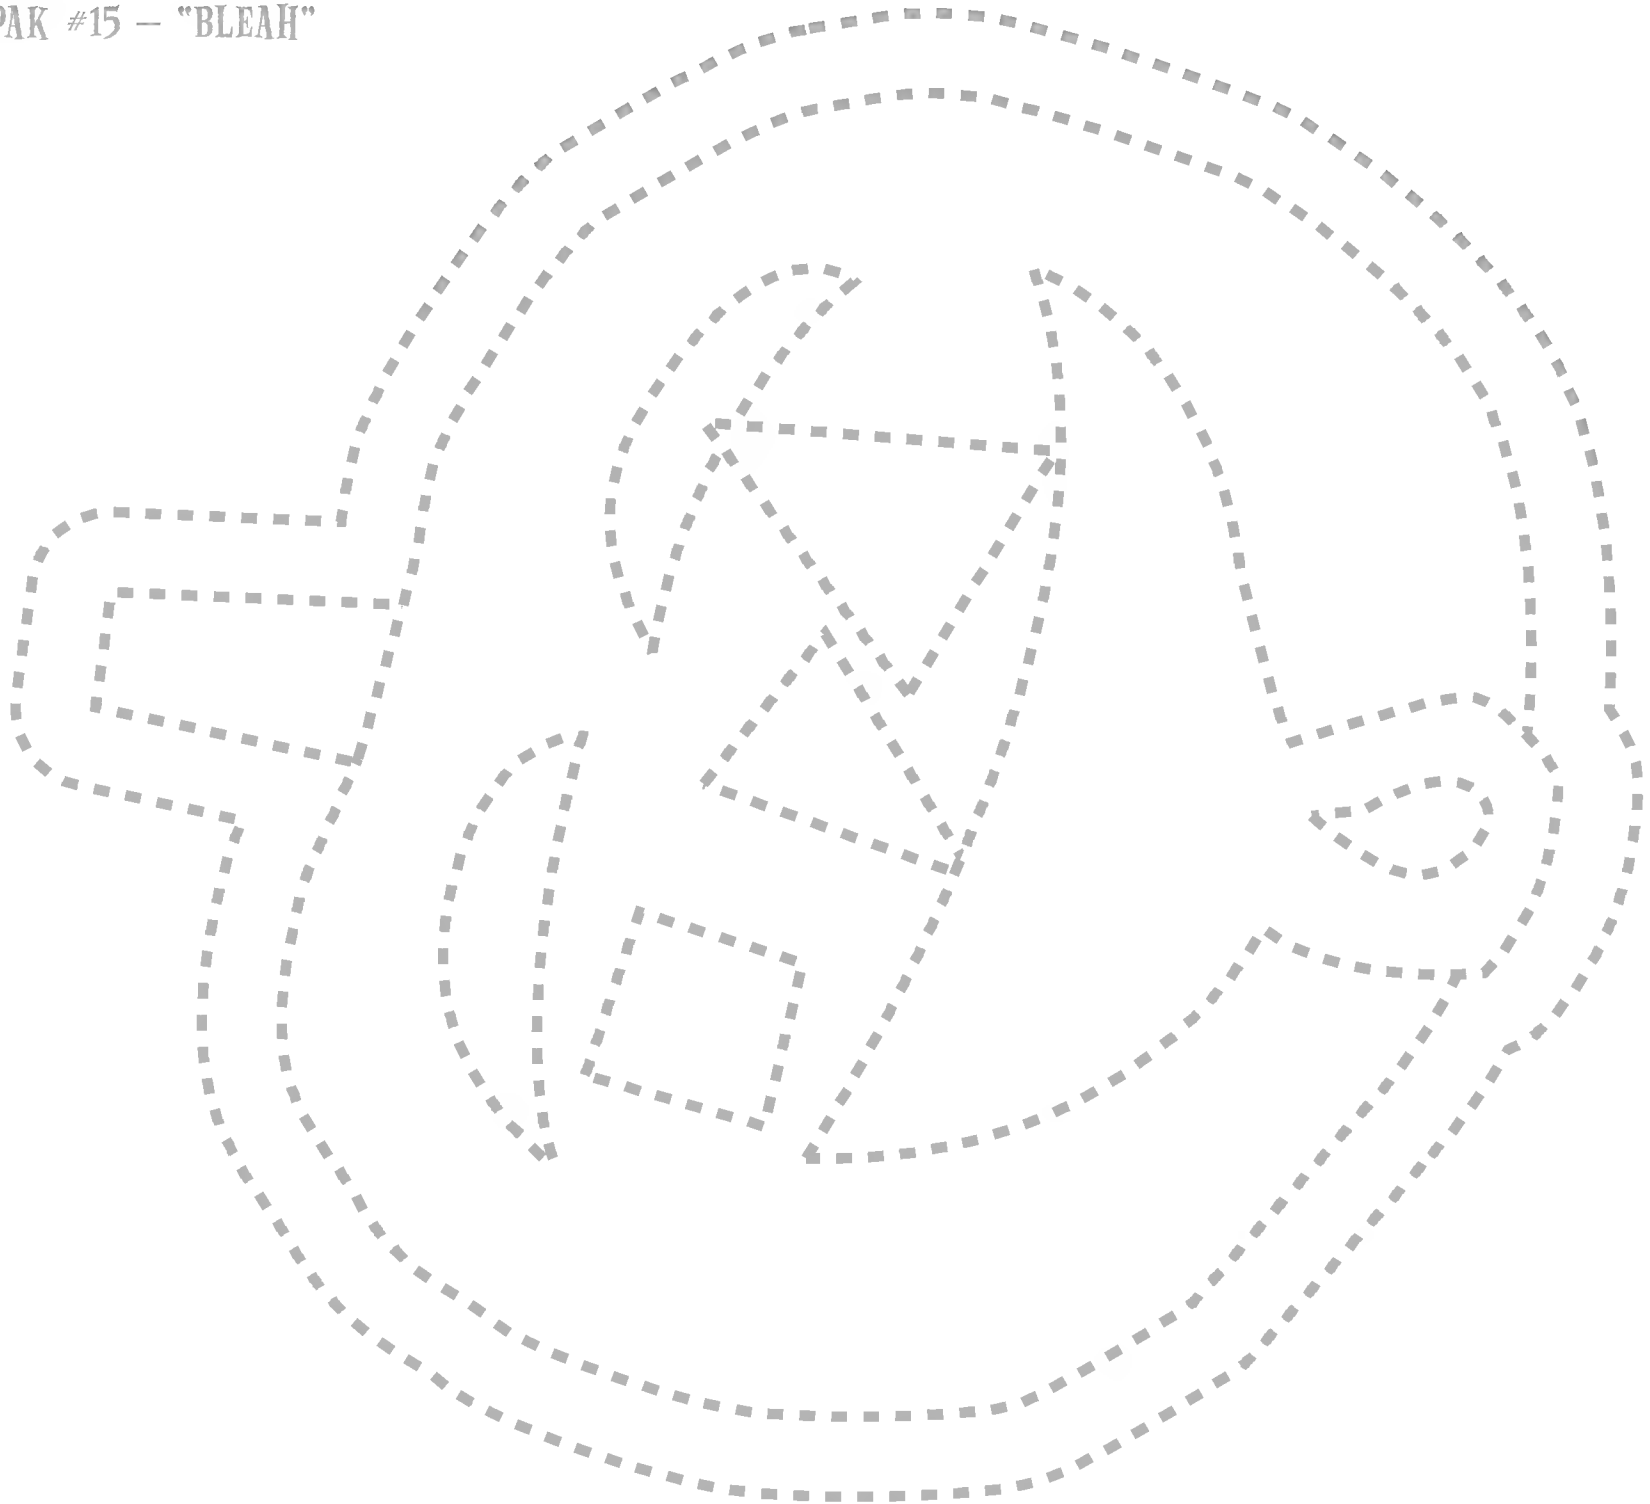

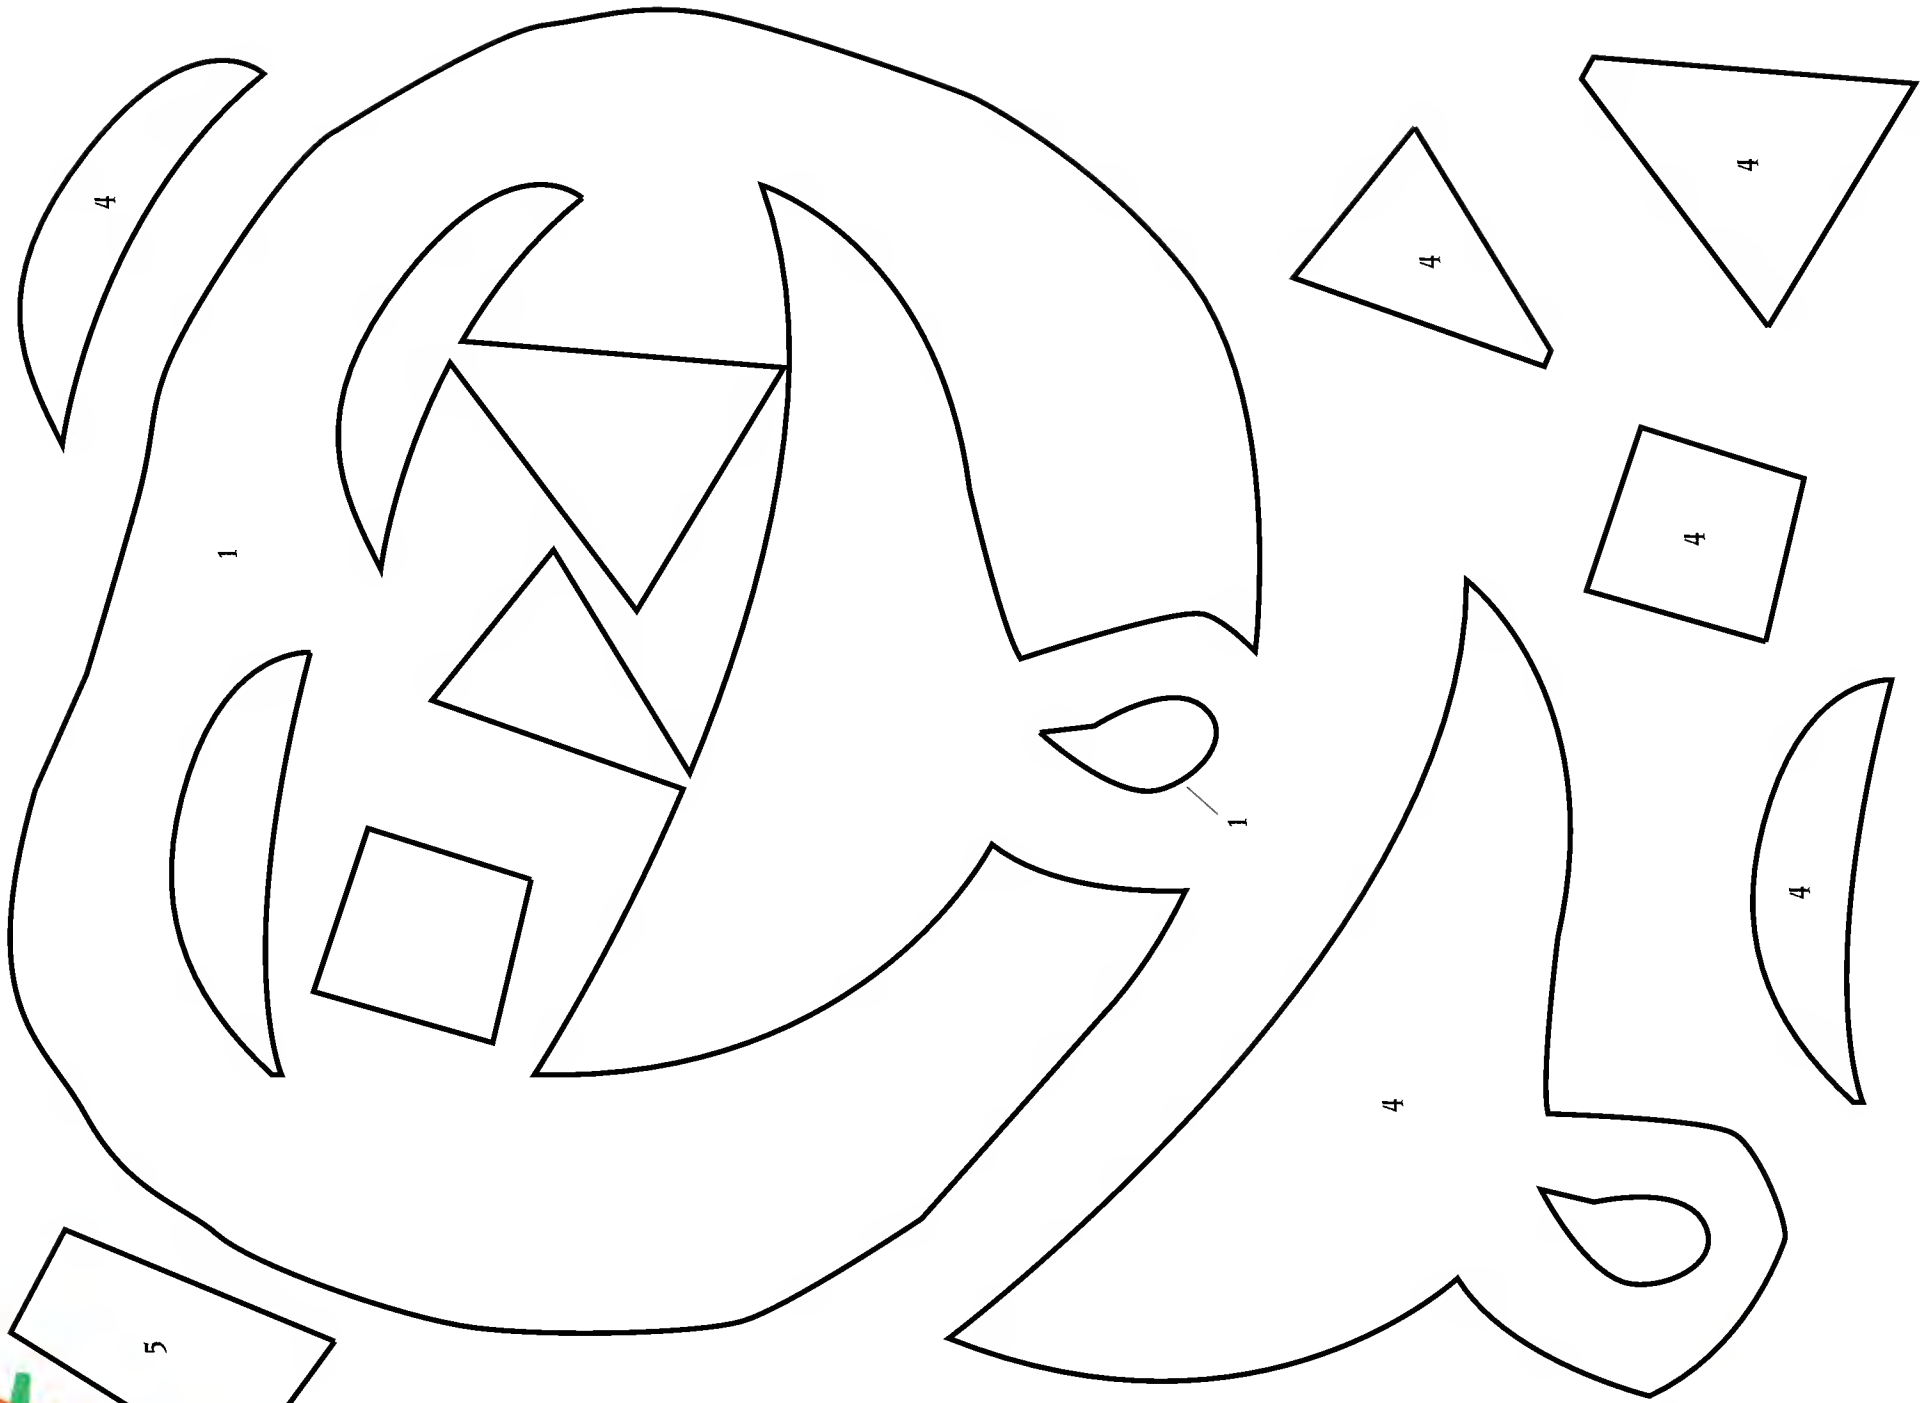

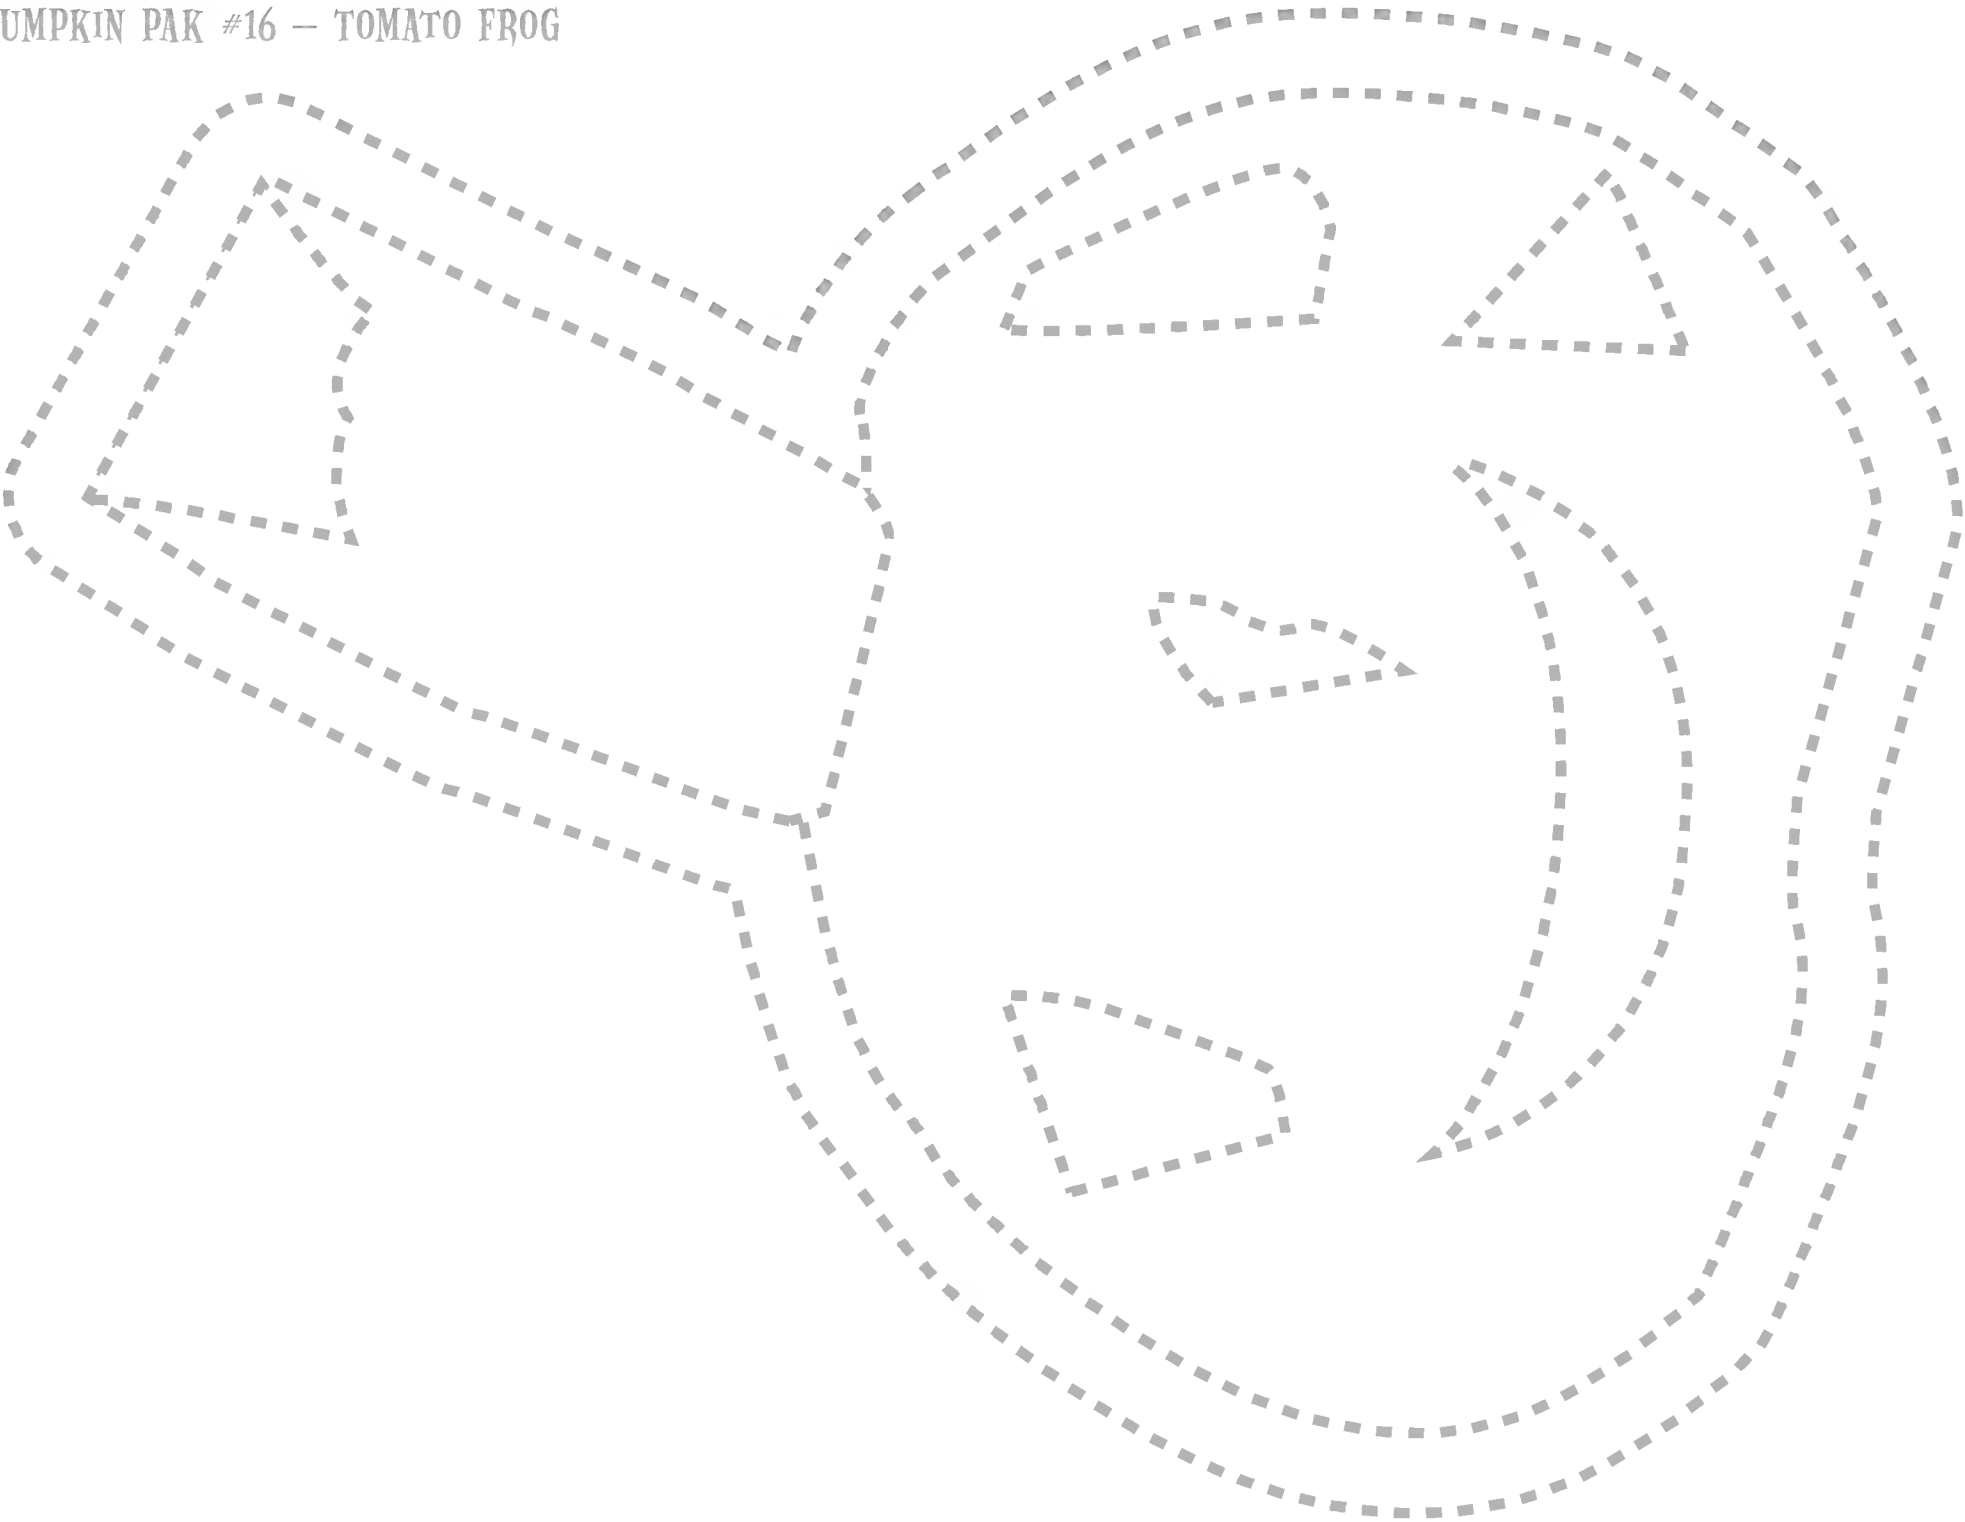

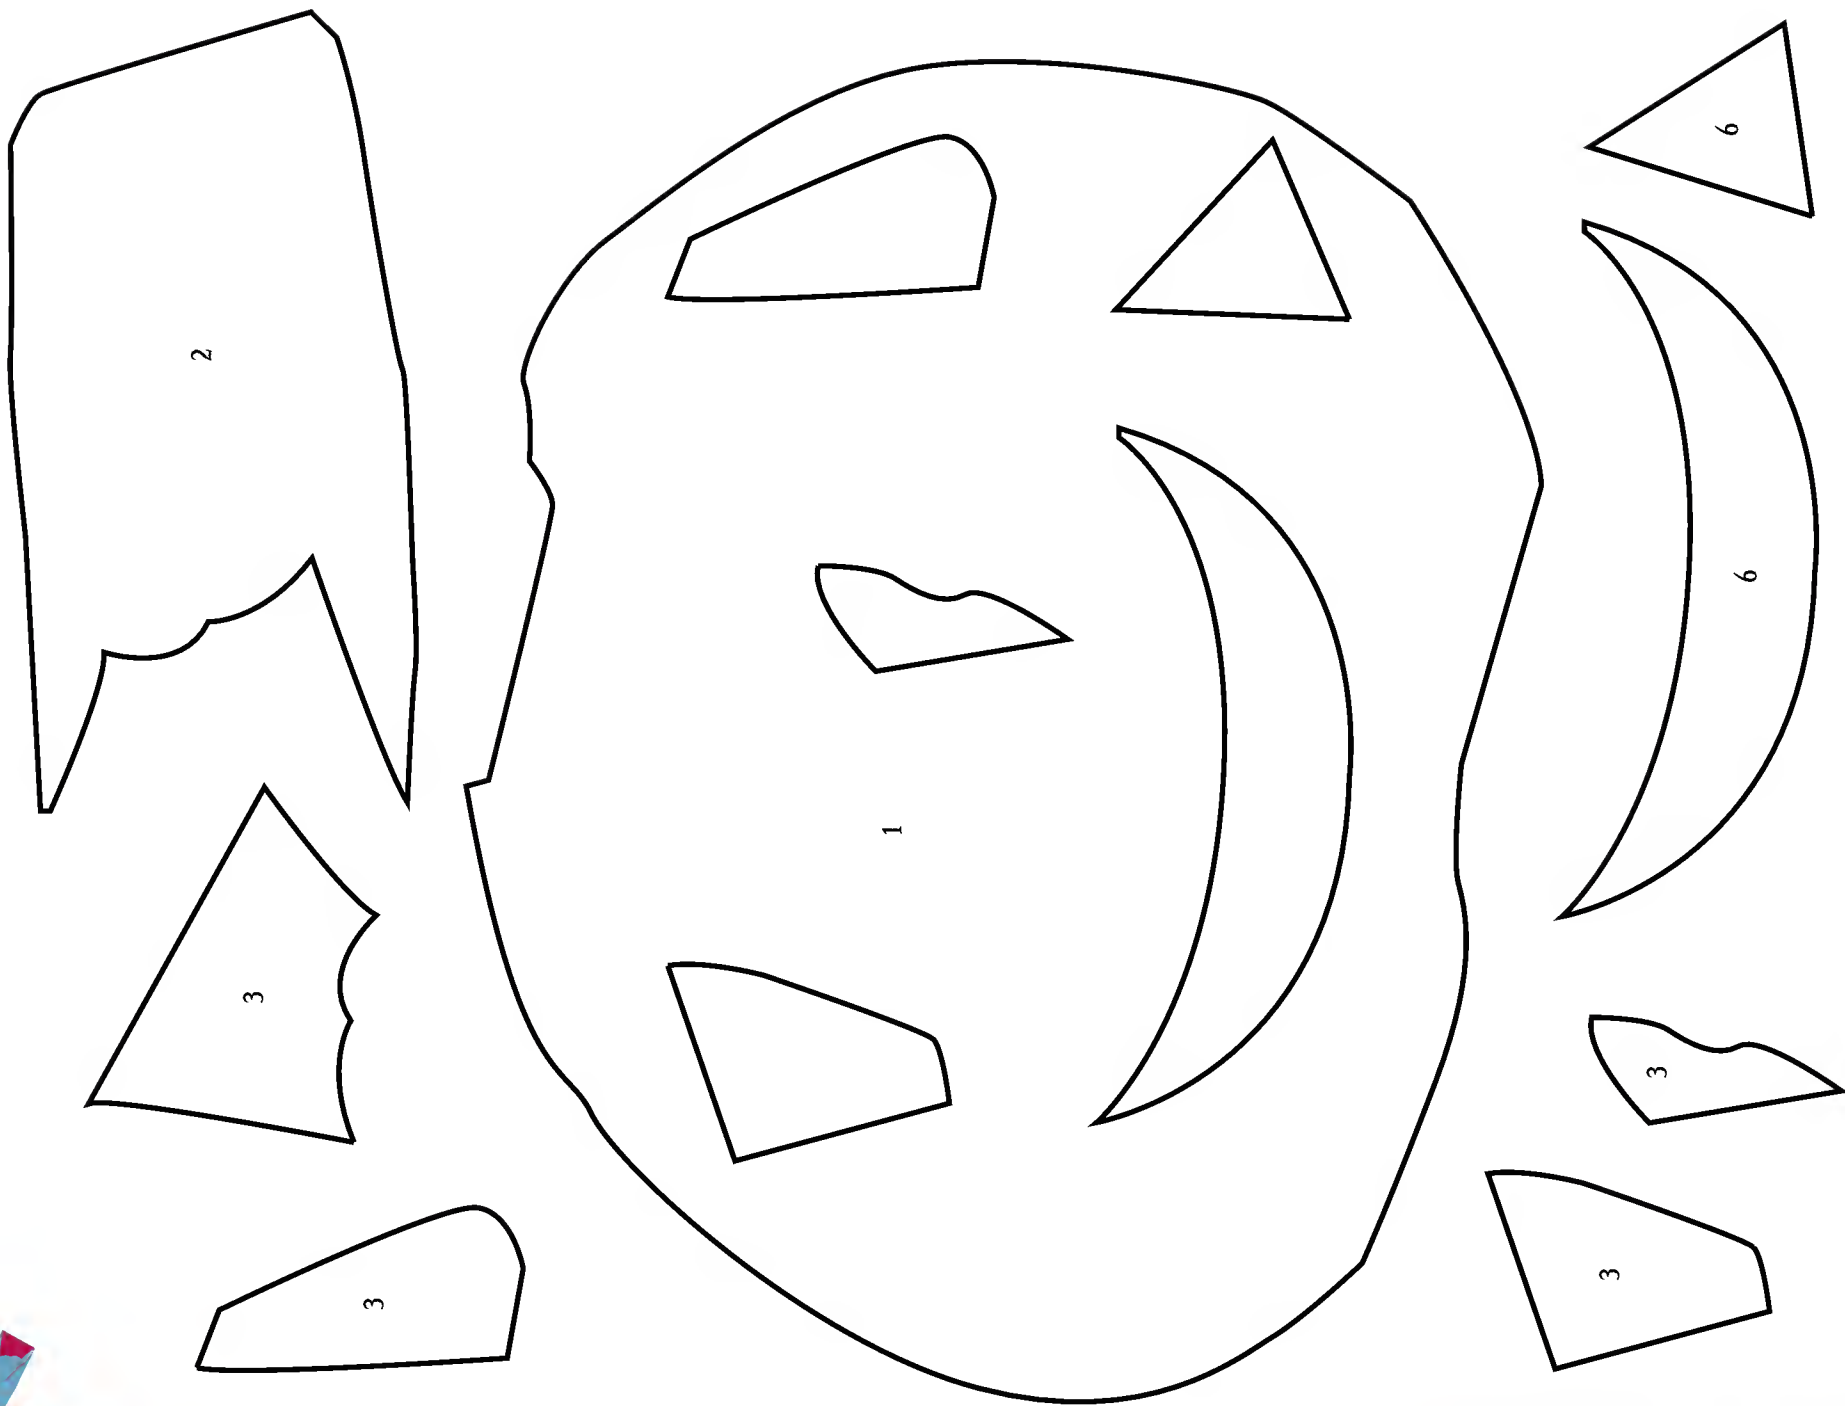

PUMPKIN PAK #15 – “BLEAH”

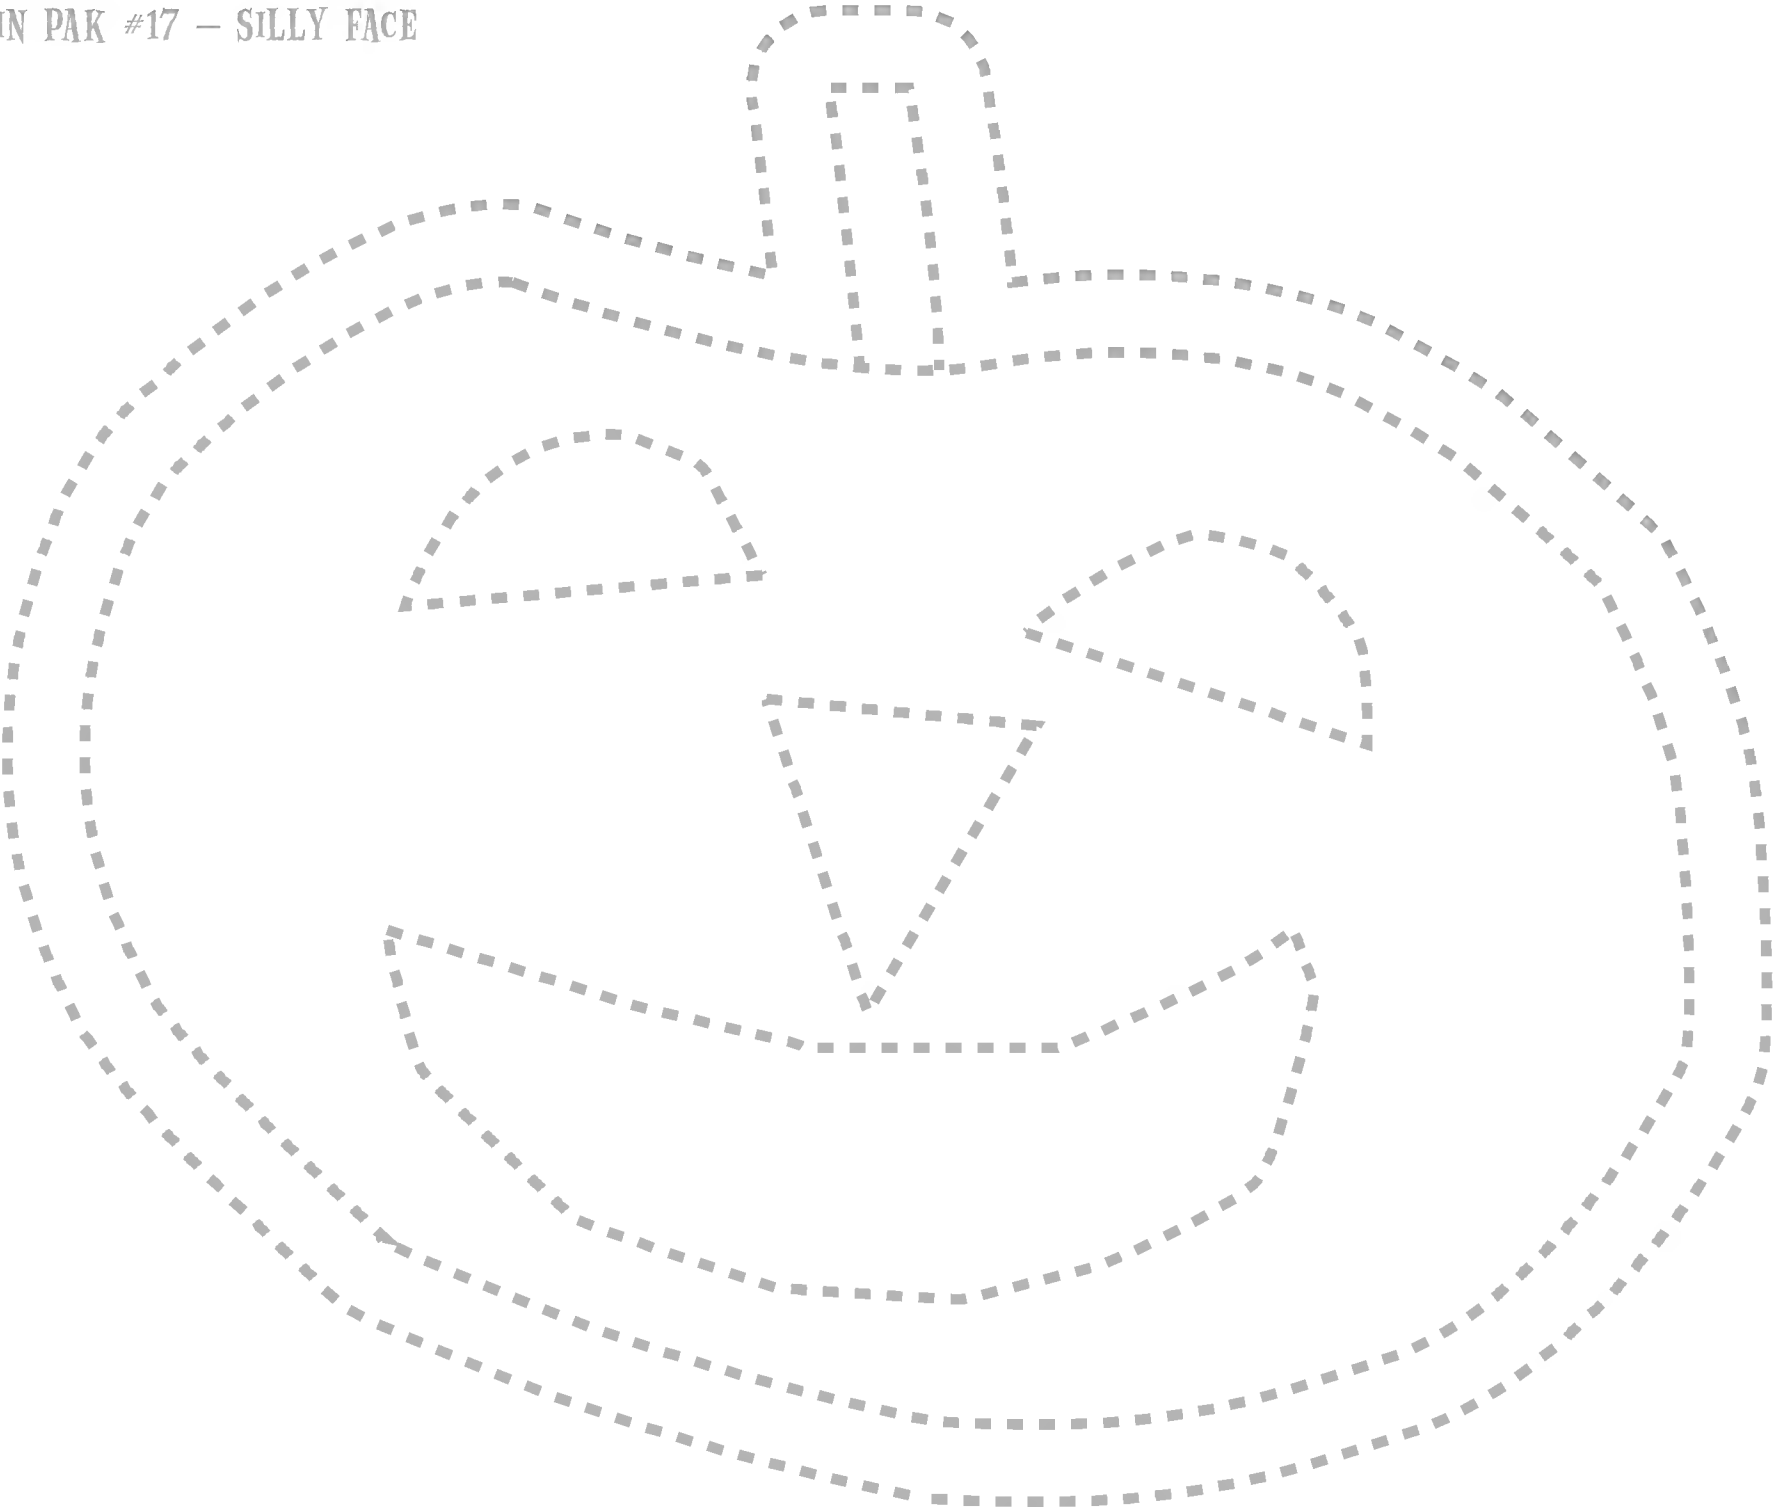

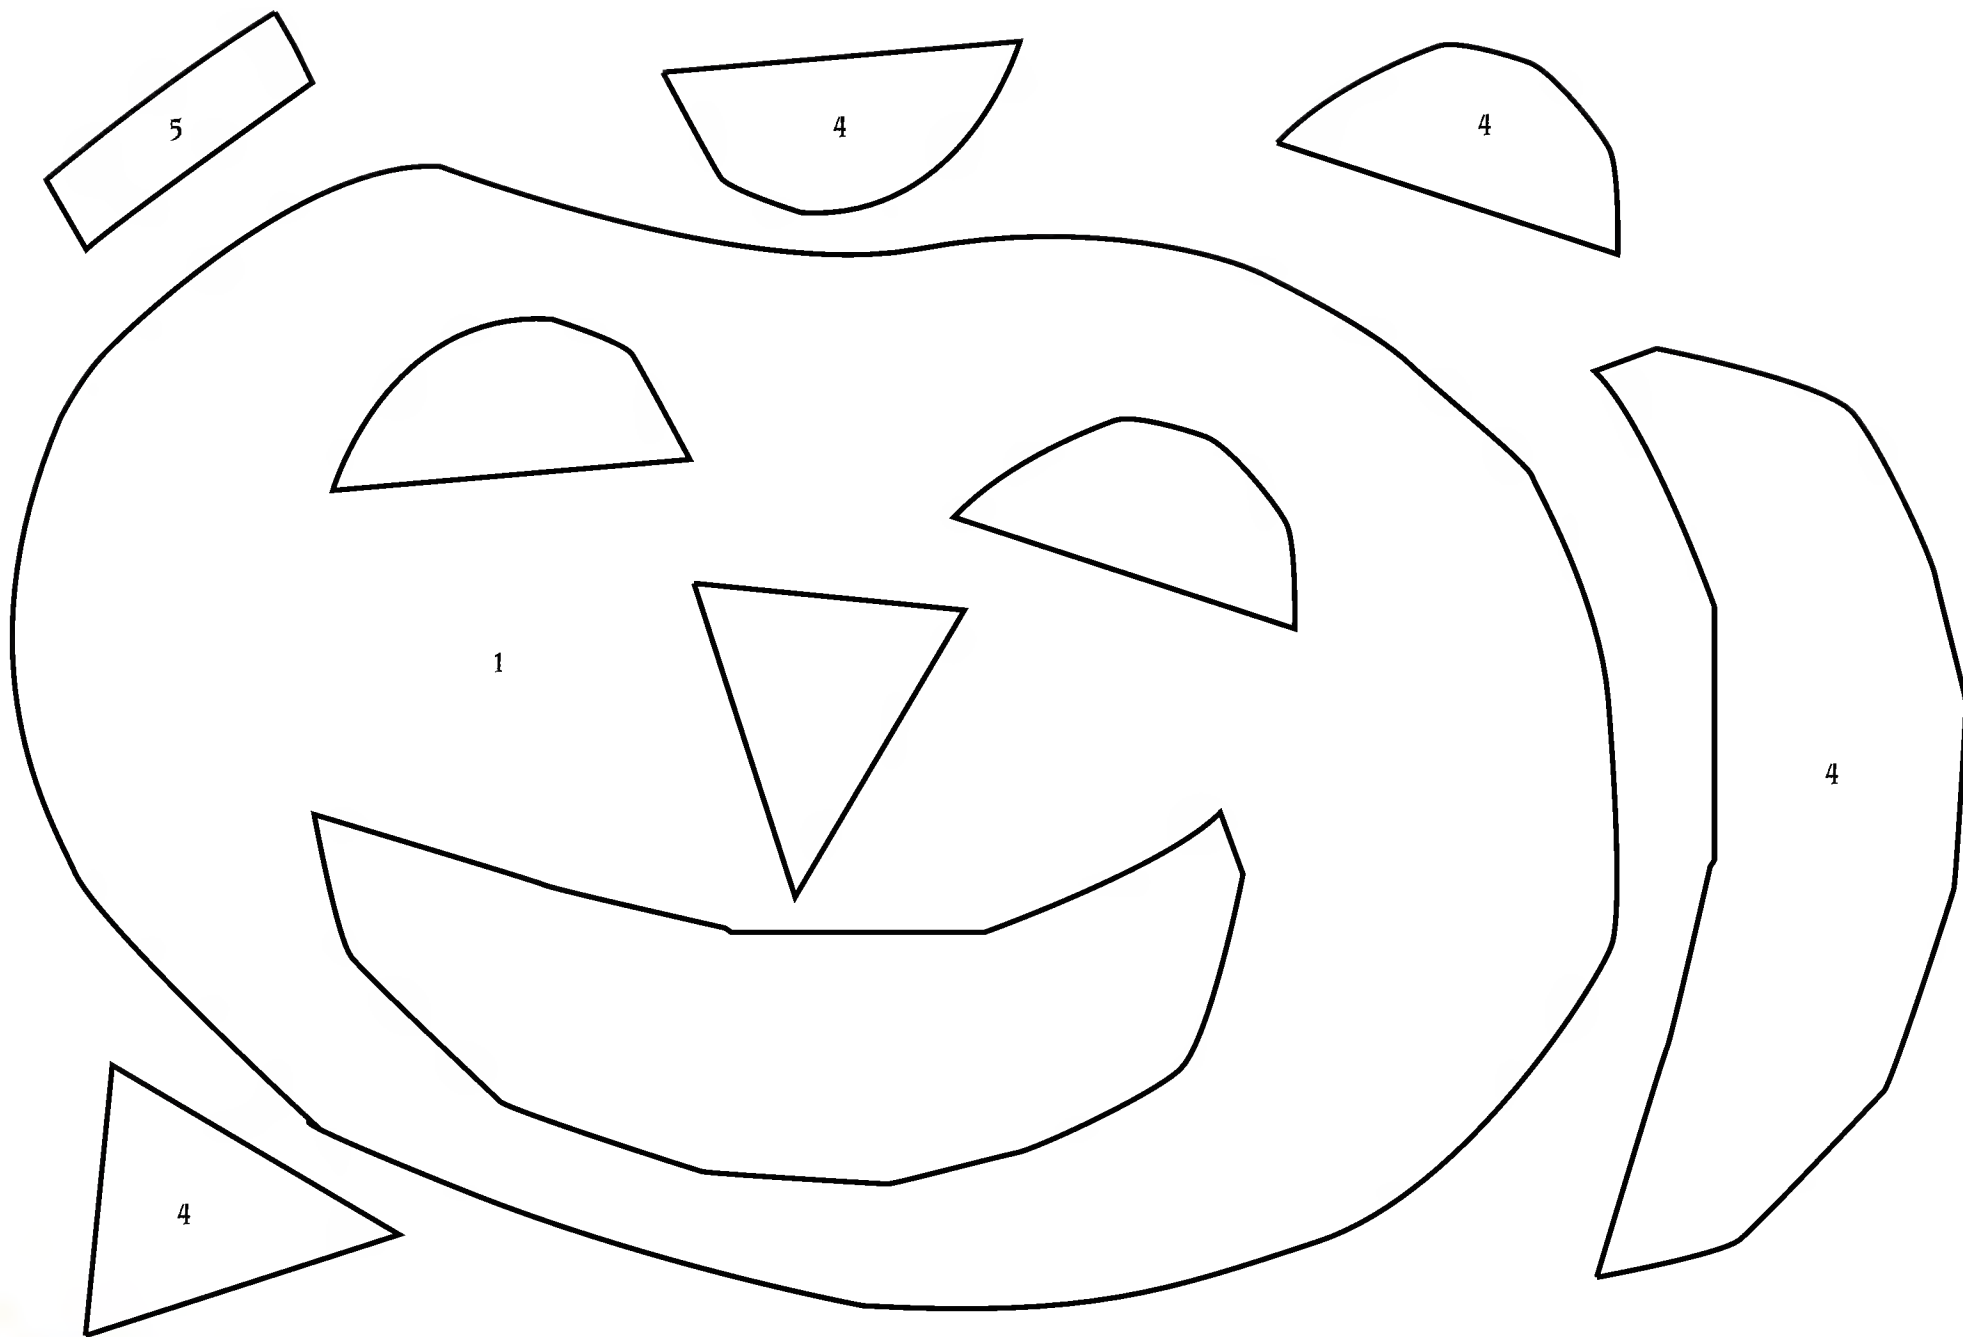

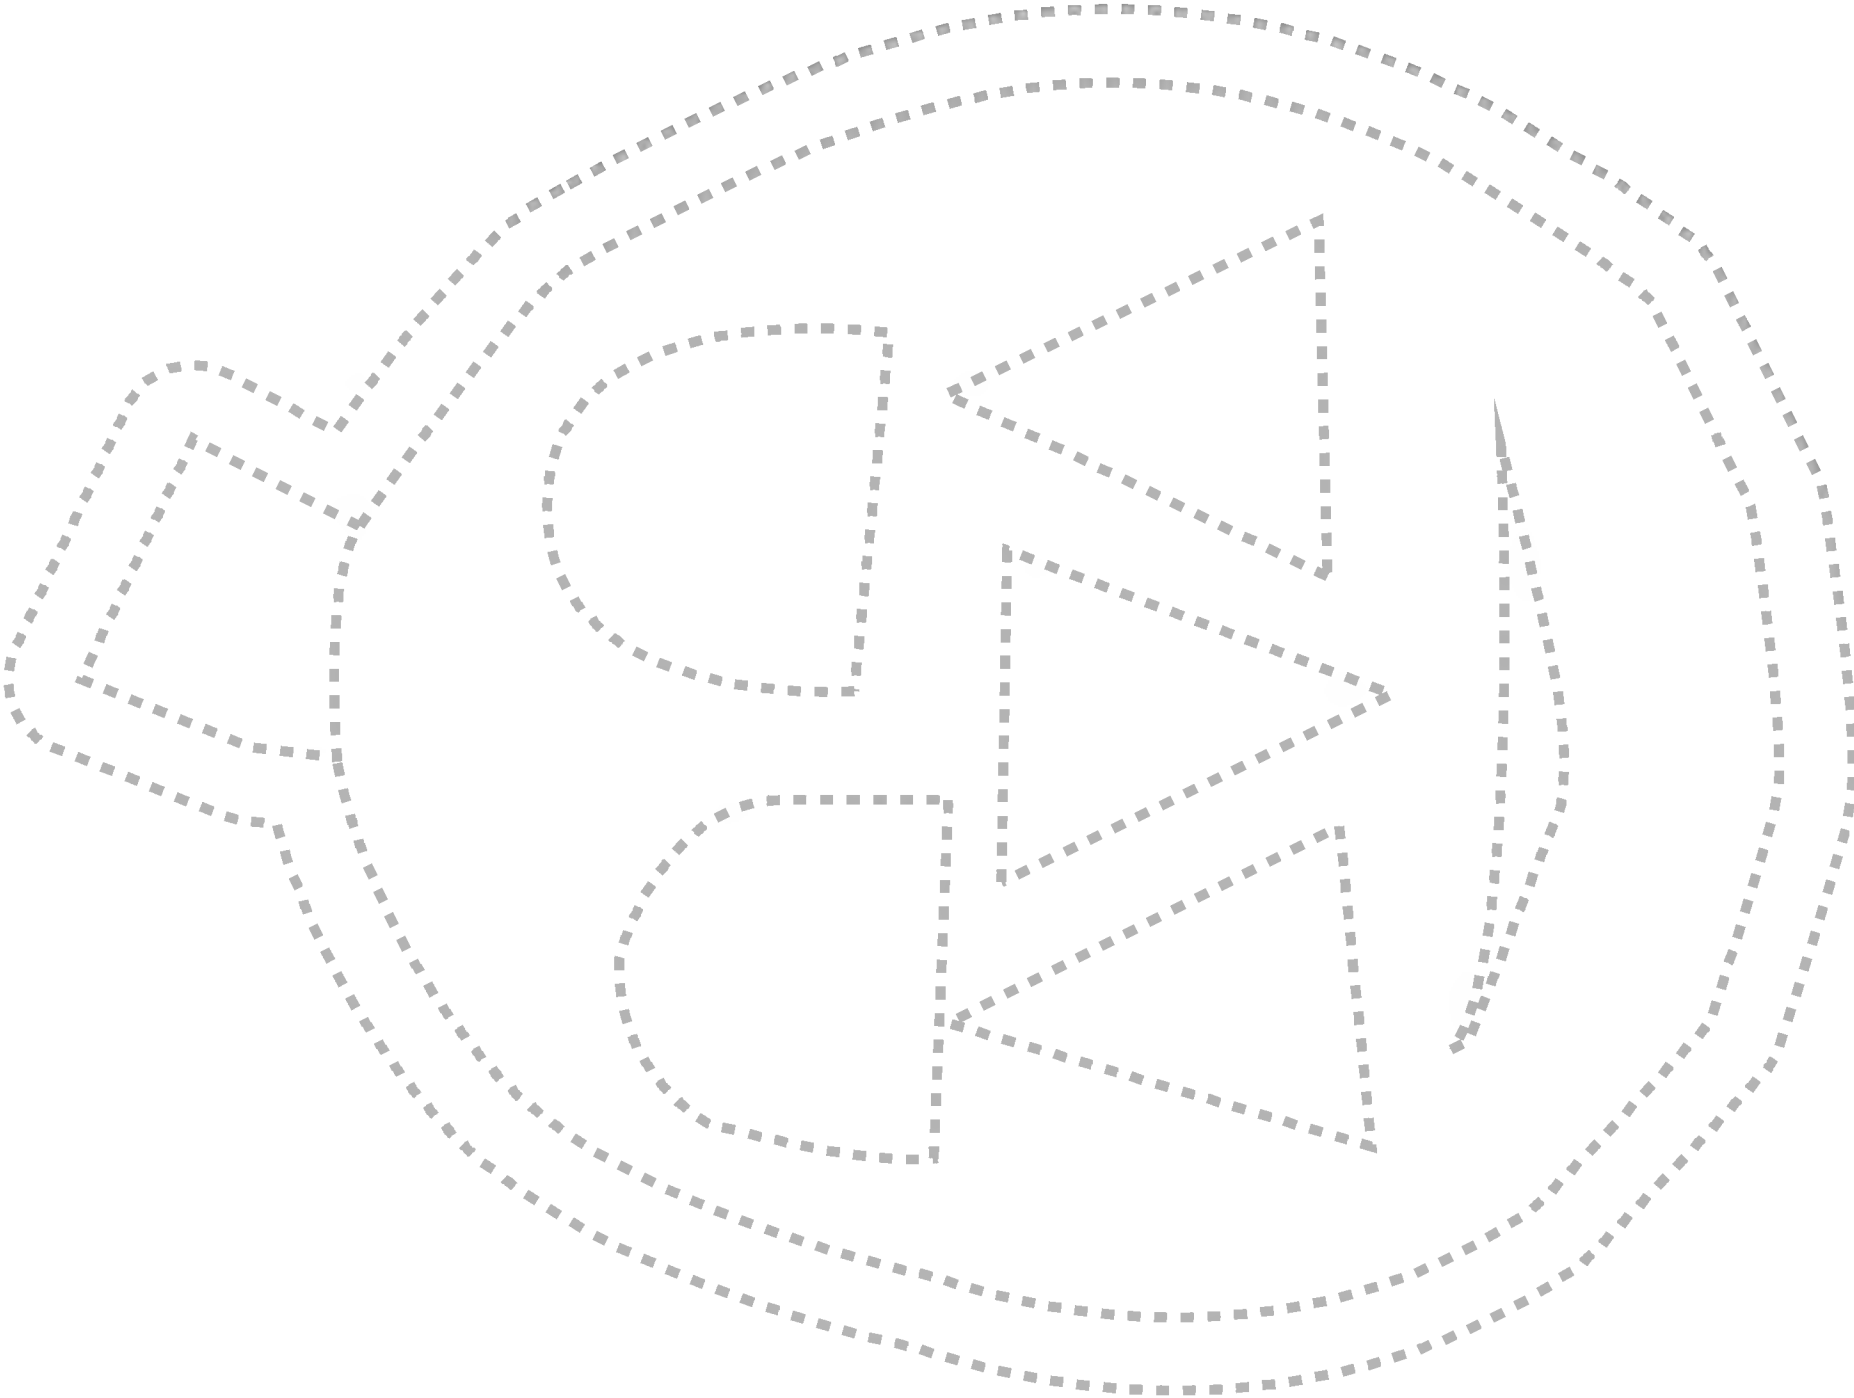

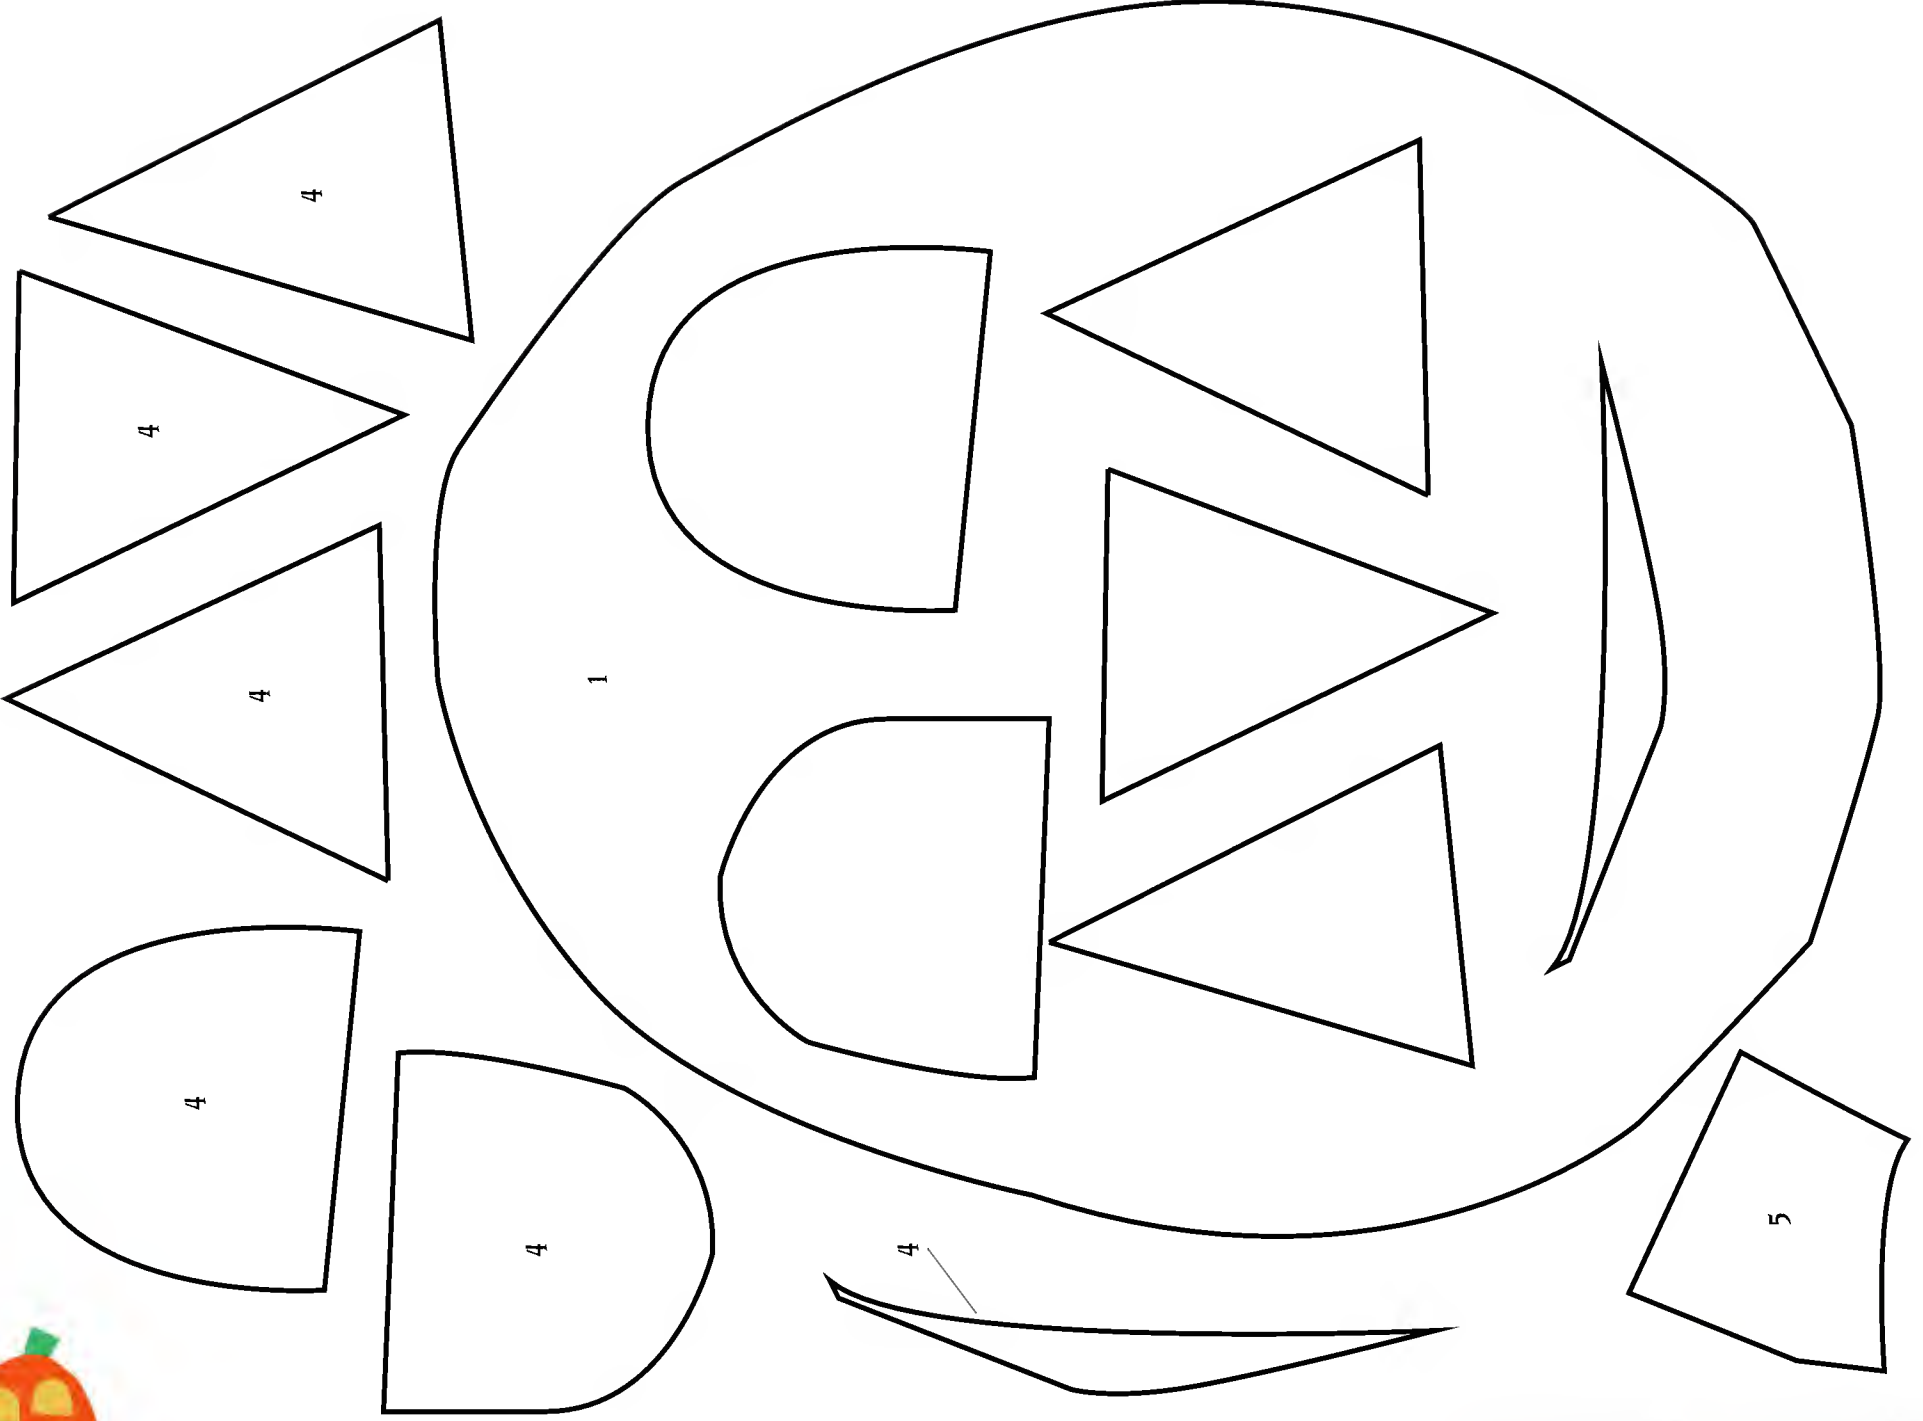

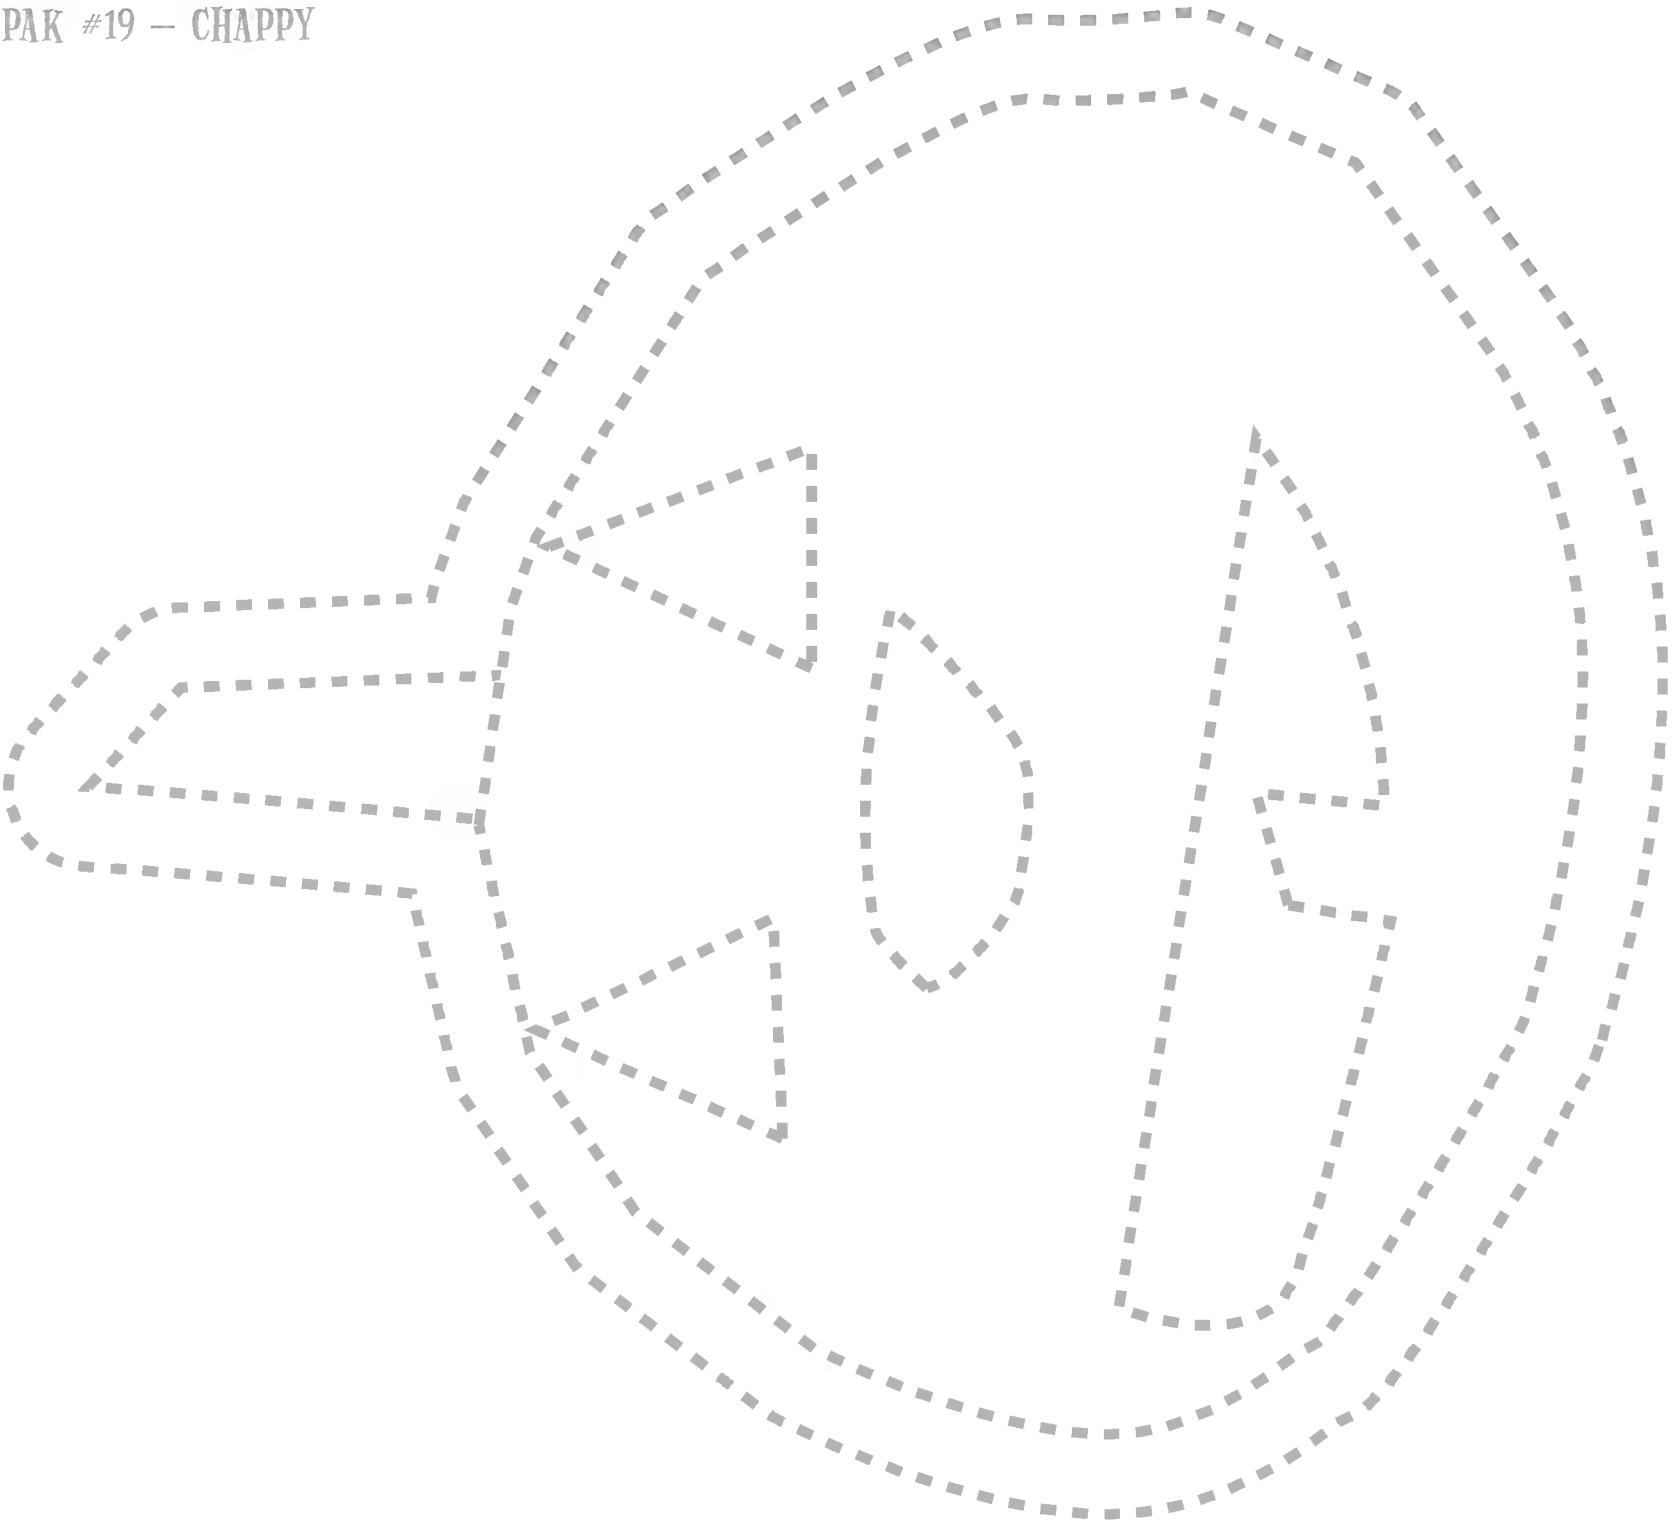

PUMPKIN PAK #17 – SILLY FACE

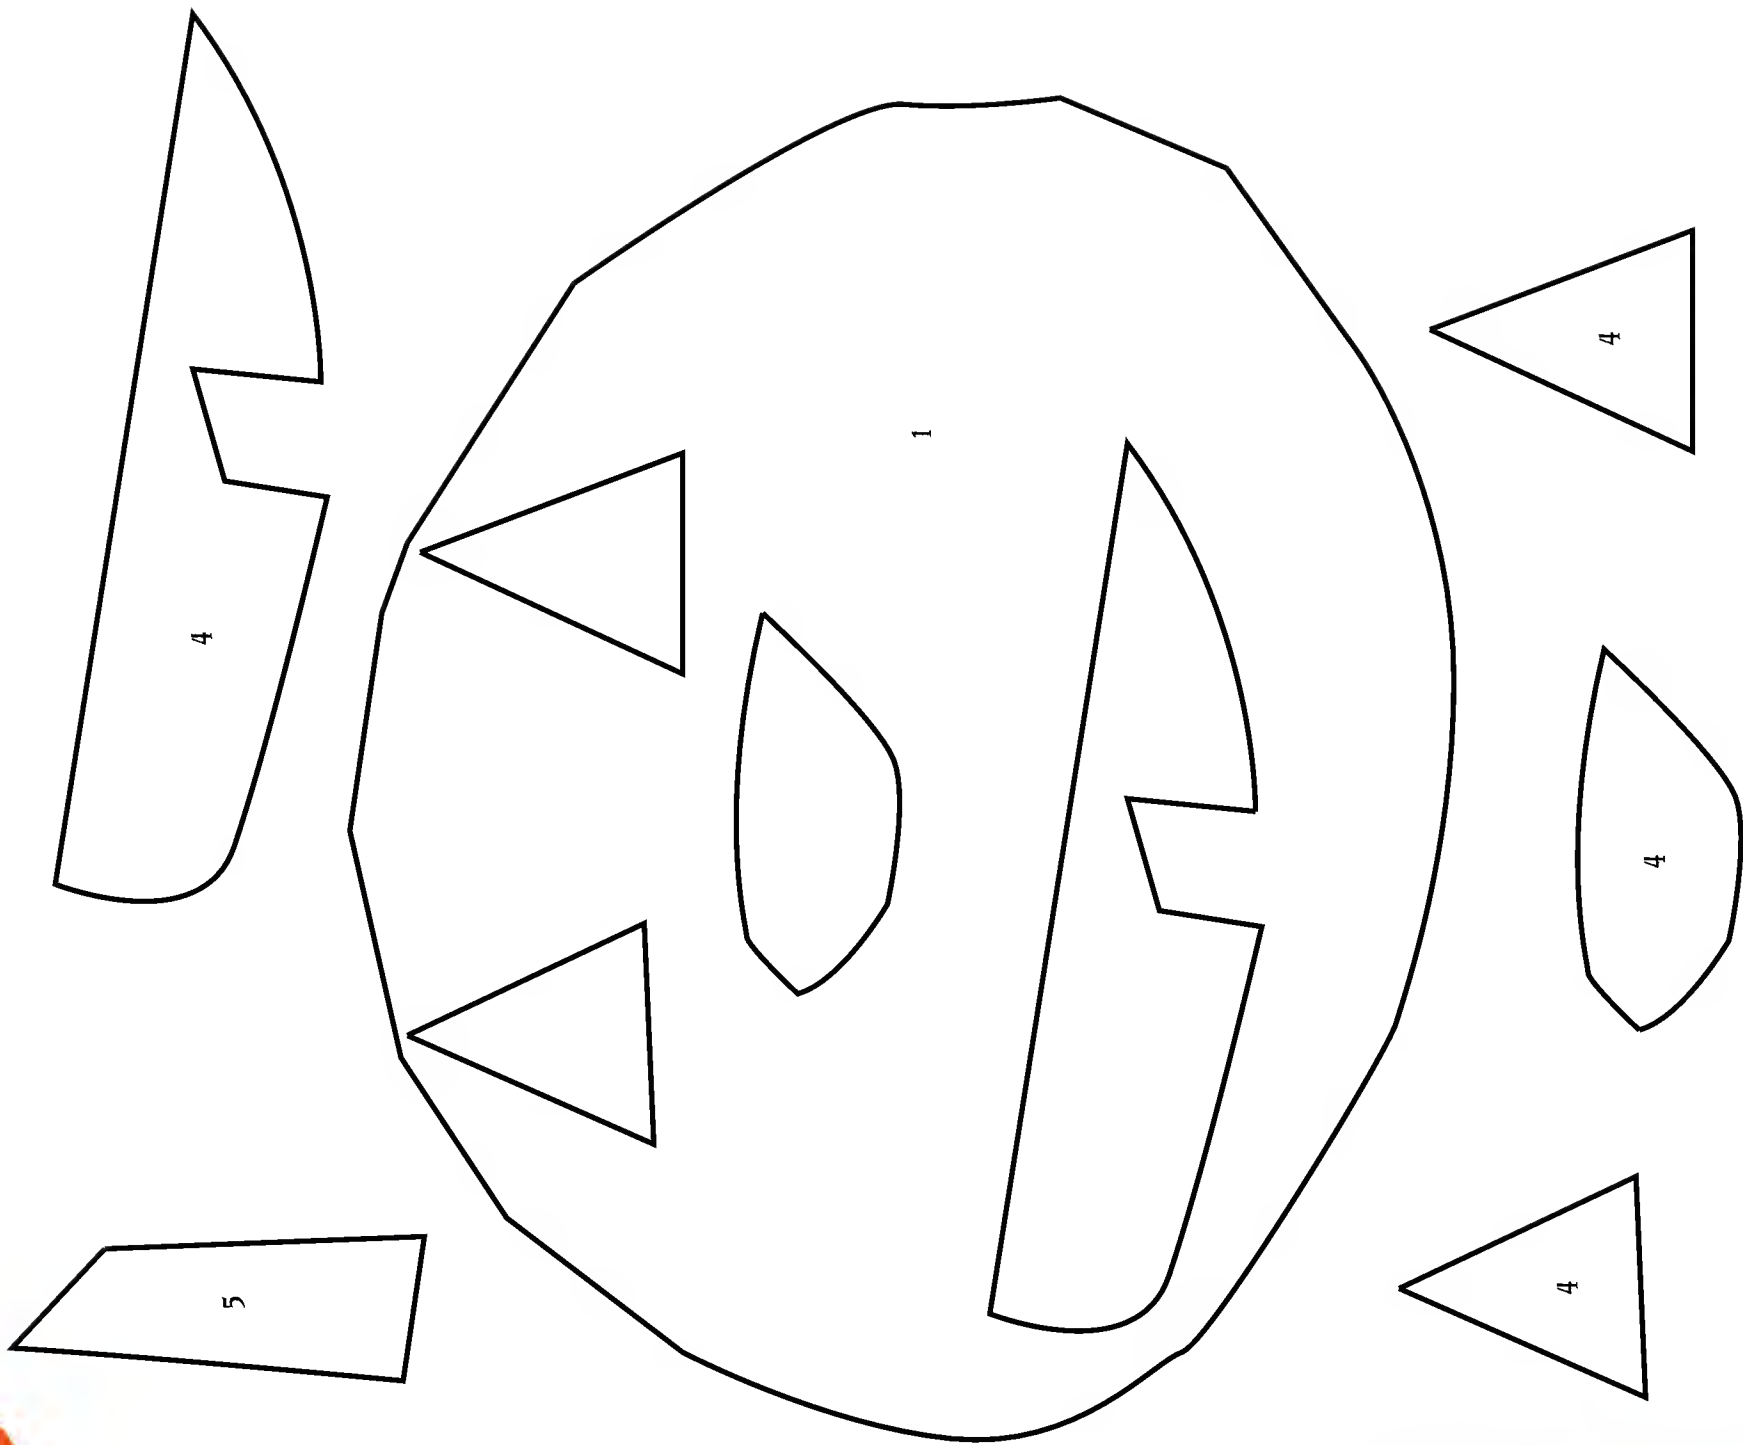

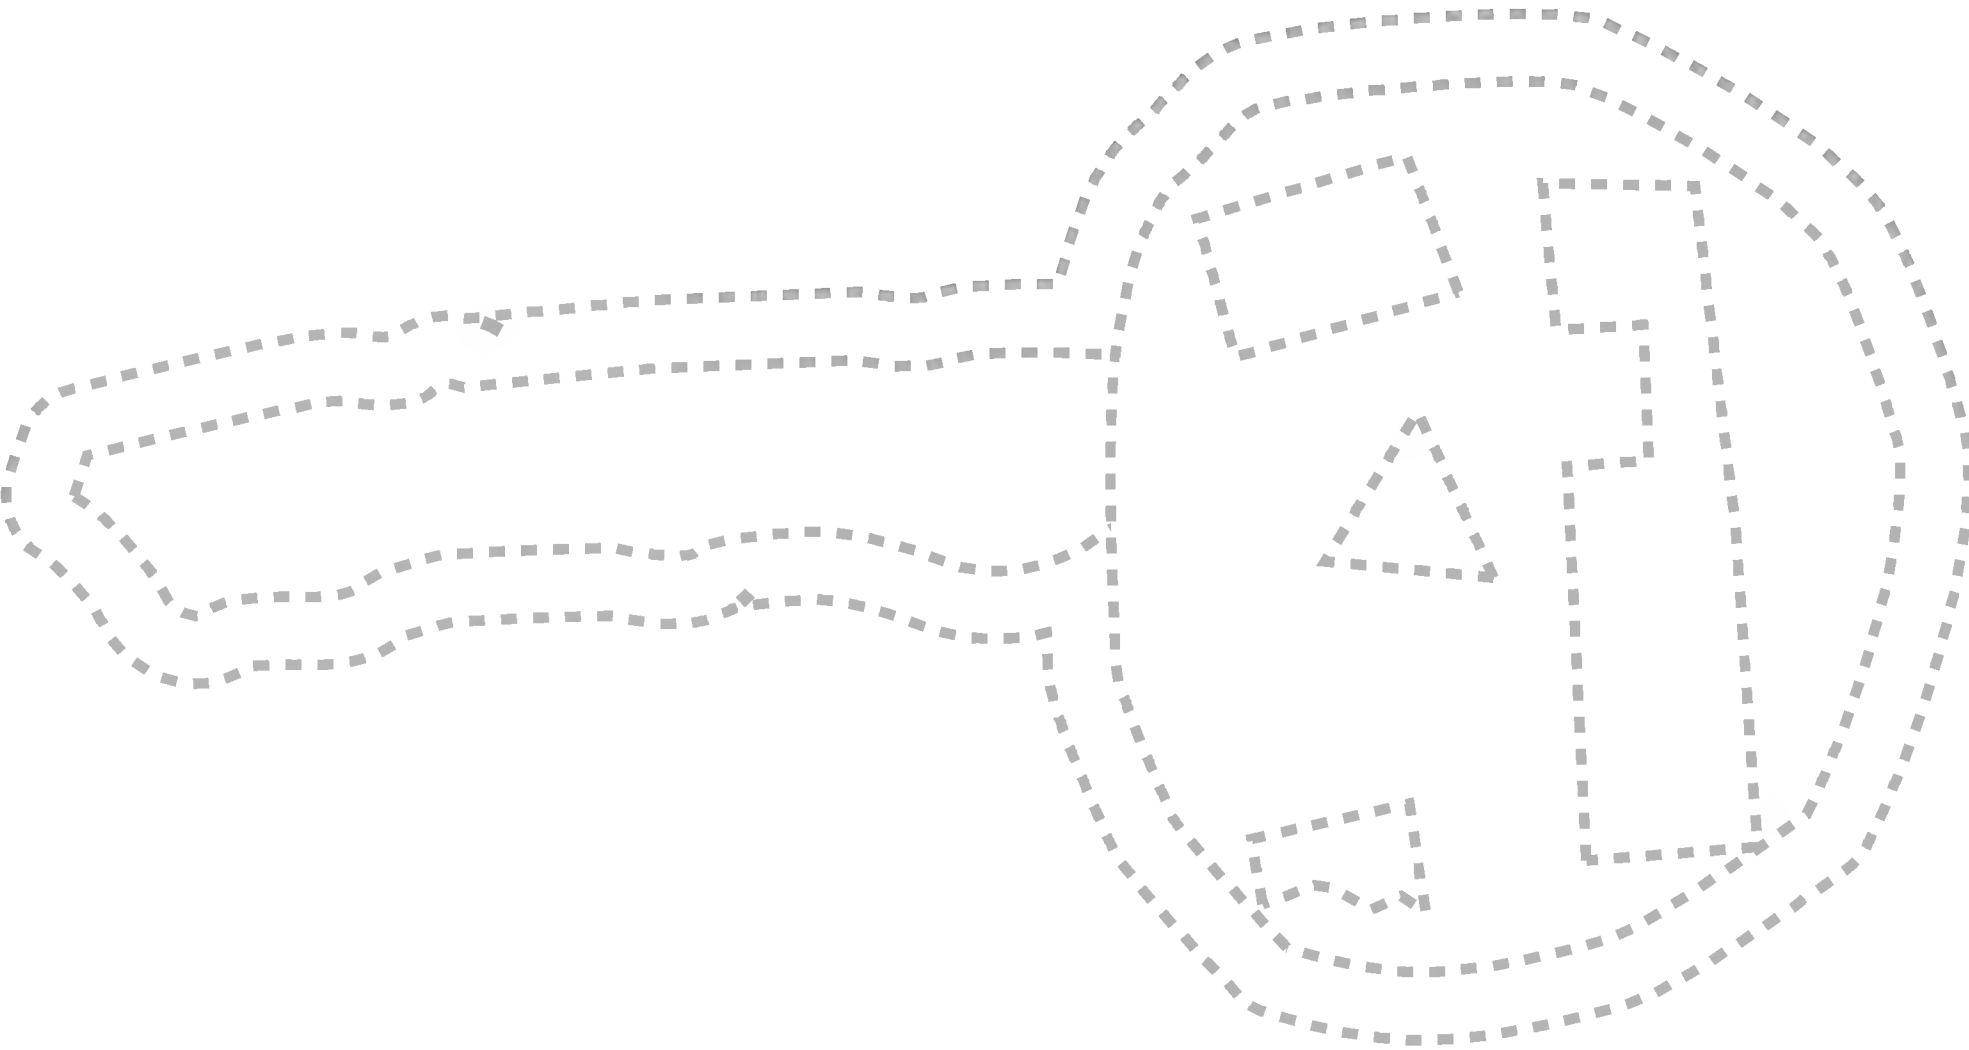

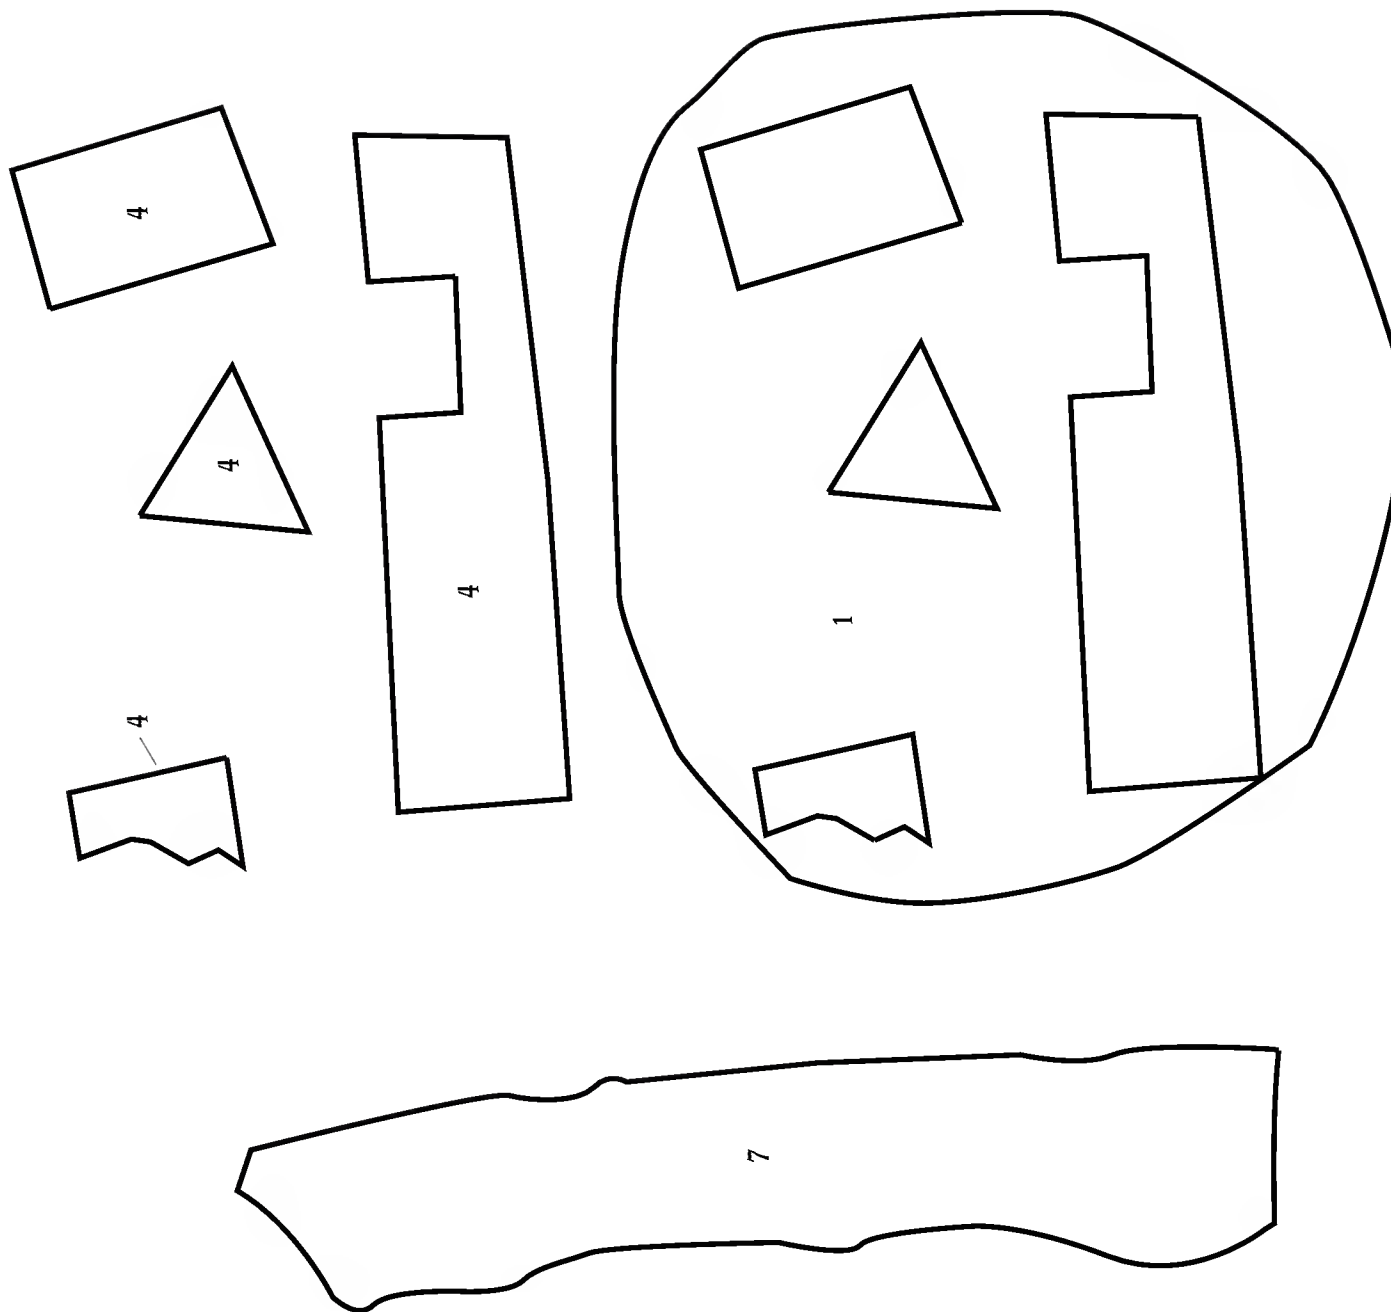

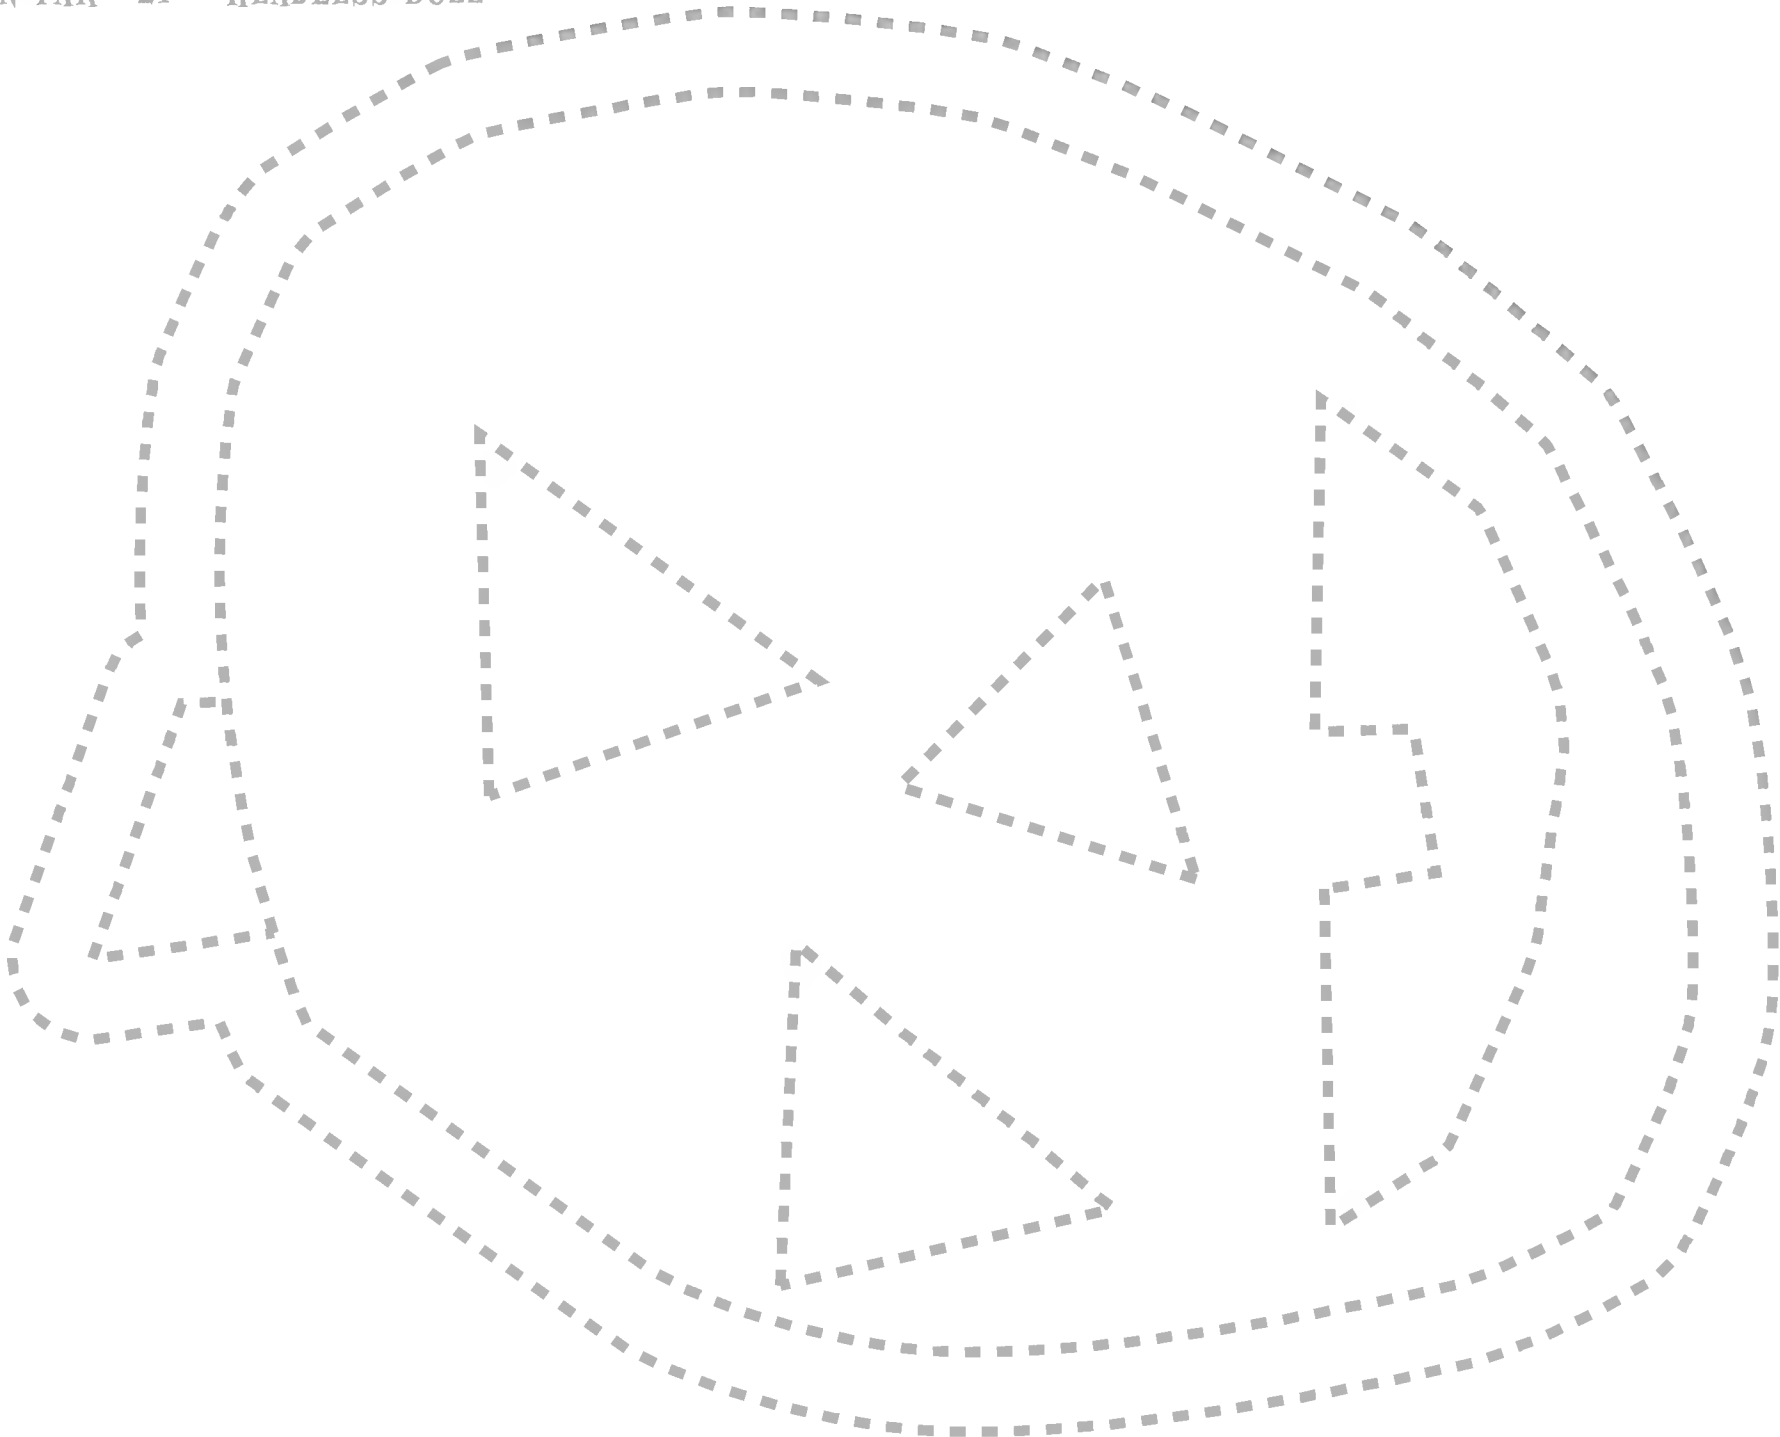

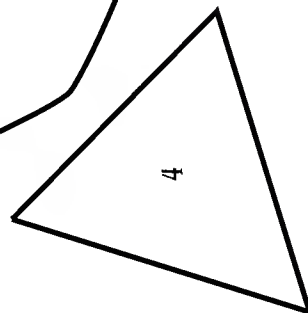

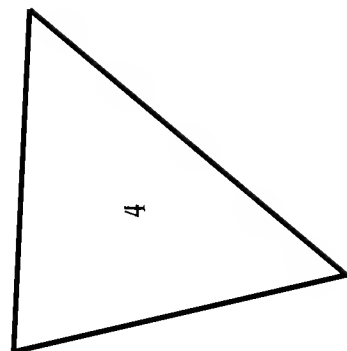

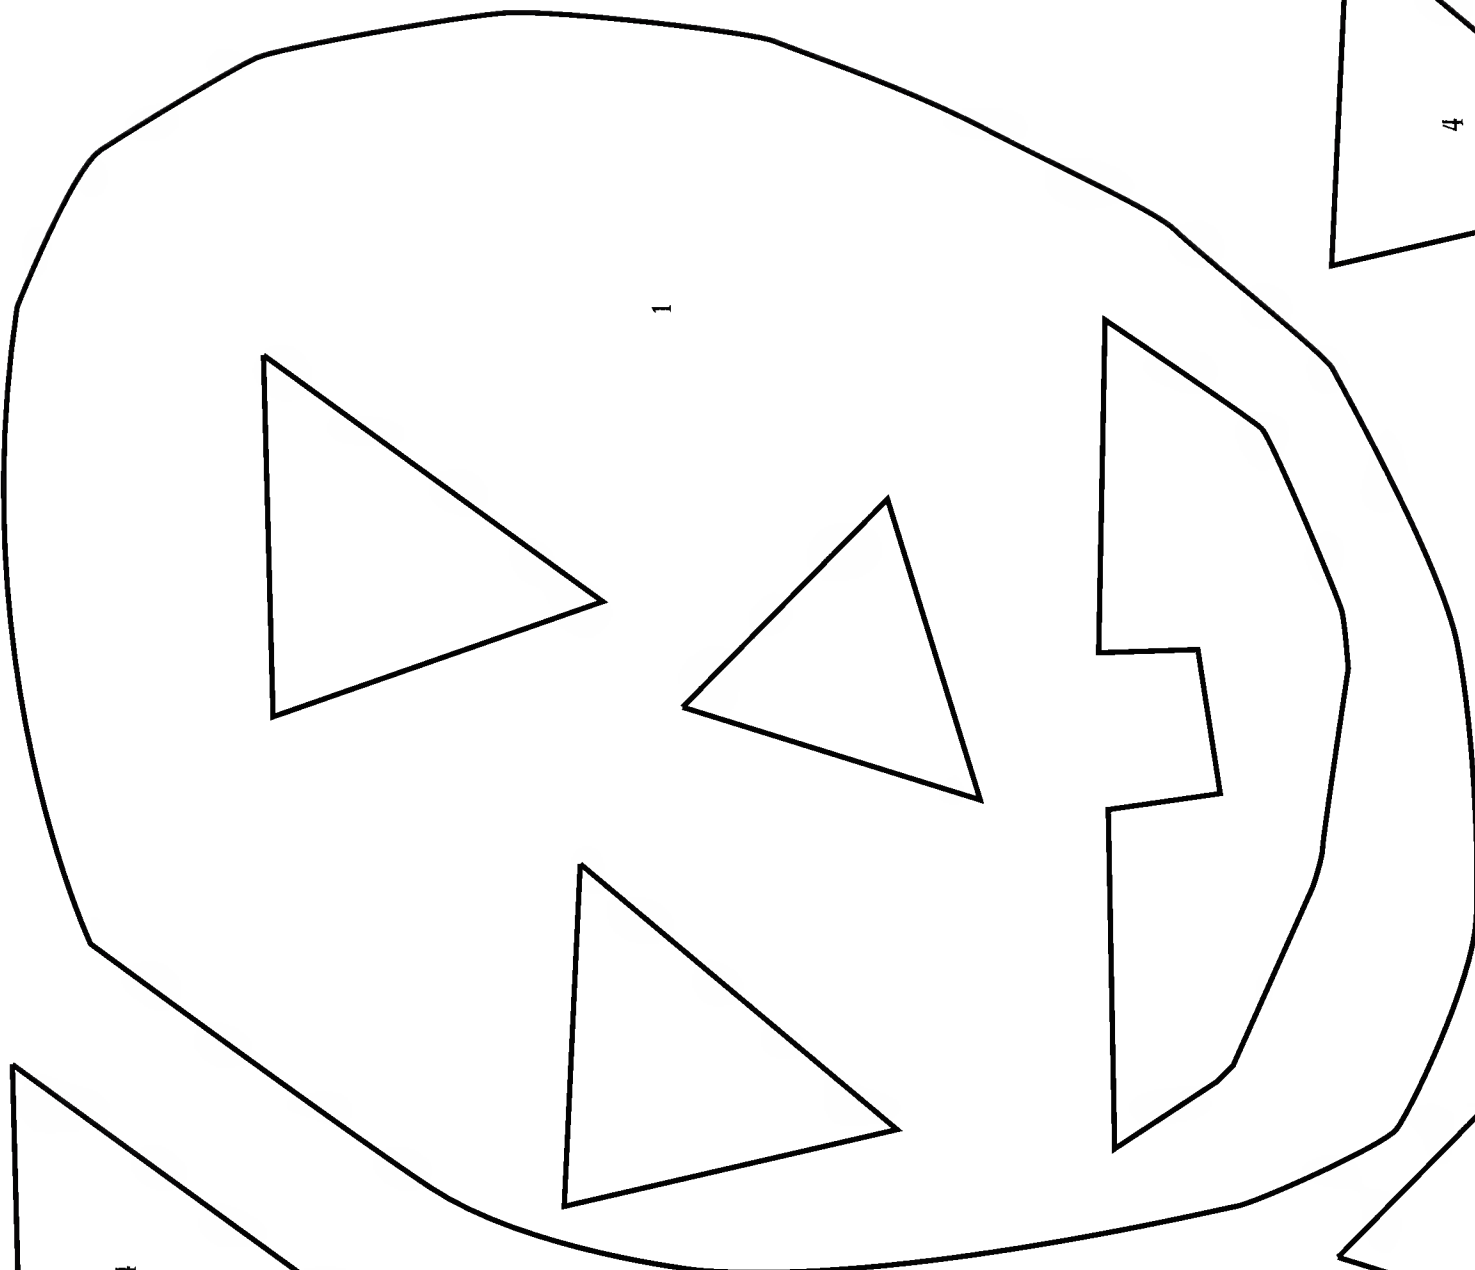

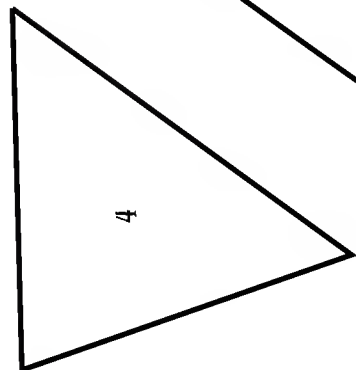

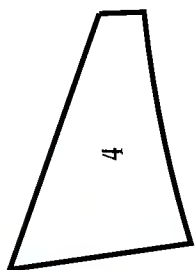

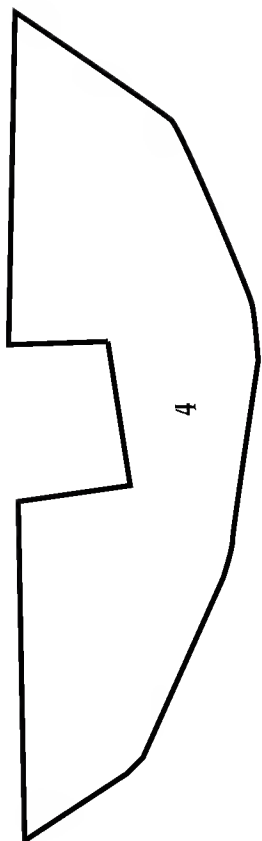

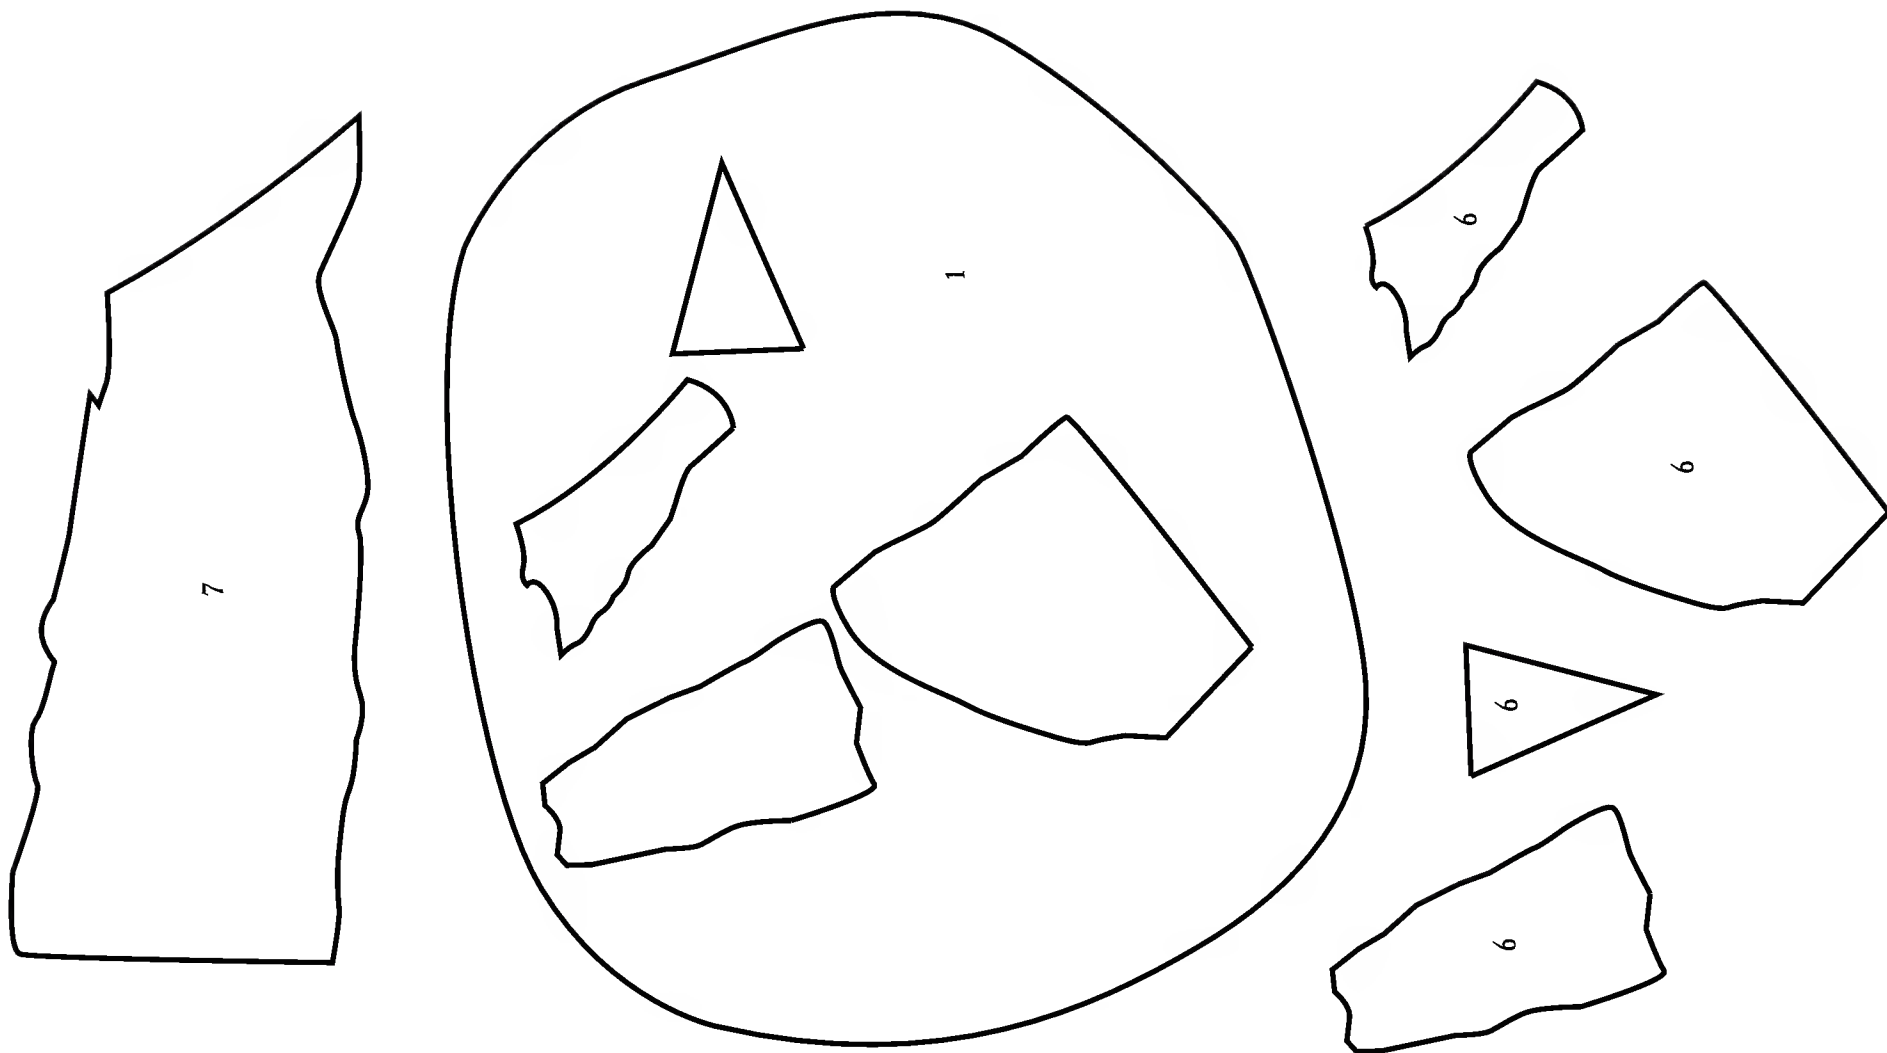

PUMPKIN PAK #21 — HEADLESS BUZZ

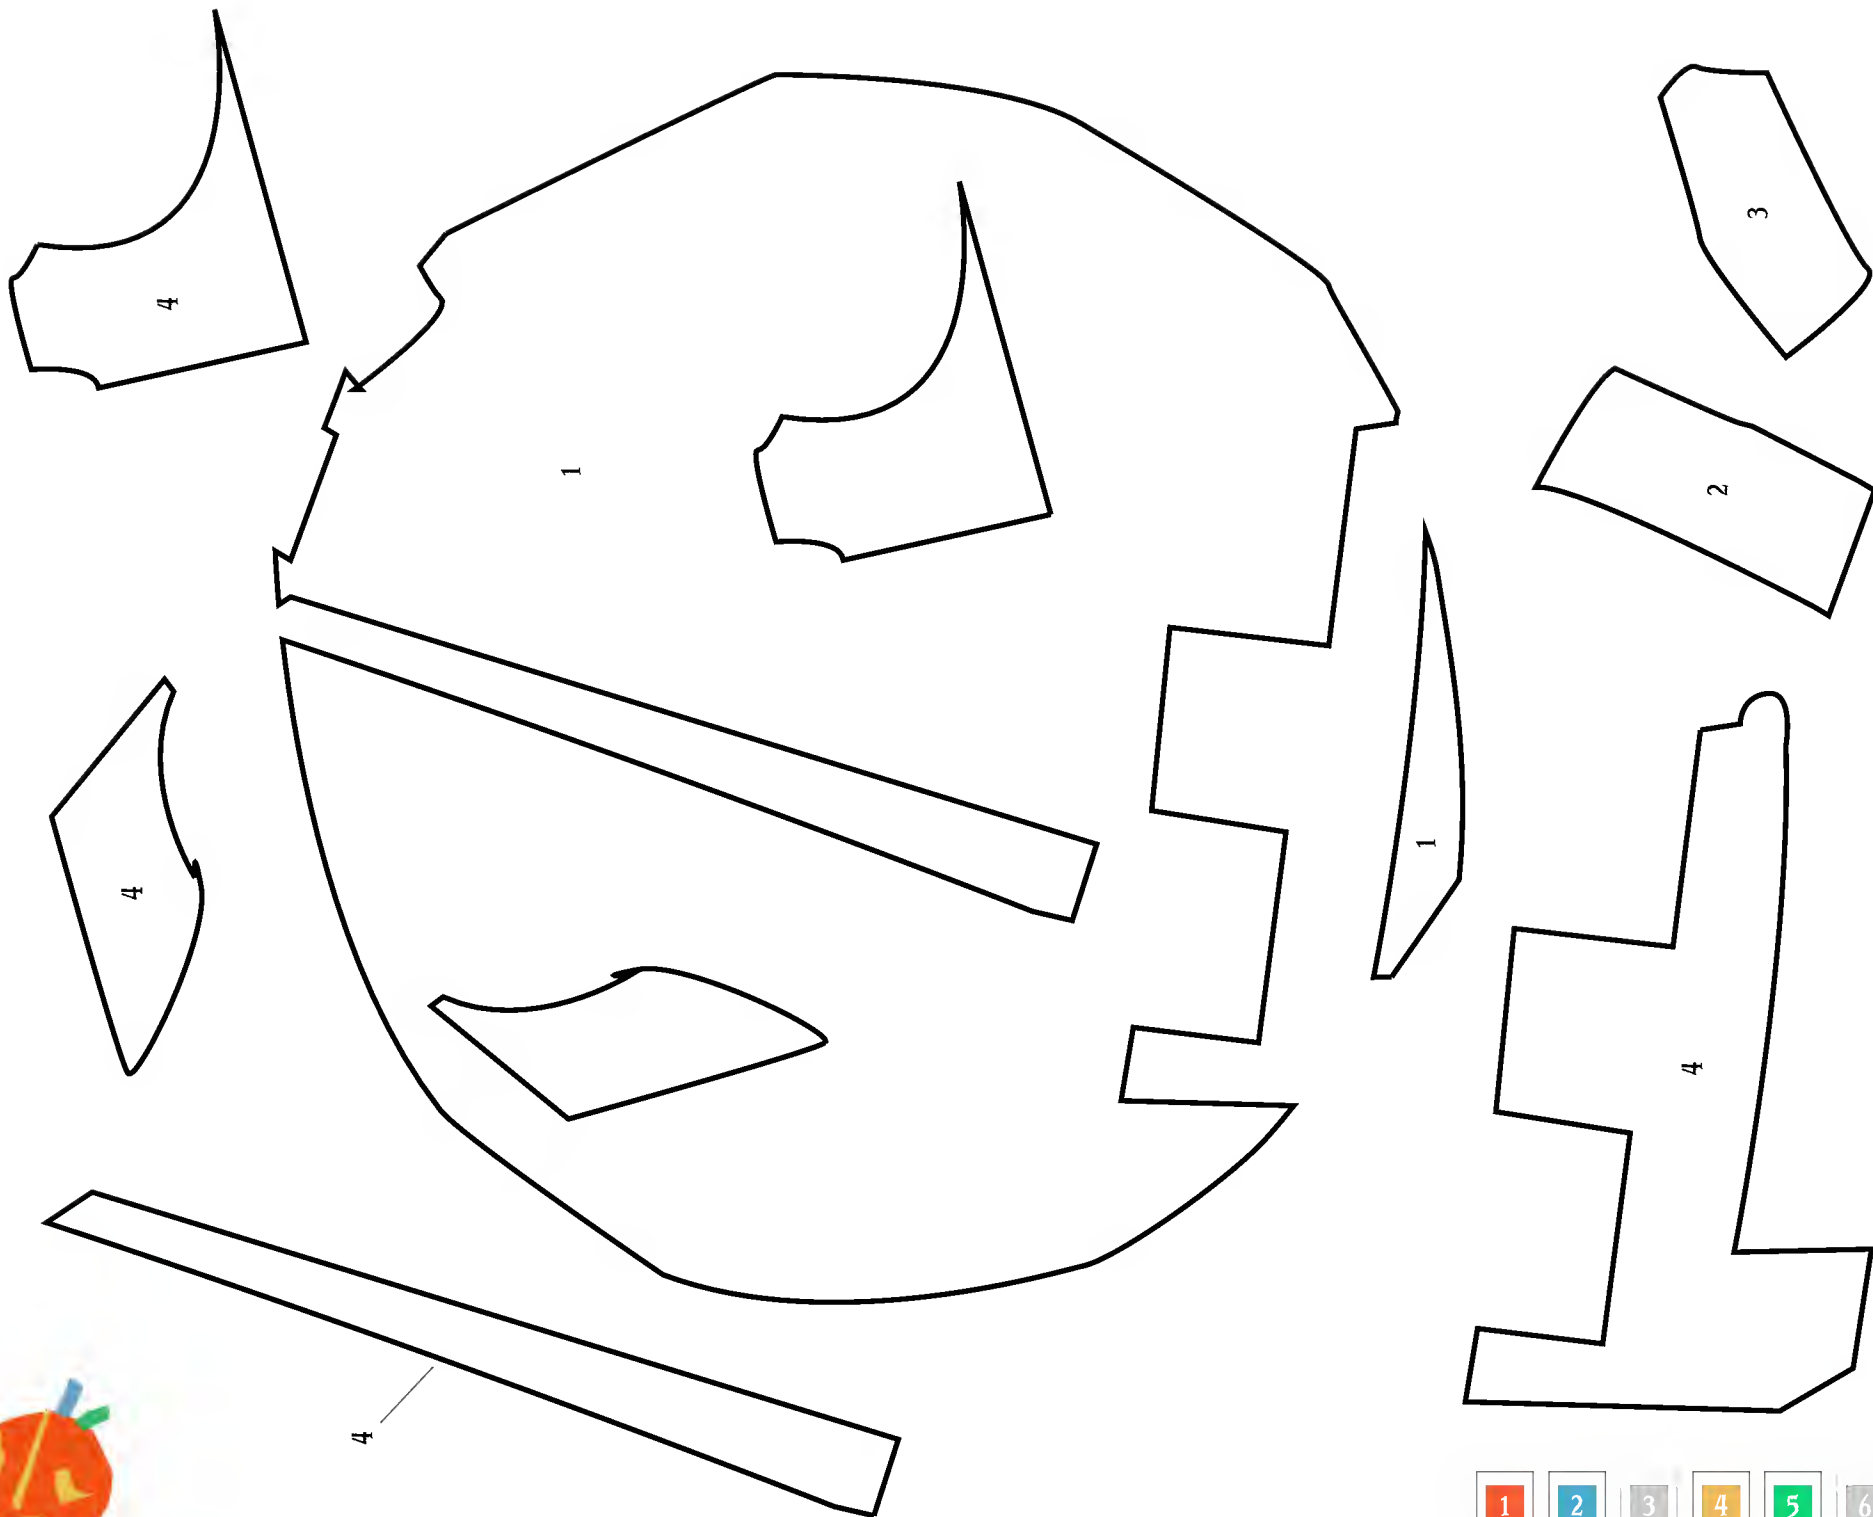

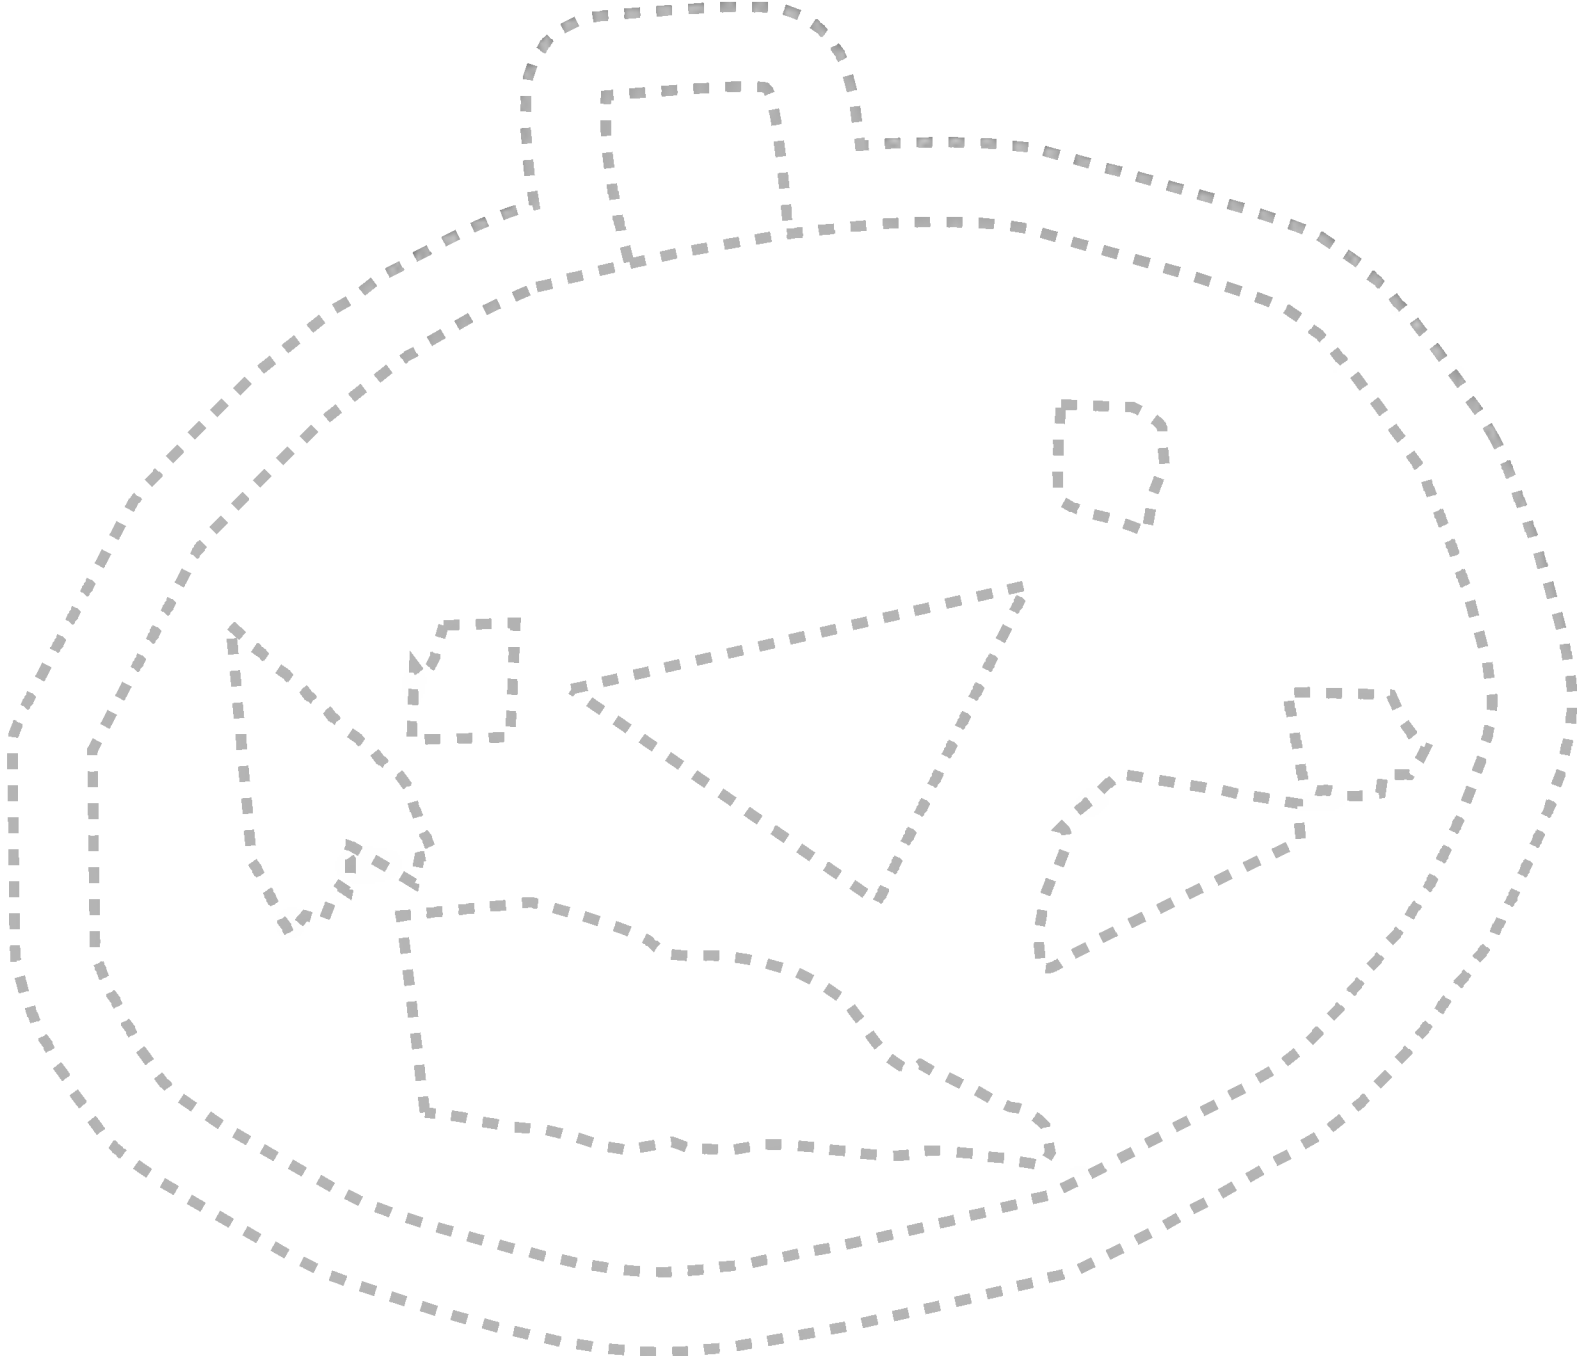

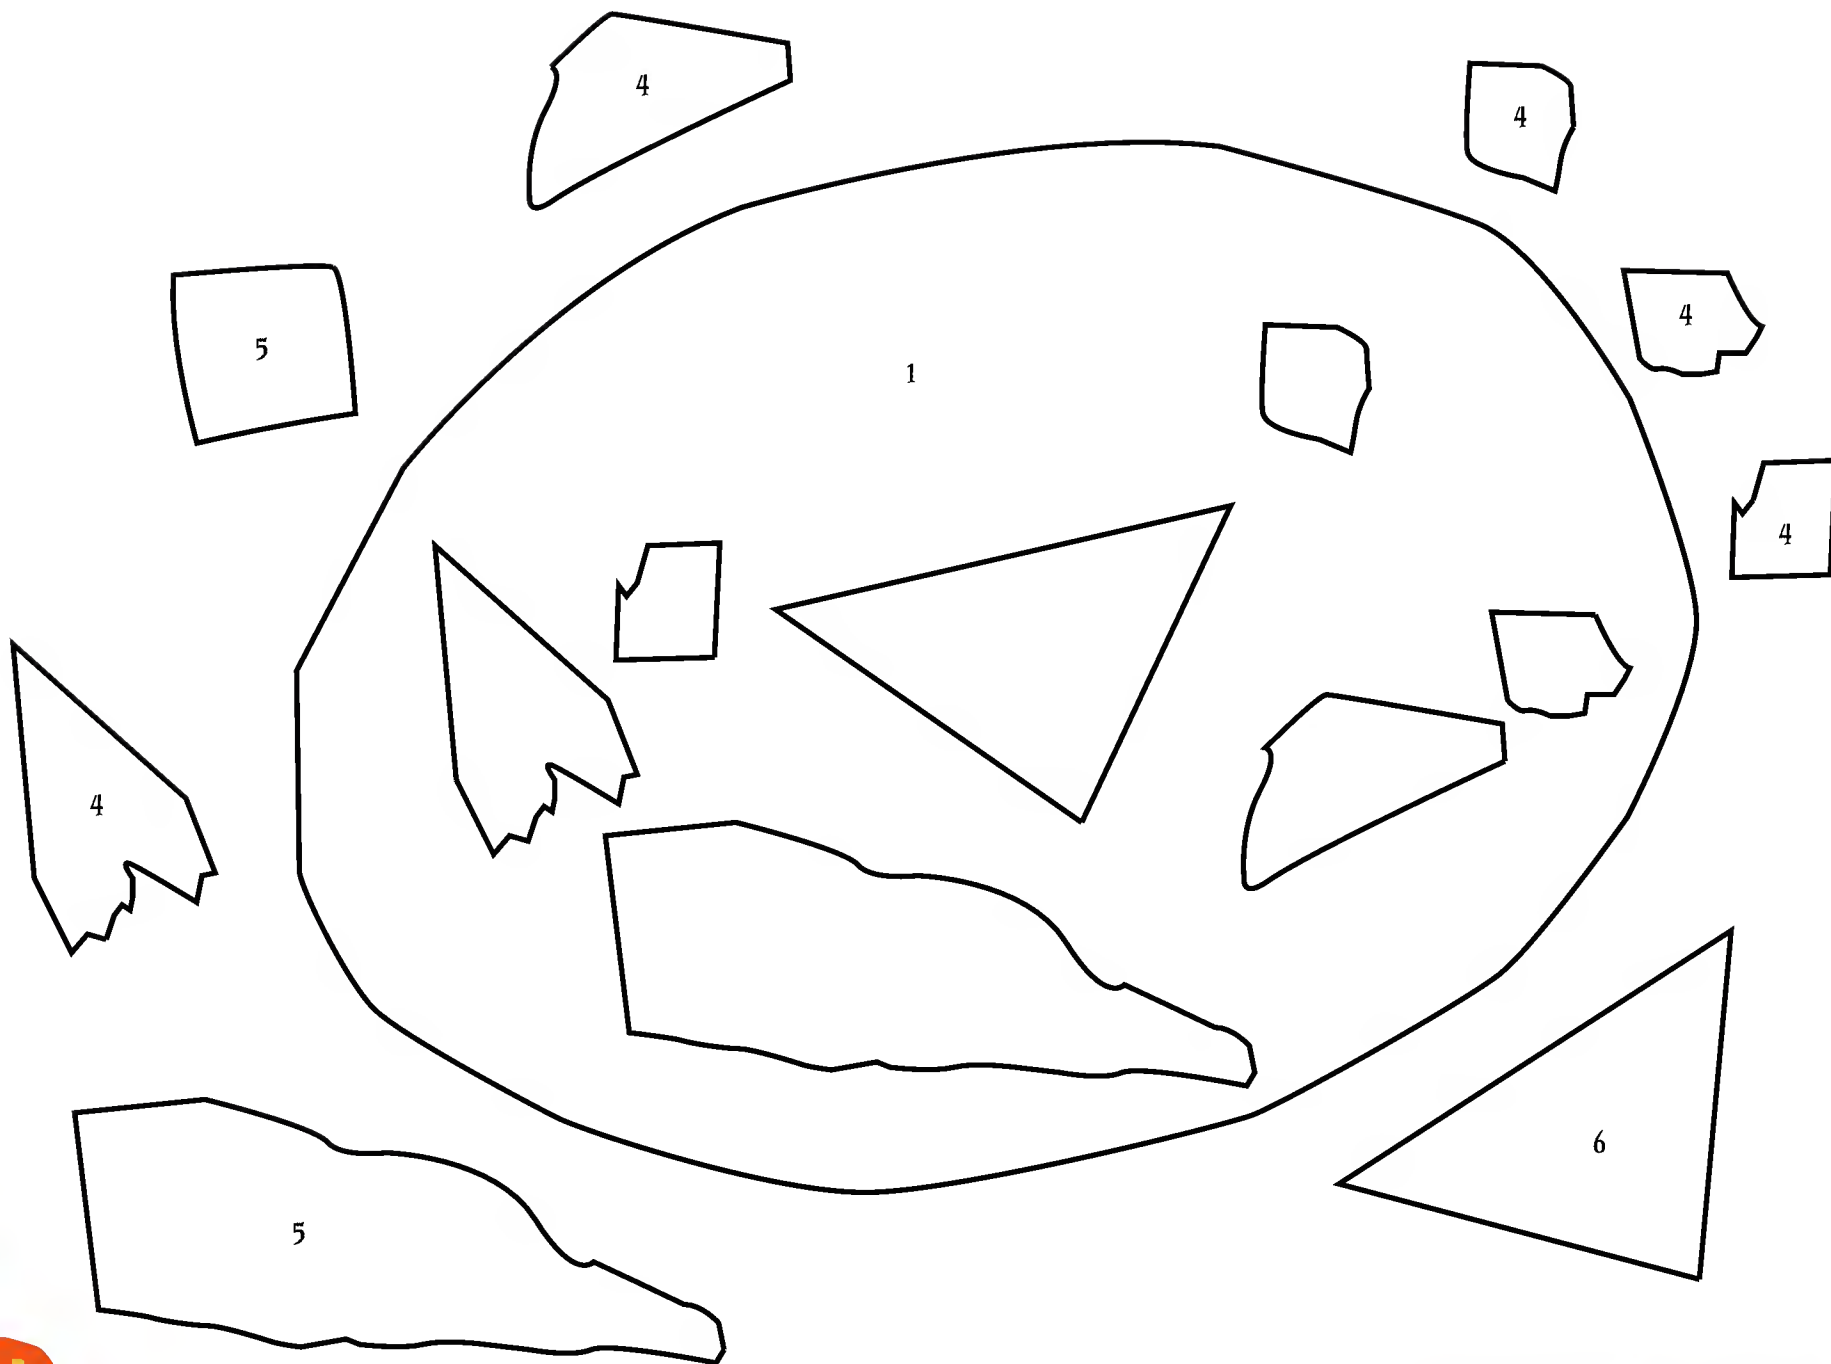

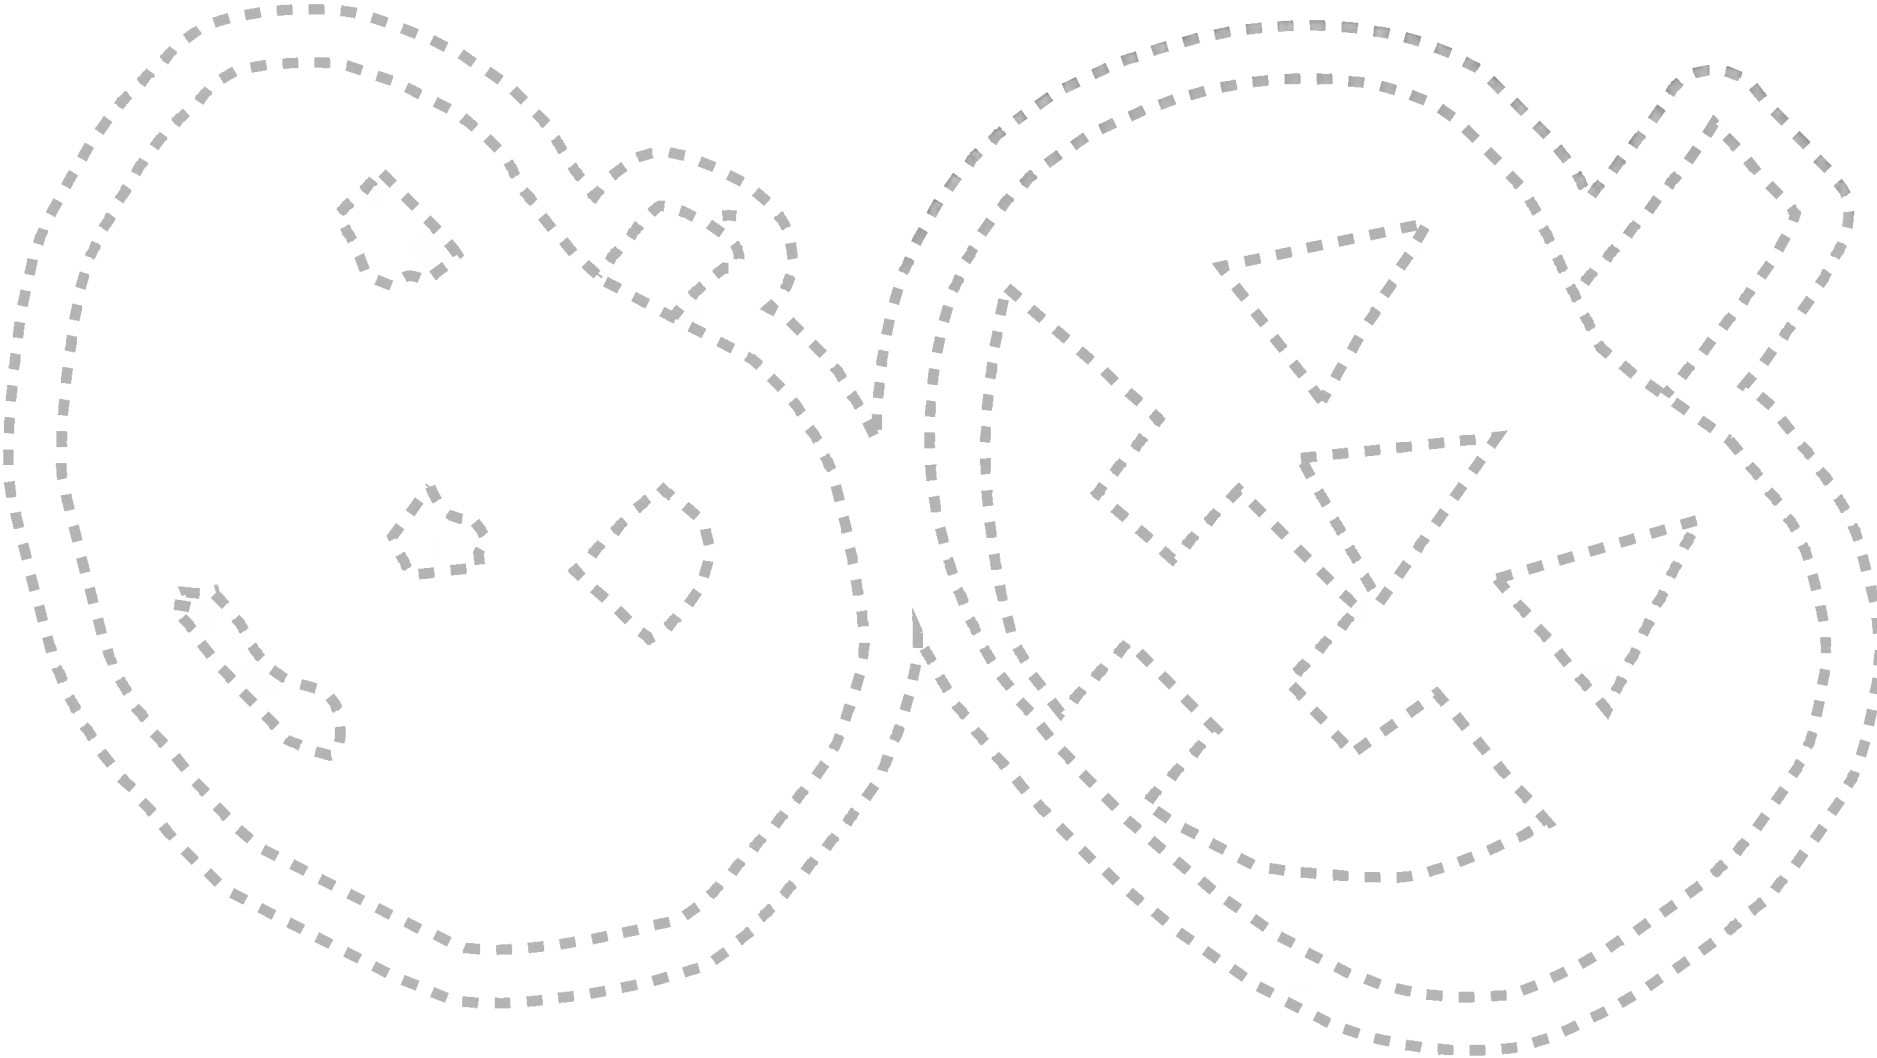

PUMPKIN PAK #23 — LITTLE DEVIL

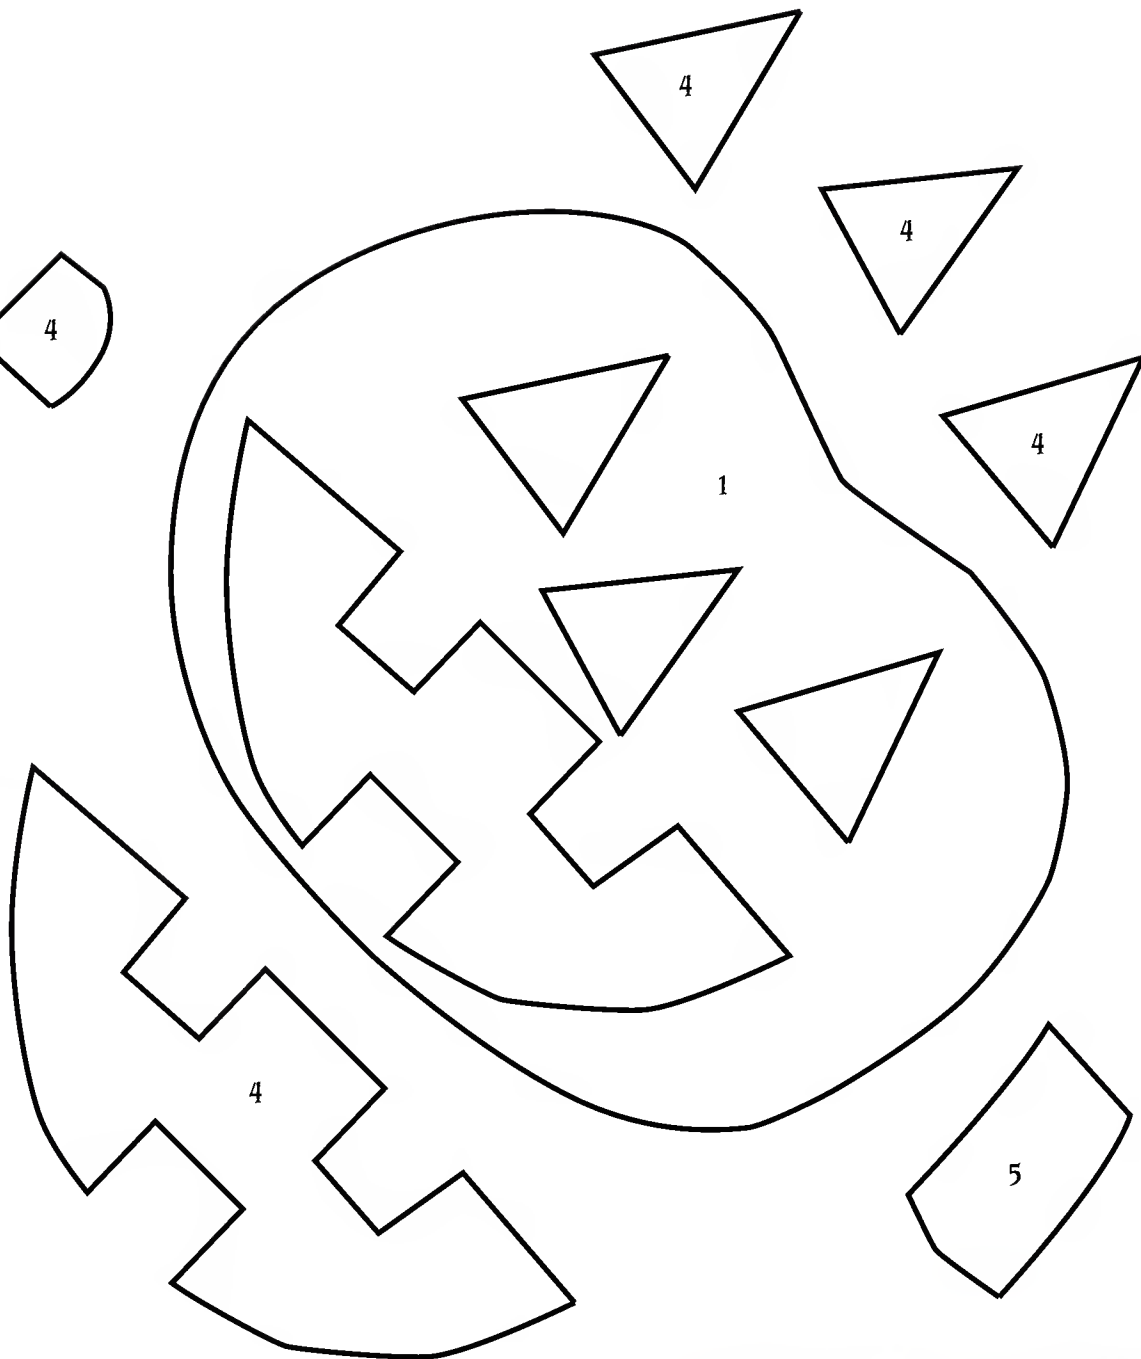

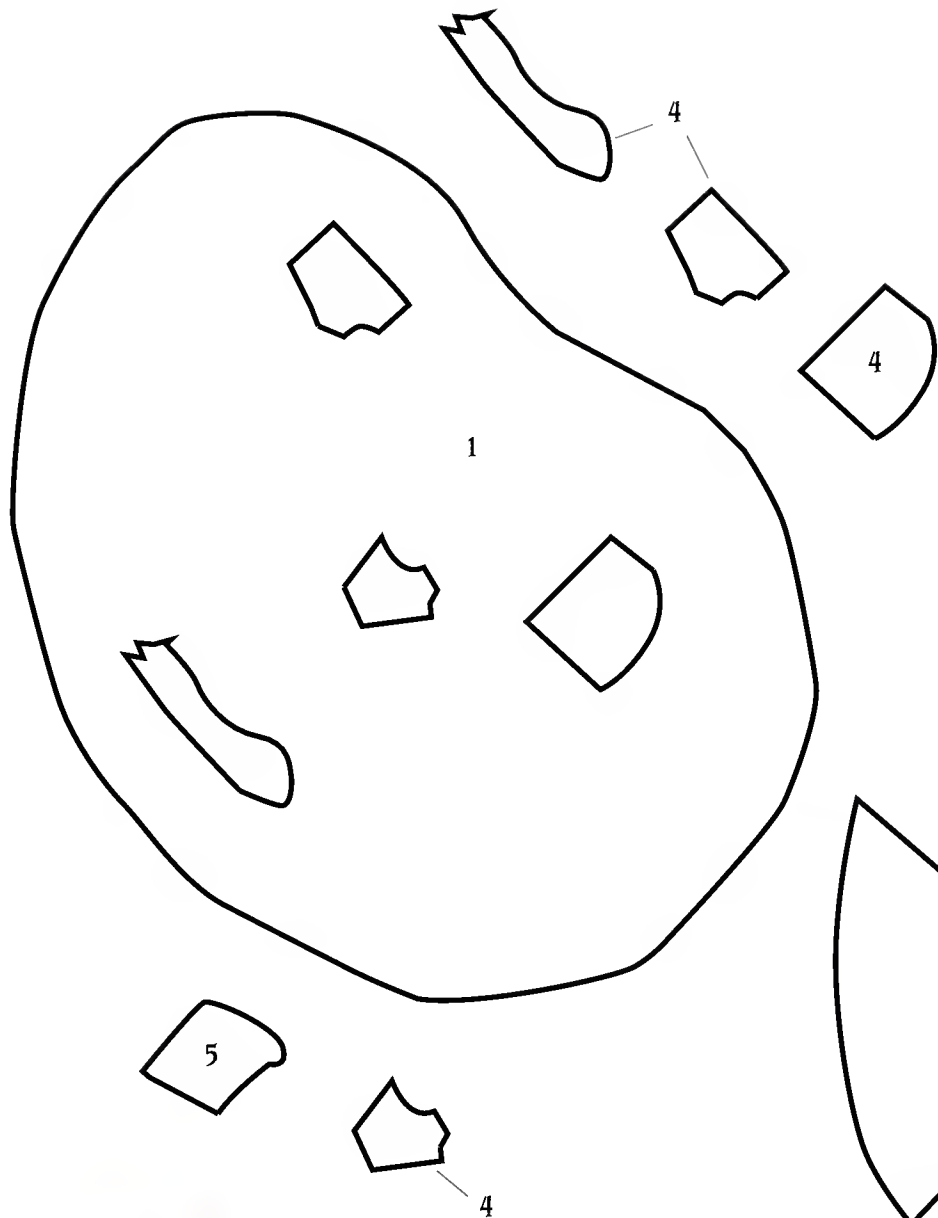

THE AMAZING SIXES SOLAR-POWERED PUMPKIN PEOPLE : **CREATE YOUR VERY OWN PUMPKIN FACE**

TAKE THE CIRCUBIT CHALLENGE:

You can create your own pumpkin face using the media of your choice (construction paper, paint, marker or crayon) and be a part of our pumpkin people project. The only criteria is to use the seven color selections used in the original pumpkins:

Use the colors in any combination and be as creative as possible with shape form and line. You can work at any size you like, but all final art will be reduced to fit on an 8.5 x 11 sheet of paper and individual pieces may be simplified if they are too complex for small hands to cut with scissors. Send your finished creations to us for inclusion in future editions of our book and web site. Don't forget to name your pumpkin face and tell us who you are and how old you are (feel free to use the form on the right to do this). Once your pumpkin is complete, take a photo or scan in your face and send the file to us at:

solar.powered.pumpkin.people@sixes.net

Or, snail mail us a copy of the original art to*:

Point B Studio
P.O. Box 300
Sixes, Oregon 97476
